Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Chapter 305 of the Acts of 2008 is hereby amended by deleting section 7
2 and replacing it with the following new language:

3 “Expenditure minimum with respect to substantial capital expenditures”, with respect to
4 expenditures and acquisitions made by or for: (1) acute care hospitals and comprehensive cancer
5 centers as defined in section 1 of chapter 118G, only, \$7,500,000, except that expenditures for,
6 or the acquisition of, major movable equipment not otherwise defined by the department as new
7 technology or innovative services shall not require a determination of need and shall not be
8 included in the calculation of the expenditure minimum; and (2) health care facilities, other than
9 acute care hospitals, and facilities subject to licensing under chapter 111B, with respect to: (a)
10 expenditures for, or the acquisition of, medical, diagnostic or therapeutic equipment, \$400,000;
11 and (b) all other expenditures and acquisitions, \$800,000; provided, however, that expenditures

12 for, or the acquisition of, any replacement of medical, diagnostic or therapeutic equipment
13 defined as new technology or innovative services for which a determination of need has issued or
14 which was exempt from determination of need, shall not require a determination of need and
15 shall not be included in the calculation of the expenditure minimum; provided further, that
16 expenditures and acquisitions concerned solely with outpatient services other than ambulatory
17 surgery, not otherwise defined as new technology or innovative services by the department, shall
18 not require a determination of need and shall not be included in the calculation of the expenditure
19 minimum, unless the expenditures and acquisitions are at least \$7,500,000, in which case a
20 determination of need shall be required. Notwithstanding the above limitations, acute care
21 hospitals only may elect at their option to apply for determination of need for expenditures and
22 acquisitions less than the expenditure minimum.

23 Chapter 305 of the Acts of 2008 is hereby further amended in section 11 by deleting the
24 last paragraph and replacing it with the following new language:

25 Section 53G. Any entity that is certified or seeking certification as an ambulatory
26 surgical center by the Centers for Medicare and Medicaid Services for participation in the
27 Medicare program shall be a clinic for the purpose of licensure under section 51, and shall be
28 deemed to be in compliance with the conditions for licensure as a clinic under said section 51 if
29 it is accredited to provide ambulatory surgery services by the Accreditation Association for
30 Ambulatory Health Care, Inc., the Joint Commission on Accreditation of Healthcare
31 Organizations, the American Association for Accreditation of Ambulatory Surgery Facilities or
32 any other national accrediting body that the department determines provides reasonable
33 assurances that such conditions are met. No original license shall be issued pursuant to said
34 section 51 to establish any such ambulatory surgical clinic unless there is a determination by the

36 include a clinic conducted by a hospital licensed under said section 51 or by the federal
37 government or the commonwealth. The department shall promulgate regulations to implement
38 this section.

39 SECTION 2. Section 25C of chapter 111 of the General Laws, as appearing in the 2006

45 services, and technologies and develop a plan for the provision of new services, beds,
46 technologies, and structural expansions throughout the commonwealth, and develop a plan for
47 the continued role of community hospitals and health centers within the commonwealth. The
48 Department shall utilize this plan in its evaluation of all applications for a determination of need,
49 as required by this section, in order to determine whether the proposed expansion construction,
50 or acquisition of health care facilities or services is needed in the Commonwealth, or whether the
51 proposed expansion construction, or acquisition of health care facilities or services will
52 unnecessary duplicate ongoing services and increase health care costs in the Commonwealth.”

53 Section 25C of chapter 111 of the General Laws is further amended by inserting at the
54 end of the section the following new paragraph:

55 “Any hospital seeking to expand its emergency department shall file a determination of
56 need with the department. In addition to the information required pursuant to this section, the

57 department shall require hospitals seeking emergency department expansions to demonstrate that
58 prior to filing a determination of need application; the hospital has implemented measures to

64 determination of need to acquire new technology shall, in addition to the information required by
65 this section, file with the department documentation of programs implemented by the health care
66 facility designed to ensure utilization of all new technology in a manner that is consistent with
67 state and national guidelines. The department shall annually publish a list of state and national
68 guidelines governing the utilization of new technology. The department shall promulgate
69 regulations necessary to enforce this section.”

71 sentence of the 7th paragraph and replacing it with the following new language:
