INTRODUCTION

The Division of Capital Asset Management & Maintenance (DCAMM) is pleased to publish the Commonwealth of Massachusetts Real Property Report for 2024. The Report includes Commonwealth property, both owned and leased, and improvements at each facility, catalogued in a series of five tables.

This report has been prepared in accordance with the requirements of M.G.L Chapter 7C, Section 39. The information contained herein was compiled using the Commonwealth Asset Management Information System ("CAMIS"), an enterprise-wide platform overseen by the DCAMM Office of Finance and Administration to track the Commonwealth's land and building portfolio. The information is continuously updated, and the reports include information current as of January 26, 2024.

REPORT ORGANIZATION

This report contains five tables providing different ways of organizing and displaying information about property owned and leased by the Commonwealth. Tables 1-4 include Commonwealth-owned land and buildings. For higher education campuses, Tables 1-4 also include land and buildings owned by Massachusetts State College Building Authority (MSCBA), UMass Building Authority (UMBA), Higher Ed Assistance Corporation (HEAC) and Foundations. DCAMM worked with these higher education entities to collect the land and building information. Each respective entity, however, should be contacted directly for a definitive inventory. Assets owned by authorities such as MWRA, MBTA, and Massport are not included in this report except in rare cases when assets are used or occupied by the Commonwealth. These authorities should also be contacted directly for information about their holdings.

TABLE 1: SUMMARY OF COMMONWEALTH-OWNED REAL PROPERTY BY EXECUTIVE OFFICE
This table groups properties by Executive Office and State Agency. The table lists the total land area in acres, the total number of buildings and improvements, and the gross square footage of all buildings and improvements for each State Agency and Executive Office.

TABLE 2: SUMMARY OF COMMONWEALTH-OWNED REAL PROPERTY BY COUNTY
This table groups properties by County and Executive Office. The table lists the total land area in acres, the total number of buildings and improvements, and the gross square footage of buildings and improvements for each Executive Office within each County.

TABLE 3: COMMONWEALTH-OWNED REAL PROPERTY BY EXECUTIVE OFFICE AND AGENCY
This table groups properties by Executive Office, State Agency, and Facility. The facility or site name under each Agency is alphabetical by municipality and provides the total land area in acres, the number of buildings and improvements, and gross square footage for each facility.

TABLE 4: BUILDINGS, IMPROVEMENTS AND LAND AT STATE FACILITIES BY MUNICIPALITY
This table provides a detailed list of buildings and improvements at each Commonwealth location. This table is organized by City or Town, showing alphabetically each State Agency managing a facility or overseeing a site in that Municipality. The total acreage for each site is listed, the name of each building/improvement at that site is listed, and the total number of similar structures (for instance 3 sheds) is listed, as well as the gross square footage of each structure. Totals for Commonwealth property in each Municipality are shown.

.

TABLE 5: COMMONWEALTH ACTIVE LEASE AGREEMENTS BY SECRETARIAT AND MUNICIPALITY
This table lists sites occupied by a State Agency, but not owned by the Commonwealth. Table 5 provides the start and end date of the lease agreement, location of the space, and building usable square footage occupied. For more detailed information about a specific lease agreement, please contact the DCAMM's Office of Leasing.

KEY FEATURES OF THE REAL PROPERTY REPORT

SEPARATE REPORTING FOR BUILDING VS. IMPROVEMENT DATA
Tables 1 – 4 provide detail on the types of assets being reported. Data for vertical and horizontal *improvements* are reported separately from our major and minor *buildings* for greater transparency.

DATA ON AUTHORITY-OWNED AND COUNTY-OWNED BUILDINGS
Buildings owned by the UMass Building Authority (UMBA), the Mass State College Building Authority (MSCBA), the Higher Ed Assistance Corporation (HEAC) and Foundations are an important part of our public higher education system. The Real Property Report includes these assets in Tables 1- 4. Most of these buildings are located on Commonwealth-owned land and are reported with their respective campuses. In rare cases when MSCBA, UMBA, HEAC or a Foundation owns the land, they are listed separately as an independent authority. In Table 4, our most detailed listing of land and buildings, MSCBA, UMBA, HEAC and Foundation-owned buildings are listed with their campus and *italicized* for easy identification. Assets owned by other authorities are included in this report only if the Commonwealth uses or occupies those facilities.

Appendix I provides a summary of Commonwealth-owned assets *excluding* MSCBA, UMBA, HEAC, Foundation and other entity-owned buildings.

Appendix II lists county-owned land and buildings that are occupied by various Sheriffs and Trial Court Departments. These buildings and associated land are <u>not</u> included in any other tables in the report.

REPORTING ON CONSERVATION RESTRICTIONS, AGRICULTURAL RESTRICTIONS, AND EASEMENTS
Property with Conservation Restrictions and Agricultural Preservation Restrictions plus certain easements are contained in Appendix III. This reflects the fact that legal ownership of these lands remains with a municipal or private party. The Commonwealth only owns Restrictions on certain "development rights" tied to the property, not the property itself.

ONGOING DATA QUALITY IMPROVEMENTS
The annual Real Property Report presents a snapshot of a dynamic land and building portfolio. DCAMM has continued with systematic quality review and technology enhancements for CAMIS reporting.

.

HOW TO FIND A COMMONWEALTH-OWNED PROPERTY

If you know which State Agency manages or occupies a facility

See Appendix V, Glossary of Terms, for a helpful explanation of the acronyms for agencies as well as other terms used in this report. Look in Table 1 to find the Executive Office and Agency of a property. In Table 3 the same Executive Office and Agency will be listed by Municipality with all the properties under that Agency. Finally, in Table 4 look up the Municipality and buildings/improvements will be listed under all facilities under each Agency.

For example, to find the Bay State Correctional Center knowing it is managed by DOC, you would find DOC in the Glossary of Terms spelled out as the Department of Correction. Looking up DOC in Table 1 you see DOC listed under the Executive Office of Public Safety. Looking through the section on the Executive Office of Public Safety in Table 3 indicates that the Bay State Correctional Center is located in Norfolk, and that its 17 buildings are located on 25 acres of land. A list of the improvement and building names for this facility is available in Table 4 under the municipality of Norfolk.

If you know the City or Town where the facility is located, but not the managing Agency

See Table 4, Buildings, Improvements and Land at State Facilities by Municipality. Table 4 will also show other facilities in the Municipality that are managed by other State Agencies.

To find out what facilities (sites) are managed by the same Agency statewide

See Table 3, where facility detailed information on Agencies is located. For example, under Environmental Affairs you will see that DCR (the Department of Conservation and Recreation) is the managing Agency of the Henry Graf Skating Rink in Newburyport. In this table you will see all other properties managed by DCR. To find more details about the Henry Graf Skating Rink go to Newburyport in Table 4. Here you will see the Skating Rink is 29,614 gross square feet. The rink together with the other improvements occupies a site of 6.9 acres.

To determine the geographic distribution of Commonwealth-owned property

See Table 2, Summary of Commonwealth-Owned Real Property by County.

If you want to compare how the properties are allocated between Executive Offices

See Table 1, Summary of Commonwealth-Owned Real Property by Executive Office.

.

USING THE APPENDICES

Appendix IV describes the **Data Sources** used to prepare this report.

See the **Glossary of Terms** in **Appendix V** for an explanation of all State Agency Codes as well as any other abbreviations used in this report. This Appendix also defines technical terms used both in collecting data and in generating the report.

Appendix VI: Municipality Associated Counties Index Key will help you find which county a municipality is located in.

For comments or questions about this report or any Commonwealth-owned property, please contact the Division of Capital Asset Management & Maintenance, Office of Finance and Administration, One Ashburton Place, Boston, MA 02108.

Note: This chart does not include counts or area of agreements whose addresses are not a public record. This chart does not include the area attributable to parking spaces and boat docks that are the subject of an active agreement (although the agreements are counted). The chart counts each user agency signatory to an agreement and each address associated with an agreement, with the result the agreement count exceeds the number of executed agreements. The chart includes third-party licenses as well as leases.

Data Sources

Appendix IV: DATA SOURCES

In the late 1980's, the Massachusetts Asset Management System (MAssets) staff collected data from all 351 municipalities across the Commonwealth and from state agencies reporting their land and building holdings. In 1999 pursuant to legislative authorization, DCAMM initiated the Capital Asset Management Information System (CAMIS). Through this program DCAMM conducted a comprehensive condition assessment of the state's capital assets and procured software to manage the collected data. In 2015 the MAssets data was merged into the CAMIS database.

Now, through its office of Finance and Administration, DCAMM has implemented the CAMIS program to both assist facilities in their daily maintenance activities and to provide data for DCAMM staff to optimize statewide capital maintenance and repair planning, and to track state land and building assets. CAMIS staff consult with facilities' staff throughout the state to update information about their buildings and improvements. DCAMM also consults with assessors of cities and towns statewide to verify information about parcels in their municipalities, and with various state agencies to confirm their land holdings and update any change in status.

DCAMM's Office of Real Estate Management (OREM) manages the purchase and sale of real property for the majority of Commonwealth agencies. OREM works with the CAMIS team and DCAMM's Office of the General Counsel to ensure that each acquisition and disposition of land and buildings is logged into the Commonwealth portfolio of real property. They also report on telecom leases on state property, easements, land swaps, and care & control agreements between agencies.

The Office of Leasing maintains information on properties leased on behalf of Commonwealth agencies. The information contained in the Leasing database is constantly changing, based on the commencement and expiration, as well as the terms, of each agreement. The Leasing Office diligently seeks the most appropriate and inexpensive rental space available to suit each agency's needs and records information on each agreement in their database as each transaction is completed.

The information in the Real Property database is dynamic. This RPR publication is therefore a comprehensive annual snapshot of the existing portfolio. Due to the tremendous volume of land and building data gathered over decades, DCAMM and its agency partners are constantly reviewing CAMIS data to ensure accuracy and making changes to the data when warranted.

Reporting on the Commonwealth's Real Property is in accordance with the requirements of M.G.L. Chapter 7C, Section 39.
