[SIMILAR MATTER FILED IN PREVIOUS SESSION
SEE HOUSE, NO. 528 OF 2009-2010.]

The Commonwealth of Massachusetts

In the Year Two Thousand Eleven

An Act relative to asthma screening.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Section 57 of Chapter 71 of the General Laws is hereby amended by
2 striking out the first paragraph in its entirety and inserting in place thereof the following:

3 The committee, or the board of health in those municipalities where school health
4 services are the responsibility of the board of health, shall cause every child in the public
5 schools, and at the individual request of a parent or guardian of a pupil in a private school which
6 has been approved under section one of chapter seventy-six, and which does not discriminate in
7 its entrance requirements on the basis of race or color cause such pupil to be separately and
8 carefully examined in such manner and at such intervals, including original entry, as may be
9 determined by the department of public health after consultation with the department of
10 education and the medical profession, to ascertain defects in sight or hearing, postural and other

11 physical defects tending to prevent his receiving the full benefit of his school work, or requiring
12 a modification of the same in order to prevent injury to the child or to secure the best education
13 results, including an asthma screening, and to ascertain defects of the feet which might
14 unfavorably influence the child's health or physical efficiency, or both, during childhood,
15 adolescence and adult years, and shall require a physical record of each child to be kept in such
16 forms as prescribed by the provisions of section one hundred and eighty-five A of chapter one
17 hundred and eleven. Tests ascertaining postural defects shall be administered at least once
18 annually in grades five through nine. Tests of sight and hearing and postural defects shall be
19 performed by teachers, physicians, optometrists, nurses or other personnel who are approved by
20 the department of public health for the purpose, and the examination of feet shall be made by the
21 school physicians or by podiatrists, in accordance with regulations set up by the department.
22 Upon entering kindergarten or within 30 days of the start of the school year, the parent or
23 guardian of each child shall present to school health personnel certification that the child within
24 the previous 12 months has passed a vision screening conducted by personnel approved by the
25 department of public health and trained in vision screening techniques to be developed by the
26 department of public health in consultation with the department of education. For children who
27 fail to pass the vision screening and for children diagnosed with neurodevelopmental delay,
28 proof of a comprehensive eye examination performed by a licensed optometrist or
29 ophthalmologist chosen by the child's parent or guardian indicating any pertinent diagnosis,
30 treatment, prognosis, recommendation and evidence of follow-up treatment, if necessary, shall
31 be provided. Any child shall be exempt on religious grounds from these examinations upon
32 written request of parent or guardian on condition that the laws and regulations relating to
33 communicable diseases shall not be violated.
