## The Commonwealth of Massachusetts

—————  
In the Year Two Thousand Twelve  
—————

An Act making appropriations for the fiscal year 2013 for the maintenance of the departments, boards, commissions, institutions and certain activities of the Commonwealth, for interest, sinking fund and serial bond requirements and for certain permanent improvements.

*Whereas*, The deferred operation of this act would tend to defeat its purpose, which is immediately to make appropriations for the fiscal year beginning July 1, 2012, and to make certain changes in law, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

SECTION 1. To provide for the operations of the several departments, boards, commissions and institutions of the commonwealth and other services of the commonwealth, and for certain permanent improvements and to meet certain requirements of law, the sums set forth in sections 2, 2B, 2D, 2E and 3, for the several purposes and subject to the conditions specified in sections 2, 2B, 2D, 2E and 3, are hereby appropriated from the General Fund unless specifically designated otherwise, subject to the provisions of law regulating the disbursement of

public funds and the approval thereof for the fiscal year ending June 30, 2013. All sums appropriated under this act, including supplemental and deficiency budgets, shall be expended in a manner reflecting and encouraging a policy of nondiscrimination and equal opportunity for members of minority groups, women and handicapped persons. All officials and employees of an agency, board, department, commission or division receiving monies under this act shall take affirmative steps to ensure equality of opportunity in the internal affairs of state government, as well as in their relations with the public, including those persons and organizations doing business with the commonwealth. Each agency, board, department, commission or division of the commonwealth, in spending appropriated sums and discharging its statutory responsibilities, shall adopt measures to ensure equal opportunity in the areas of hiring, promotion, demotion or transfer, recruitment, layoff or termination, rates of compensation, in-service or apprenticeship training programs and all terms and conditions of employment.

SECTION 1A. In accordance with Articles LXIII and CVII of the Articles of Amendment to the Constitution of the Commonwealth and section 6D of chapter 29 of the General Laws, it is hereby declared that the amounts of revenue set forth in this section by source for the respective funds of the commonwealth for the fiscal year ending June 30, 2013 are necessary and sufficient to provide the means to defray the appropriations and expenditures from such funds for said fiscal year as set forth and authorized in sections 2, 2B and 2E. The comptroller shall keep a distinct account of actual receipts from each such source by each such fund to furnish the executive office for administration and finance and the house and senate committees on ways and means with quarterly statements comparing such receipts with the projected receipts set forth herein and to include a full statement comparing such actual and projected receipts in the annual report for said fiscal year pursuant to section 12 of chapter 7A of the General Laws. The quarterly and annual reports shall also include detailed statements of any other sources of revenue for the budgeted funds in addition to those specified in this section.

Laws ..... \$1,500,000

**SECTION 3.** Notwithstanding any general or special law to the contrary, for the fiscal year ending June 30, 2013 the distribution to cities and towns of the balance of the State Lottery Fund, as paid from the General Fund in accordance with clause (c) of the second paragraph of section 35 of chapter 10 of the General Laws, and additional funds from the General Fund shall be \$898,980,293 and shall be apportioned to the cities and towns in accordance with this section.

Notwithstanding section 2 of chapter 70 of the General Laws or any other general or special law to the contrary, except for section 12B of chapter 76 and section 89 of chapter 71 of the General Laws, for fiscal year 2013 the total amounts to be distributed and paid to each city and town from item 7061-0008 of section 2 shall be as set forth in the following lists. The specified amounts to be distributed from said item 7061-0008 of said section 2 shall be in full satisfaction of the amounts due under chapter 70 of the General Laws.

For fiscal year 2013, the foundation budget categories for each district shall be calculated in the same manner as in fiscal year 2012. The target local share shall be calculated using the same methodology used in fiscal year 2012. Preliminary local contribution shall be the municipality's fiscal year 2012 minimum required local contribution, increased or decreased by the municipal revenue growth factor; provided, that if a municipality's preliminary contribution as a percentage of its foundation budget is more than 5 percentage points lower than the target local share, the preliminary contribution shall be recalculated using the municipality's revenue growth factor plus 1 percentage point; and if a municipality's preliminary contribution as a percentage of its foundation budget is more than 10 percentage points lower than the target local share, the preliminary contribution shall be recalculated using the municipality's revenue growth factor plus 2 percentage points. Minimum required local contribution for fiscal year 2013 shall be, for any municipality with a fiscal year 2013 preliminary contribution greater than its fiscal year 2013 target contribution, the preliminary local contribution reduced by 15 per cent of the gap between the preliminary local contribution and the target local contribution. Required local contribution shall be allocated among the districts to which a municipality belongs in direct proportion to the foundation budgets for the municipality's pupils at each of those districts. For fiscal year 2013, "prior year aid" shall be fiscal year 2012 state-appropriated chapter 70 aid. For fiscal year 2013, the "foundation aid increment" shall be the difference between: (1) the positive difference between a district's foundation budget and its required district contribution; and (2) prior year aid. For fiscal year 2013, chapter 70 aid shall be: (a) for any district that: (i) has a target aid percentage greater than the sum of a district's prior year aid and foundation aid increment as a percentage of foundation budget; and (ii) has a combined effort yield as a percentage of foundation budget of not more than 107.5 per cent; the sum of prior year aid and 25 per cent of the difference between the district's target aid amount and the sum of prior year aid and the district's foundation aid increment; (b) for any district with a positive foundation aid increment not included in (a), the sum of the district's prior year aid plus the district's foundation aid increment; and (c) for all other districts: the sum of foundation enrollment multiplied by 40 plus prior year aid. Combined effort yield as a percentage of foundation for districts shall be

determined by dividing the district's combined effort yield by the district's total foundation budget. Combined effort yield as a percentage of foundation for regional school districts shall be determined by allocating a member municipality's combined effort yield among the districts to which said municipality belongs in direct proportion to the foundation budgets for the municipality's pupils at each of those districts. No non-operating district shall receive chapter 70 aid in an amount greater than the district's foundation budget. If there is a conflict between the language of this section and the distribution listed below, the distribution below shall control.

The department of elementary and secondary education shall not consider health care costs for retired teachers to be part of net school spending for any district in which such costs were not considered part of net school spending in fiscal year 1994. No payments to cities, towns or counties maintaining an agricultural school pursuant to this section shall be made after November 30 of the fiscal year until the commissioner of revenue certifies acceptance of the prior fiscal year's annual financial reports submitted pursuant to section 43 of chapter 44 of the General Laws. Advance payments shall be made for some or all of periodic local reimbursement or assistance programs to any city, town, regional school district or independent agricultural and technical school that demonstrates an emergency cash shortfall, as certified by the commissioner of revenue and approved by the secretary of the executive office for administration and finance, pursuant to guidelines established by the secretary.

859 however, that funds expended pursuant to this chapter shall not be used for maintenance. With  
860 respect to community housing, the community preservation committee shall recommend,  
861 whenever possible, the reuse of existing buildings or construction of new buildings on previously  
862 developed sites. With respect to recreational use, the acquisition of artificial turf for athletic

870 preservation committee. In the case of a city, the ordinance shall provide for the mechanisms  
871 under which the legislative body may approve or veto appropriations made pursuant to this  
872 chapter, in accordance with the city charter.

873 SECTION 79. Said chapter 44B is hereby further amended by striking out section 6, as so

875 Section 6. In each fiscal year and upon the recommendation of the community preservation

878 per cent of the annual revenues for historic resources and not less than 10 per cent of the annual  
879 revenues for community housing. In each fiscal year, the legislative body shall make  
880 appropriations from the Community Preservation Fund as it deems necessary for the  
881 administrative and operating expenses of the community preservation committee and such

882 appropriations shall not exceed 5 per cent of the annual revenues in the Community Preservation  
883 Fund. The legislative body may also make appropriations from the Community Preservation  
884 Fund as it deems necessary for costs associated with tax billing software and outside vendors  
885 necessary to integrate such software for the first year that a city or town implements the this  
886 chapter; provided, however, that the total of any administrative and operating expenses of the  
887 community preservation committee and the first year implementation expenses shall not exceed  
888 5 per cent of the annual revenues in the Community Preservation Fund.

889 Funds that are set aside shall be held in the Community Preservation Fund and spent in that year  
890 or later years; provided, however, that funds set aside for a specific purpose shall be spent only  
891 for the specific purpose. Any funds set aside may be expended in any city or town. The  
892 community preservation funds shall not replace existing operating funds, only augment them.

893 SECTION 80. The second paragraph of section 7 of said chapter 44B, as so appearing, is hereby  
894 amended by striking out the first sentence and inserting in place thereof the following sentence:-  
895 The following monies shall be deposited in the fund: (i) all funds collected from the real property  
896 surcharge or bond proceeds in anticipation of revenue pursuant to sections 4 and 11; (ii)  
897 additional funds appropriated or dedicated from allowable municipal sources pursuant to  
898 subsection (b½) of section 3, if applicable; (iii) all funds received from the commonwealth or  
899 any other source for such purposes; and (iv) proceeds from the disposal of real property acquired  
900 with funds from the Community Preservation Fund.

901 SECTION 81. Said chapter 44B is hereby further amended by striking out section 10, as so  
902 appearing, and inserting in place thereof the following section:-

903 Section 10. (a) The commissioner of revenue shall annually on or before November 15 disburse  
904 monies from the fund established in section 9 to a city or town that has accepted sections 3 to 7,  
905 inclusive, and notified the commissioner of its acceptance. The community shall notify the  
906 commissioner of the date and terms on which the voters accepted said sections 3 to 7, inclusive.  
907 The municipal tax collecting authority shall certify to the commissioner the amount the city or  
908 town has raised through June 30 by imposing a surcharge on its real property levy and shall  
909 certify the percentage of the surcharge applied. In the event a city or town accepts said sections 3  
910 to 7, inclusive, pursuant to subsection (b½) of section 3 the municipal tax collecting authority  
911 shall certify to the commissioner by October 30, the maximum additional funds the city or town  
912 intends to transfer to the Community Preservation Fund from allowable municipal sources for  
913 the following fiscal year. Once certified, the city or town may choose to transfer less than the  
914 certified amount during the following fiscal year.

915 (b) The commissioner shall multiply the amount remaining in the fund after any disbursements  
916 for operating and administrative expenses pursuant to subsection (c) of section 9 by 80 per cent.  
917 This amount distributed in the first round distribution shall be known as the match distribution.

918 The first round total shall be distributed to each city or town accepting said sections 3 to 7,  
919 inclusive, in an amount not less than 5 per cent but not greater than 100 per cent of the total  
920 amount raised by the additional surcharge on real property by each city or town and, if  
921 applicable, the additional funds committed from allowable municipal sources pursuant to  
922 subsection (b $\frac{1}{2}$ ) of section 3. The percentage shall be the same for each city and town and shall  
923 be determined by the commissioner annually in a manner that distributes the maximum amount  
924 available to each participating city or town.

925 (c) The commissioner shall further divide the remaining 20 per cent of the fund in a second  
926 round distribution, known as the equity distribution. The commissioner shall determine the  
927 equity distribution in several steps. The first step shall be to divide the remaining 20 per cent of  
928 the fund by the number of cities and towns that have accepted said sections 3 to 7, inclusive. This  
929 dividend shall be known as the base figure for equity distribution. This base figure shall be  
930 determined solely for purposes of performing the calculation for equity distribution and shall not  
931 be added to the amount received by a participant.

932 (d) Each city and town in the commonwealth shall be assigned a community preservation rank  
933 for purposes of the equity distribution. The commissioner shall determine each community's rank  
934 by first determining the city or town's equalized property valuation per capita ranking, ranking  
935 cities and towns from highest to lowest valuation. The commissioner shall also determine the  
936 population of each city or town and rank each from largest to smallest in population. The  
937 commissioner shall add each equalized property valuation rank and population rank, and divide  
938 the sum by 2. The dividend shall be the community preservation raw score for that city or town.

939 (e) The commissioner shall then order each city or town by community preservation raw score,  
940 from the lowest raw score to the highest raw score. This order shall be the community  
941 preservation rank for each city or town. If more than 1 city or town has the same community  
942 preservation raw score, the city or town with the higher equalized valuation rank shall receive the  
943 higher community preservation rank.

944 (f) After determining the community preservation rank for each city and town, the commissioner  
945 shall divide all cities or towns into deciles according to their community preservation ranking,  
946 with approximately the same number of cities and towns in each decile, and the cities or towns  
947 with the highest community preservation rank shall be placed in the lowest decile category,  
948 starting with decile 10. Percentages shall be assigned to each decile as follows:

949           decile 1           140 per cent of the base figure

950           decile 2           130 per cent of the base figure

951           decile 3           120 per cent of the base figure

952	decile 4	110 per cent of the base figure
953	decile 5	100 per cent of the base figure
954	decile 6	90 per cent of the base figure
955	decile 7	80 per cent of the base figure
956	decile 8	70 per cent of the base figure
957	decile 9	60 per cent of the base figure
958	decile 10	50 per cent of the base figure

959           After assigning each city and town to a decile according to their community preservation  
960 rank, the commissioner shall multiply the percentage assigned to that decile by the base figure to  
961 determine the second round equity distribution for each participant.

962 (g) Notwithstanding any other provision of this section, the total state contribution for each city  
963 and town shall not exceed the actual amount raised by the city or town's surcharge on its real  
964 property levy and, if applicable, additional funds committed from allowable municipal sources  
965 pursuant to subsection (b1/2) of section 3.

966 (h) When there are monies remaining in the Massachusetts Community Preservation Trust Fund  
967 after the first and second round distributions and any necessary administrative expenses have  
968 been paid in accordance with section 9, the commissioner may conduct a third round surplus  
969 distribution. Any remaining surplus in the fund may be distributed by dividing the amount of the  
970 surplus by the number of cities and towns that have accepted sections 3 to 7, inclusive. The  
971 resulting dividend shall be the surplus base figure. The commissioner shall then use the decile  
972 categories and percentages as defined in this section to determine a surplus equity distribution for  
973 each participant.

974 (i) The commissioner shall determine each participant's total state grant by adding the amount  
975 received in the first round distribution with the amounts received in any later round of  
976 distributions, with the exception of a city or town that has already received a grant equal to 100  
977 per cent of the amount the community raised by its surcharge on its real property levy.

978           (1) Only those cities and towns that adopt the maximum surcharge pursuant to subsection  
979 (b) of section 3 and those cities and towns that adopt the maximum surcharge and additional  
980 funds committed from allowable municipal sources such that the total funds are the equivalent of  
981 3 per cent of the real estate tax levy against real property pursuant to subsection (b1/2) of said

982 section 3 shall be eligible to receive additional state monies through the equity and surplus  
983 distributions.

984 (2) If less than 10 per cent of the cities and towns have accepted sections 3 to 7, inclusive,  
985 and imposed and collected a surcharge on their real property levy, the commissioner may  
986 calculate the state grant with only 1 round of distributions or in any other equitable manner.

987 (j) After distributing the Massachusetts Community Preservation Trust Fund in accordance with  
988 this section, the commissioner shall keep any remaining funds in the trust for distribution in the  
989 following year.

990 SECTION 82. Section 12 of said chapter 44B, as so appearing, is hereby amended by striking  
991 out subsection (a) and inserting in place thereof the following subsection:-

992 (a) A real property interest that is acquired with monies from the Community Preservation Fund  
993 shall be bound by a permanent restriction, recorded as a separate instrument, that meets the  
994 requirements of sections 31 to 33, inclusive, of chapter 184 limiting the use of the interest to the  
995 purpose for which it was acquired. The permanent restriction shall run with the land and shall be  
996 enforceable by the city or town or the commonwealth. The permanent restriction may also run to  
997 the benefit of a nonprofit organization, charitable corporation or foundation selected by the city  
998 or town with the right to enforce the restriction. The legislative body may appropriate monies  
999 from the Community Preservation Fund to pay a nonprofit organization created pursuant to  
1000 chapter 180 to hold, monitor and enforce the deed restriction on the property.

1007 betterment or assessment committed by the assessors under a voluntary electronic billing  
1008 program established for such tax, excise, betterment or assessment in the manner set forth in  
1009 subsection (a). The electronic bill or notice issued under the program shall meet the standards  
1010 required by law for such tax, excise, betterment or assessment bills or notices.

1012 appearing, is hereby amended by striking out the seventh sentence.

1017 combination of the foregoing, qualifying for deduction as a charitable contribution under section  
1018 170 (a) of the Code to any corporation, foundation, organization or institution, which is exempt

1770 local contribution and net school spending.

1771 (c) If an appeal is determined to be valid, the department of revenue may reduce  
1772 proportionately the minimum required local contribution amount based on the amount of  
1773 shortfall in revenue or based on the amount of increase in extraordinary expenditures in the  
1774 current fiscal year, but no adjustment to the minimum required local contribution on account of  
1775 an extraordinary expense in the budget for the fiscal year ending June 30, 2013, shall affect the  
1776 calculation of the minimum required local contribution in subsequent fiscal years. Qualifying  
1777 revenue amounts shall include, but not be limited to, extraordinary amounts of free cash, overlay  
1778 surplus and other available funds.

1779 (d) If upon submission of adequate documentation, the department of revenue determines  
1780 that a municipality's appeal regarding an excessive municipal revenue growth factor is valid, the  
1781 department shall recalculate the municipal revenue growth factor and the department of  
1782 elementary and secondary education shall use the revised growth factor to calculate the  
1783 preliminary local contribution, the minimum required local contribution and any other factor that  
1784 directly or indirectly uses the municipal revenue growth factor. Any relief granted as a result of  
1785 an excessive municipal revenue growth factor shall constitute a permanent reduction in the  
1786 minimum required local contribution.

1787 (e) The board of selectmen in a town, the city council in a city with a plan E form of  
1788 government, the mayor in any other city or a majority of the member municipalities of a regional  
1789 school district which used qualifying revenue amounts in a fiscal year that are not available for  
1790 use in the next fiscal year may appeal to the department of revenue not later than October 1,  
1791 2012, for an adjustment to its net school spending requirement. If an appeal is determined to be  
1792 valid, the department of revenue shall reduce the net school spending requirement based on the  
1793 amount of the shortfall in revenue and reduce the minimum required local contribution of  
1794 member municipalities accordingly. Qualifying revenue amounts shall include, but not be limited  
1795 to, extraordinary amounts of excess and deficiency, surplus and uncommitted reserves.

1796 (f) If the regional school budget has already been adopted by two-thirds of the member  
1797 municipalities then, upon a majority vote of the member municipalities, the regional school  
1798 committee shall adjust the assessments of the member municipalities in accordance with the  
1799 reduction in minimum required local contributions approved by the department of revenue or the  
1800 department of elementary and secondary education in accordance with this section.

1801 (g) Notwithstanding clause (14) of section 3 of chapter 214 of the General Laws or any  
1802 other general or special law to the contrary, the amounts determined pursuant to this section shall  
1803 be the minimum required local contribution described in chapter 70 of the General Laws. The  
1804 department of revenue and the department of elementary and secondary education shall notify

1805 the house and senate committees on ways and means and the joint committee on education of the  
1806 amount of any reduction in the minimum required local contribution amount.

1807 (h) If a city or town has an approved budget that exceeds the recalculated minimum  
1808 required local contribution and net school spending amounts for its local school system or its  
1809 recalculated minimum required local contribution to its regional school districts as provided in  
1810 this section, the local appropriating authority shall determine the extent to which the community  
1811 shall avail itself of any relief authorized by this section.

1812 (i) The amount of financial assistance due from the commonwealth in fiscal year 2013  
1813 pursuant to chapter 70 of the General Laws or any other law shall not be changed on account of  
1814 any redetermination of the minimum required local contribution pursuant to this section.

1815 (j) The department of revenue and the department of elementary and secondary education  
1816 shall issue guidelines to implement their respective duties pursuant to this section.

1817 SECTION 169. Notwithstanding section 22N of chapter 7 of the General Laws or any other  
1818 general or special law to the contrary, the bureau of purchased services within the operational  
1819 services division shall set prices in fiscal year 2013 for programs under chapter 71B of the  
1820 General Laws at the same level calculated for fiscal year 2012, except the prices for those  
1821 programs for extraordinary relief, as defined by the division's regulations; provided, however,  
1822 that upon the request of a program, the bureau shall determine the minimum price for out-of-state  
1823 purchasers by identifying the most recent price calculated for the program and applying the  
1824 estimated rate of inflation, established by October 1 of each year under said section 22N of said  
1825 chapter 7, in a compounded manner for each fiscal year following the most recent calculated  
1826 price. The bureau shall accept and process applications for program reconstruction for fiscal year  
1827 2013 to be considered for rate adjustment in fiscal year 2014. Programs for which prices in fiscal  
1828 year 2012 were lower than the full amount permitted by the operational services division may, in  
1829 fiscal year 2013, change the full prices calculated for fiscal year 2012.

1830 SECTION 170. There shall be established a community college workforce grant advisory  
1831 committee, hereinafter referred to as the committee, to provide recommendations to the board of  
1832 higher education for grant awards to community colleges from the Community College Fund,  
1833 established pursuant to section 99 of chapter 194 of the acts of 2011, to promote the development  
1834 of workforce training programs and partnerships with commonwealth businesses and industry,  
1835 other educational and training institutions, labor organizations, and other organizations  
1836 supporting workforce development in the commonwealth.

1837 The committee shall consist of the commissioner of higher education, or a designee, who  
1838 shall serve as chair; the secretary of the executive office of education, or a designee; the

1840 economic development, or a designee; the commissioner of elementary and secondary education,  
1841 or a designee; the president of the Massachusetts Association of Vocational Administrators, or a  
1842 designee; the president of the Commonwealth Corporation, or a designee; the chair of the  
1843 Massachusetts Workforce Investment Board Association, or a designee; the president of the

1847 Engineering and Math Advisory Council, or a designee; and 1 member appointed by the  
1848 Governor who represents organized labor. The members of the committee shall serve without  
1849 compensation, but each member shall be entitled to reimbursement for his actual and necessary  
1850 expenses incurred in the performance of his official duties.

1851           The committee shall establish criteria and guidelines for the award of grants to  
1852 community colleges. The criteria for the award of grants to community colleges shall focus on  
1853 workforce development programs and partnerships and shall include, but not be limited to:  
1854 collaboration, coordination and partnerships with commonwealth businesses and other  
1855 educational and training institutions, including vocational-technical schools, state universities  
1856 and career centers; a focus on existing and emerging business and industry sectors in the  
1857 commonwealth, as identified by the committee; alignment of degree and certificate programs  
1858 with regional workforce development demands; an ability or likelihood to foster high rates of  
1859 completion of certificate and degree programs by students served by the program; and a record  
1860 of, or explicit commitment to, successful job placement for program graduates. Partnerships with  
1861 vocational schools shall include, but not be limited to, agreements to utilize facilities at  
1862 vocational high schools and offer degrees and certificates that build upon current vocational  
1863 offerings

1864           The committee shall make recommendations to the board of higher education and the  
1865 board shall promulgate regulations to develop a formula for required matching grants to be made  
1866 by business and industry partners of applicants. Required matching grants shall range from 30  
1867 cents for each state dollar invested to \$3 for each state dollar invested. The lowest match  
1868 amounts shall be reserved for those programs with the highest concentration of credits and  
1869 credentials that articulate with other educational degrees or certifications at other educational and  
1870 training institutions. The committee shall establish a formula for the geographic distribution of  
1871 grant awards among the community colleges.

1872           The committee shall solicit grant applications from community colleges and review such  
1873 applications according to the criteria so established. The committee shall establish timely  
1874 deadlines for the submission of applications and recommendations of grant awards including  
1875 provision for an expedited process of consideration and recommendation in instances when the  
1876 secretary of housing and economic development and secretary of labor and workforce  
1877 development jointly certify the need for timely evaluation and disposition of the application. The

1878 board of higher education shall make the final determination as to the distribution of the grants.  
1879 No more than \$12,000,000 or ½ of the amount deposited in the Community College Fund,  
1880 established pursuant to said section 99 of said chapter 194, or whichever is less shall be awarded  
1881 in grants from the fund in any given fiscal year.

1882 Each grant recipient shall submit an annual report for the duration of the program or  
1883 partnership funded through a grant to the committee for its review.

1884 The committee shall submit an annual report to the clerks of the house of representatives  
1885 and the senate who shall forward the same to the senate and house committees on ways and  
1886 means, the joint committee on higher education, the joint committee on economic development  
1887 and emerging technologies, and the joint committee on labor and workforce development on or  
1888 before December 31. Said report shall include a list of grant recommendations and recipients,  
1889 including the amount of each grant. The report shall include a current assessment of the progress  
1890 of each program funded through the grant program and the progress of the committee's activity,  
1891 including any recommendations for legislation. The report shall be made available on a public  
1892 website.

1893 The board of higher education, in consultation with the committee, may promulgate rules  
1894 and regulations for the implementation and administration of this section.

1895 SECTION 171. The commissioner of higher education, in consultation with the presidents of the  
1896 community colleges and representatives of the Massachusetts Teachers Association, shall  
1897 develop a funding formula for the community colleges which incorporates the allocation of  
1898 appropriations to the individual community colleges based, in part, on performance. In  
1899 developing the system of allocations, the commissioner and community college presidents shall  
1900 consider: (1) accurate enrollment data for each college and the operational goals and needs for  
1901 each college; (2) institutional performance with respect to clearly defined goals and metrics; and  
1902 (3) the relationship of the allocation formula to state initiatives relative to innovation and  
1903 institutional action in support of workforce development, partnerships with commonwealth  
1904 businesses and industry, collaboration with state universities and vocational-technical schools,  
1905 and overall revenue available to each institution.

1906 The commissioner of higher education, in consultation with the presidents of the  
1907 community colleges, shall establish the goals and metrics for measuring community college  
1908 performance. The goals and metrics shall include, but not be limited to: the educational goals and  
1909 metrics included in the Vision Project, including those related to the improvement of graduation  
1910 and student success rates and the closing of the achievement gaps for low income and moderate  
1911 income students, adult students, and students requiring remediation upon entry; and alignment of  
1912 degree and certificate programs with existing and emerging business and industry sectors in the  
1913 commonwealth. In addition, a portion of performance funding may be utilized by the board of

1914 higher education to provide grants to community colleges based on, but not limited to, the  
1915 following: coordinated procurement of goods and services among the community colleges and  
1916 other public higher education institutions, including, but not limited to, consolidation of  
1917 information technology platforms and services; undertaking innovative methods for delivering  
1918 quality higher education that increase capacity, reduce costs, and promote student completion;  
1919 engaging in statewide and regional collaborations with other public higher education institutions

1921 areas of academic programming and campus management; and improving student learning  
1922 outcomes assessments set forth by the board of higher education under its Vision Project.

1923 The commissioner of higher education shall submit a report including, but not limited to,  
1924 the funding formula, clearly defined goals and metrics for the performance-based portion of the  
1925 formula and other recommendations relative to the promotion of stable, equitable funding of the  
1926 institutions including efforts to contain the growth in student costs and borrowing. Said report  
1927 shall be filed with the house and senate committees on ways and means, the joint committee on  
1928 higher education, and the secretary of administration and finance on or before December 1, 2012.

1929 SECTION 172. Notwithstanding any general or special law to the contrary, the board of higher  
1930 education shall, within 120 days of the effective date of this act, establish and issue guidelines  
1931 and procedures for the search, selection, appointment, compensation, evaluation and removal of  
1932 the chief executive officers of the community colleges. Such guidelines shall be established  
1933 pursuant to and without limitation to the generality of the board's responsibilities in sections 9  
1934 and 21 of chapter 15A of the General Laws to approve the appointment and removal and to fix  
1935 the compensation of the chief executive officers, and in furtherance of the board's responsibility  
1936 in clause (u) of the first paragraph of said section 9 of said chapter 15A to establish coordination  
1937 between and among post-secondary public institutions and to resolve conflicts of policies or  
1938 operations arising in public higher education.

1939 SECTION 173. Notwithstanding any general or special law to the contrary, the department of  
1940 transitional assistance shall provide benefits in the form of vendor payments with respect to rent  
1941 and utilities whenever a determination is made that the grant has not been used in the best  
1942 interests of the child or the assistance unit or other chronic misuse of benefits is occurring;  
1943 provided, however, that vendor payments shall not be instituted when doing so may increase the  
1944 risk of homelessness, decrease the ability to escape domestic abuse or impair the assistance  
1945 unit's ability to withhold payment as a reasonable exercise of consumer or tenant rights when  
1946 there is a legitimate dispute as to whether the payment is owed. The department of transitional  
1947 assistance may presume mismanagement of benefits whenever shelter costs, including, but not  
1948 limited to, rent, heat, fuel and utilities, have regularly not been met without reasonable cause. At  
1949 eligibility determinations and redeterminations, the department shall screen households to  
1950 determine if they have chronically failed to pay rent and utilities to determine if it is appropriate  
1951 to institute or terminate vendor payments and shall refer those households to the housing

1952 consumer education centers and community-based resources for assistance in meeting their  
1953 expenses.

1954 SECTION 174. Notwithstanding any general or special law to the contrary, there shall be an  
1955 independent commission to study and report on the development of a cashless payment system in  
1956 using electronic benefit transfer, or EBT, cards. The commission shall consist of : the  
1957 commissioner of transitional assistance, or a designee, who shall serve as chair; the inspector  
1958 general, or a designee; the state auditor, or a designee; 2 members of the house of  
1959 representatives, 1 of whom shall be appointed by the minority leader; 2 members of the senate, 1  
1960 of whom shall be appointed by the minority leader; and 2 persons representing eligible recipients  
1961 to be appointed by the governor. The commission shall research, assess and develop  
1962 recommendations to implement a cashless payment system and investigate and report on the  
1963 feasibility of expanding the direct vendor payment system: (i) under [direct vendor payments  
1964 section]; and (ii) for rent and utility payments for all eligible recipients. The commission shall  
1965 hire an independent consultant to conduct the research and assist with the preparation of any  
1966 recommendations. The report shall include, but not be limited to, the following: (1) the costs  
1967 associated with and any technological improvements necessary to implement and the time frame  
1968 required for the expansion; (2) the implementation of a vendor payment system for the non-cash  
1969 payment of rent and utility bills for all eligible recipients of direct cash assistance; and (3) the  
1970 feasibility of placing fluctuating limitations on the percentage allocated to direct cash assistance  
1971 and point of sale use. The commission shall submit a final report of its findings and  
1972 recommendations, together with drafts of legislation necessary to implement those  
1973 recommendations, by filing the same with the clerks of the senate and house on or before  
1974 December 31, 2012.

1975 SECTION 175. Notwithstanding any general or special law to the contrary, the inspector general  
1976 shall conduct a data match survey involving the case records for households receiving cash  
1977 assistance benefits under chapter 18 of the General Laws for the purposes of uncovering  
1978 information that is inconsistent with or contradictory to information provided by the cash  
1979 assistance benefit recipients. The inspector general shall submit a report that shall include the  
1980 results of a further investigation on a statistically valid sample of the cases for which inconsistent  
1981 or contradictory information has been found to determine if the household is receiving benefits  
1982 for which it is not eligible, and if so, whether the error is due to administrative error,  
1983 unintentional program violation or intentional program violation with the house and senate  
1984 committees on ways and means on or before December 31, 2012; provided, however, that 60  
1985 days before filing the report the inspector general shall provide a draft of the report to the  
1986 department of transitional assistance for review and comment and the inspector general shall  
1987 include the department's comments with the report when it is made public and filed.

1988 SECTION 176. Notwithstanding any general or special law to the contrary, the department of  
1989 transitional assistance shall coordinate with the Massachusetts Bay Transportation Authority and

1991 on electronic benefit transfer cards are accepted for payment of public transportation fares at  
1992 electronic fare vending machines.

1993 SECTION 177. Notwithstanding any general or special law to the contrary, the executive office  
1994 of health and human services, acting in its capacity as the single state agency under Title XIX of  
1995 the Social Security Act and as the principal agency for all of the agencies within the executive

1997 interdepartmental services agreements with the University of Massachusetts medical school to  
1998 perform activities that the secretary of health and human services, in consultation with the  
1999 comptroller, determines appropriate and within the scope of the proper administration of said  
2000 Title XIX and other federal funding provisions to support the programs and activities of the  
2001 executive office. The activities may include: (1) providing administrative services including, but  
2002 not limited to, providing the medical expertise to support or administer utilization management

2005 evaluation and development, integrity and soundness and project management; and (3) providing  
2006 activities and services for the purpose of pursuing federal reimbursement or avoiding costs, third-  
2007 party liability and recouping payments to third parties. Federal reimbursement for any  
2008 expenditures made by the University of Massachusetts medical school relative to federally-  
2009 reimbursable services the university provides under these interdepartmental service agreements  
2010 or other contracts with the executive office shall be distributed to the university and recorded

2014 or demonstration of costs avoided. Contracts for contingency fees shall not exceed 3 years and  
2015 shall not be renewed without prior review and approval by the executive office for administration  
2016 and finance. The secretary shall not pay contingency fees in excess of \$40,000,000 for state  
2017 fiscal year 2013; provided, however, that contingency fees paid to the University of

2019 the special disability workload projects shall be excluded from that \$40,000,000 limit for fiscal  
2020 year 2013. The secretary of health and human services shall submit to the secretary of  
2021 administration and finance and the senate and house committees on ways and means a quarterly  
2022 report detailing the amounts of the agreements, the ongoing and new projects undertaken by the  
2023 university, the amounts expended on personnel and the amount of federal reimbursement and  
2024 recoupment payments that the university collected.

2025 SECTION 178. Notwithstanding any general or special law to the contrary, on or before October  
2026 1, 2012 and without further appropriation, the comptroller shall transfer from the General Fund  
2027 to the Health Safety Net Trust Fund, established pursuant to section 36 of chapter 118G of the  
2028 General Laws, in this section called the fund, the greater of \$45,000,000 or 1/12 of the total

2043 2013, the office of the inspector general may continue to expend funds from the Health Safety  
2044 Net Trust Fund, established by section 36 of chapter 118G of the General Laws, for costs  
2045 associated with maintaining a pool audit unit within the office. The unit shall continue to oversee  
2046 and examine the practices in all hospitals including, but not limited to, the care of the uninsured  
2047 and the resulting free charges. The inspector general shall submit a report to the house and senate  
2048 committees on ways and means on the results of the audits and any other completed analyses on

2053 review of the Massachusetts Medicaid program. The study shall include, but not be limited to, a  
2054 review of the program's eligibility requirements, utilization, claims administration and  
2055 compliance with federal mandates. The inspector general shall report any preliminary findings to  
2056 the secretary of health and human services and the house and senate committees on ways and  
2057 means on or before October 30, 2012, and issue a final report on or before March 1, 2013.

2058 SECTION 183. (a) Notwithstanding section 53 of chapter 118E of the General Laws, for fiscal

2063 provided, however, that notwithstanding any general or special law to the contrary, at least 90  
2064 days before restructuring any MassHealth dental benefits, the executive office shall file a report

2065 with the executive office for administration and finance and the house and senate committees on  
2066 ways and means detailing the proposed changes and the anticipated fiscal impact of such

2073 resident with a household income that does not exceed 100 per cent of the federal poverty level  
2074 shall include preventative procedures but shall exclude those categories of services that are not  
2075 provided through MassHealth.

2076 SECTION 184. Notwithstanding any general or special law to the contrary, the division of

2078 for dental conditions and shall develop a procedure code for emergency room dental services.  
2079 The division shall file a report of its findings with the house and senate committees on ways and  
2080 means not later than December 31, 2012.

2081 SECTION 185. Notwithstanding any general or special law to the contrary, MassHealth shall,  
2082 not later than August 1, 2012, file a report with the executive office for administration and  
2083 finance and the house and senate committees on ways and means identifying savings initiatives

2425 Reprocurement shall be subject to an open and competitive bid process. Eligible applications  
2426 shall include plans to track claims and treatment data. When entering into a new healthcare  
2427 contract, the department of correction may give preference to vendors with a demonstrated

2429 such services, the department shall notify the sheriffs in each of the departments of county

2431 SECTION 198. Notwithstanding any general or special law or rule or regulation or performance  
2432 standard to the contrary, and in order to increase access to the Yarmouth waterfront; to promote  
2433 the increase, preservation and restoration of salt water marshes, wetlands and wetland vegetation;  
2434 to provide quicker public safety response; to provide the area's first permanent boat waste pump-  
2435 out facility; to reduce fuel spills by providing the area's first fully contained fuel station; to  
2436 educate the public in habitat restoration and creation; and provide other improvements beneficial  
2437 to the public interest, the general court finds that the Yarmouth Marina Project located on  
2438 Parker's River at the site of the former drive-in theater on state highway route 28 in the town of  
2439 Yarmouth demonstrates an overriding public interest and shall be exempt from any department  
2440 of environmental protection review under the Wetlands Protection Act and a Water Quality  
2441 Certification under the Massachusetts Clean Waters Act (401 Water Quality Certification

2442 Program); provided, however, that the town shall mitigate any disturbance of wetland vegetation  
2443 by aggressive attempts at restoration or rehabilitation of an area or areas of distressed wetland  
2444 vegetation of a total area of not less than twice the area of wetland vegetation disturbed.

2445 SECTION 199. Notwithstanding any general or special law to the contrary, subject to  
2446 appropriation, the Cape Cod Commission, or its designee, shall link existing land use data with  
2447 newly developed scientific and financial planning data to create a comprehensive, linked model  
2448 for the purpose of identifying environmentally appropriate and affordable wastewater  
2449 infrastructure solutions. The model shall identify the appropriate economy of scale for  
2450 wastewater infrastructure solutions and shall provide estimates of the costs associated with  
2451 implementing various solutions. The model may be used by communities in the commonwealth  
2452 to pursue regional wastewater options that satisfy environmental regulatory requirements in the  
2453 most efficient and cost effective manner and have the potential to preempt future water quality  
2454 litigation.

2455 The comprehensive model shall be accessible to the public through a web mapping  
2456 application. The components of the model and the web mapping application shall include, but  
2457 not be limited to: (i) Cape-wide build-out scenarios and water usage data; (ii) recommendations  
2458 regarding the appropriate use and costs of a range of technologies in specific circumstances for  
2459 achieving water quality goals, including natural systems restoration, alternative on-site  
2460 technologies and more traditional technologies such as satellite, cluster and centralized treatment  
2461 technologies; (iii) scientific data that supports the calculation of nitrogen loads and estimates the  
2462 impact of various land use patterns, technologies and other factors on water quality; and (iv)  
2463 planning level cost estimates of wastewater infrastructure costs to Cape Cod taxpayers and  
2464 potential rate payers to meet water quality goals. The model shall allow the user to vary land use  
2465 development patterns, wastewater infrastructure technologies and tax and rate structures to  
2466 understand the environmental and financial implications of various decisions related to  
2467 wastewater planning. The comprehensive model shall be completed not later than June 30, 2013.

2468 SECTION 200. (a) There shall be a pilot program to equip students with the knowledge and

2478 implementation. The department may consult with private, nonprofit or other government  
2479 institutions in order to identify and offer said information. The department shall develop

2480 guidelines for an annual review of the progress being made by each pilot school. Each school

2486 treasurer on or before September 30 of each pilot year.

2487           (b) The department shall establish an advisory committee to consist of 11 members: the

2503 program, as established in subsection (a). Following the first 3 years of implementation, the  
2504 advisory committee shall review the pilot program and issue a report of its findings including an  
2505 analysis of all relevant data so as to determine the effectiveness of the program. The report shall  
2506 include specific legislative recommendations, including whether the program should be  
2507 expanded, maintained or discontinued. The advisory committee shall report to the joint  
2508 committee on education, the house and senate committees on ways and means, and the office of
