7 fire hazard, poses a threat to public safety or public health or is otherwise deemed a nuisance.

11 SECTION 3. Said section 65 of said chapter 60 is hereby further amended by adding the  
12 following paragraph:-

13           Notwithstanding the provisions of any general or special law to the contrary, if a city or  
14 town files a petition for the foreclosure of all rights of redemption with the land court pursuant to  
15 section 81A or 81C, the court shall schedule a status conference expeditiously and in no case  
16 later than 90 days after such petition was filed. Notwithstanding the provisions of any general or  
17 special law to the contrary, if a city or town files a petition for the foreclosure of all rights of  
18 redemption with the land court pursuant to section 81B, the court shall schedule a status  
19 conference expeditiously and in no case later than 90 days after such petition was filed.

20           SECTION 4. Section 69A of said chapter 60, as so appearing, is hereby amended by  
21 inserting after the second sentence the following sentence:-

33 to any person that has applied for abatement, pursuant to section 59 of chapter 59.

34 SECTION 6. Chapter 60 of the General Laws is hereby amended by inserting after  
35 section 81B, as so appearing, the following section:-

36 Section 81C. As you used in this section “local inspector” shall mean the inspector of  
37 buildings, building commissioner or local inspector employed and designated by a municipality  
38 pursuant to section 3 of chapter 143.

39 Whenever a city or town shall have purchased or taken land for non-payment of real  
40 property taxes under section 43 or 53 and the treasurer of said city or town has reason to believe  
41 that structure or parcel of land may constitute a blighted property, he shall forthwith request the  
42 local inspector to inspect the structure or parcel of land. Said inspection, which may be  
43 conducted in consultation with the fire chief or head of the municipal fire department, the chief  
44 of police or head of the municipal police department or local board of health, may be in addition  
45 to and need not be in conjunction with the inspection as performed by the local inspector  
46 pursuant to section 6 of said chapter 143, and shall not preclude a city or town from taking any  
47 action prescribed in said chapter 143 relative to said land.

48 If the local inspector determines that the structures or parcels of land are unfit for human  
49 habitation, unsafe, poses a threat to the life and safety of any occupants, constitutes a fire hazard,  
50 poses a threat to public safety or public health or is otherwise deemed a nuisance, it shall be  
51 deemed a blighted property. Upon a determination that a structure or parcel of land is a blighted  
52 property, the local inspector, fire chief or head of the municipal fire department, chief of police  
53 or head of the municipal police department or local board of health, shall notify the record  
54 owner, and, if appropriate, the mortgagee in possession or lessee, of this finding. Such notice  
55 shall include a statement that the inspection was conducted at the request of the treasurer of such

56 city or town and that the failure of the record owner, or other interested party, to correct the  
57 conditions described in the notice within 30 days of receipt or publication of the notice will result  
58 in proceedings to foreclose the record owner's right of redemption. Such notice may be served in  
59 the manner required by law for the service of subpoenas on witnesses in civil cases or may be  
60 published. The local inspector shall also, at the time of service or publication, post a copy of the  
61 notice at the blighted property and in 2 or more convenient public places.

62           If at the expiration of the 30-day period, the local inspector is of the opinion that action  
63 has not been initiated to correct the conditions described in the notice, he or she shall forthwith  
64 notify the treasurer of such city or town in writing, under penalties of perjury, that the structures  
65 or parcel of land have been found to be blighted property. Such written notice shall include  
66 therein the facts and circumstances which formed the basis of his findings, and a copy of the  
67 notice served on the record owner, or if service was by publication, an account of the steps taken  
68 to locate the record owner and a copy of the published notice.

69           Upon receipt of such written notice the treasurer shall immediately notify the  
70 commissioner in writing, under the penalties of perjury, of such finding. Said notice to the  
71 commissioner shall include a copy of the notice filed by the inspector of buildings, such  
72 information appearing in the records of the assessors and of the collector and tending to establish  
73 the validity of the tax title on such land, and any further information that the commissioner may  
74 deem appropriate.

75           If the commissioner is of the opinion that the facts and circumstances as found by the  
76 local inspector are sufficient to establish that the buildings on the land so taken or purchased are  
77 a blighted property and that the facts essential to the validity of the tax title on such land have

78 been adequately established, he shall make an affidavit of such finding which shall be recorded  
79 in the registry of deeds for the district wherein the land lies.

80 The commissioner shall incorporate in the affidavit the statements of the local inspector  
81 and the treasurer of such city or town, or such portions thereof as the commissioner finds  
82 pertinent, and when recorded, shall be prima facie evidence of such facts.

83 Upon the recording of the affidavit the treasurer of such city or town shall bring a petition  
84 in the land court pursuant to section 65 for the foreclosure of all rights of redemptions of said  
85 land.
