HOUSE No. 4160

By Mr. Mark of Peru, a petition (subject to Joint Rule 12) of Paul W. Mark and others for the adoption of resolutions by the General Court relative to debt-free higher education at public colleges and universities. Higher Education.

The Commonwealth of Massachusetts

**In the One Hundred and Eighty-Ninth General Court
(2015-2016)**

Resolutions supporting efforts to ensure that students from Massachusetts have access to debt-free higher education at public colleges and universities.

1 WHEREAS, the economic competitiveness of the United States and Massachusetts in the
2 global economy, requires a well-educated workforce;

3

4 WHEREAS, students in Massachusetts currently average over \$29,000 upon graduation,
5 which

6 significantly hinders their ability to participate in the local economy;

7

8 WHEREAS, current and future young people in Massachusetts should have the same
9 opportunity offered to those who went to college in previous generations, including the ability to
10 attend state colleges and universities without taking on overly burdensome debt;

11

12 WHEREAS, in 2016, higher education is more important than ever because it is an
13 essential step to entering and remaining in the middle class;

14

15 WHEREAS, because of the importance of higher education, the Federal and State
16 governments should expand the opportunity to pursue and attain higher education to more people
17 than had that opportunity in the past;

18

19 WHEREAS, public investment in higher education pays off, as evidenced by the fact the
20 G.I. Bill resulted in a 7-to-1 return on investment for our national economy and that workers with
21 college degrees earn more money, pay more taxes, and rely less on government services;

22

23 WHEREAS, student loan debt saddles the very students who most depend on a college
24 degree to level the economic playing field with a burden that constrains career choices and hurts
25 the credit rating of students, prevents people from fully participating in the economy by
26 purchasing goods and services. and threatens essential milestones of the American dream –
27 including the purchase of a home or car, starting a family, and saving for retirement; and

28

29 WHEREAS, a national goal of debt-free college would include significant federal aid to
30 states, including Massachusetts;

31

32 THEREFORE, be it resolved:

33

34 The undersigned members of the Massachusetts General Court support efforts to enact
35 legislation that:

36

37 1. Ensures all students have access to debt-free higher education, defined to mean
38 having no debt upon graduation from any public institutions of higher education;

39

40 2. Supports efforts that increase support to States so States can increase investments
41 in higher education and bring down costs for students;

42

43 3. Increases aid to students to help them cover the total cost of college attendance
44 without taking on debt;

45 4. Encourages innovation by States and institutions of higher education to increase
46 efficiency, lower costs, and enable speedy and less-costly degree completion; and

47 5. Reduces the burden of existing student loan debt.
