385 involves immediate danger of death or serious physical injury to any person, and there are
386 grounds upon which an order could be entered under this section to authorize such interception,

387 may intercept such wire, oral, or electronic communication if an application for an order
388 approving the interception is made in accordance with this section within forty-eight hours after
389 the interception has occurred, or begins to occur. In the absence of an order, such interception
390 shall immediately terminate when the communication sought is obtained or when the application
391 for the order is denied, whichever is earlier. In the event such application for approval is denied,
392 the contents of any wire, oral, or electronic communication intercepted shall be subject to the
393 prohibitions set forth in section 6 and the civil remedies of section 17. No such violation shall be
394 subject to criminal penalties.

405 communications to the numbers from which such incoming wire or electronic communications
406 were placed when necessary to obtain information required to provide the emergency services
407 being requested.

408 (e) (1) Except as provided in paragraph (2) of this subsection, a person or entity
409 providing an electronic communication service to the public shall not intentionally divulge the
410 contents of any communication, other than one to such person or entity, or an agent thereof,

417 such communication;

421 pertain to the commission of a crime, if such divulgence is made to a law enforcement agency.

422 (f) Except as otherwise specifically provided in this section, any person who willfully
423 commits an interception, attempts to commit an interception, or procures any other person to
424 commit an interception or to attempt to commit an interception of any wire, oral or electronic
425 communication shall be fined not more than ten thousand dollars, or imprisoned in the state
426 prison for not more than five years, or imprisoned in a jail or house of correction for not more
427 than two and one half years, or both so fined and given one such imprisonment.

429 Oral, or Electronic Communication Intercepting Devices.

430 (a) Except as provided in subsection (e), it is unlawful for any person to intentionally:

431 (1) transport or transmit any electronic, mechanical, or other device, knowing or having
432 reason to know that the design of such device renders it primarily useful for the purpose of the
433 surreptitious interception of wire, oral, or electronic communications, or knowing or having
434 reason to know that the device is intended for surreptitious interception of wire, oral, or
435 electronic communications; or

436 (2) manufacture, assemble, possess, or sell any electronic, mechanical, or other device,

440 wire, oral, or electronic communications; or

442 of:

443 (A) any electronic, mechanical, or other device, knowing or having reason to know that
444 the design of such device renders it primarily useful for the purpose of surreptitious interception
445 of wire, oral, or electronic communications, or knowing or having reason to know that the device
446 is intended for surreptitious interception of wire, oral, or electronic communications; or

447 (B) any other electronic, mechanical, or other device, where such advertisement promotes
448 the use of such device for the purpose of the surreptitious interception of wire, oral, or electronic
449 communications.

450 (b) A person who violates subsection (a) shall be fined not more than \$10,000, or
451 imprisoned not more than five years in state prison or not more than two and one half year in a

454 or at his direction shall be prima facie evidence of possession as required by subsection (a).

455 (d) Any person who permits or on behalf of any other person commits or attempts to
456 commit, or any person who participates in a conspiracy to commit or attempt to commit, or any
457 accessory to a person who commits a violation of subsection (a) shall be punished in the same
458 manner as is provided for the respective offenses as described in subsection (b).

459 (e) Notwithstanding subsection (a), it shall be lawful for a person to transport, or
460 manufacture, assemble, possess, or sell any electronic, mechanical, or other device, knowing or
461 having reason to know that the design of such device renders it primarily useful for the purpose
462 of the surreptitious interception of wire, oral, or electronic communications, or knowing or
463 having reason to know that the device is intended for surreptitious interception of wire, oral, or
464 electronic communications, if the person is:

471 political subdivision thereof.

472 Section 5. Confiscation of Wire, Oral, or Electronic Communication Interception
473 Devices.

474 Upon conviction of a violation of this section, any electronic, mechanical, or other device
475 used, sent, carried, manufactured, assembled, possessed or sold in violation of this section may
476 be confiscated by the commonwealth and forwarded, by the authority of the written order of the
477 court to the colonel of the state police, who shall destroy said article.

479 Communications.

481 violation of this section, and no evidence derived therefrom, may be received in evidence in any
482 trial, hearing, or other proceeding in or before any court, grand jury, department, officer, agency,
483 regulatory body, legislative committee, or other authority of this state, or political subdivision
484 thereof, if the disclosure of that information would be in violation of this section unless a judge
485 determines, pursuant to section 9(o) of this act or because it is in the interest of justice, that
486 exclusion from evidence is not required.. The prohibition of use as evidence provided in this
487 section does not apply in cases of prosecution for criminal interception in violation of the
488 provisions of this section.

489 Section 7. Authorization for Interception of Wire, Oral, or Electronic Communications.

490 (a) The attorney for the state may authorize an application to a judge of competent
491 jurisdiction for, and such judge may grant in conformity with section 9 of this act an order
492 authorizing the interception of wire, oral or electronic communications by an investigative or law

524 Communications.

525 (a) Any investigative or law enforcement officer who, by any means authorized by this
526 section, has obtained knowledge of the contents of any wire, oral, or electronic communication,
527 or evidence derived therefrom, may:

529 extent that such disclosure is appropriate to the proper performance of the official duties of the
530 officer making or receiving the disclosure; or

531 (2) use such contents to the extent such use is appropriate to the proper performance of
532 the officer's official duties.

533 (b) Any person who has received, by any means authorized by this section, any
534 information concerning a wire, oral, or electronic communication, or evidence derived
535 therefrom, intercepted in accordance with the provisions of this section may disclose the contents

546 accordance with Section 9 (m), shall be guilty of a misdemeanor punishable by imprisonment in
547 a jail or house of correction for not more than two years or by a fine of not more than five
548 thousand dollars or both.

549 Section 9. Procedure for Interception of Wire, Oral, or Electronic Communications

550 (a) An application for a warrant authorized by this section must be made by an attorney
551 for the state to a judge of competent jurisdiction in the county where the interception is to occur,
552 or the county where the office of the applicant is located, or in the event that there is no judge of

553 competent jurisdiction sitting in said county at such time, to a judge of competent jurisdiction
554 sitting in Suffolk County; except that for these purposes, the office of the attorney general shall
555 be deemed to be located in Suffolk County.

556 (b) Each application for an order authorizing or approving the interception of a wire, oral,
557 or electronic communication under this section shall be made in writing upon oath or affirmation
558 and shall state:

559 (1) the identity of the investigative or law enforcement officer making the application,
560 and the officer authorizing the application;

561 (2) the applicant's authority to make such application;

562 (3) fully and completely the facts and circumstances relied upon by the applicant, to
563 justify the applicant's belief that an order should be issued, including:

564 (A) details as to the particular offense that has been, is being, or is about to be committed;

565 (B) except as provided in subsection (p) of this section, a description of the nature and
566 location of the facilities from which or the place where the communication is to be intercepted;

567 (C) a particular description of the type of communications sought to be intercepted and
568 that such communications are not legally privileged; and

569 (D) the identity of the person, if known, committing the offense and whose
570 communications are to be intercepted.

571 (4) whether or not other investigative procedures have been tried and failed or why they
572 reasonably appear unlikely to succeed if tried or otherwise might be too dangerous;

573 (5) the period of time for which the interception is required to be maintained. If the
574 nature of the investigation is such that the authorization for the interception should not
575 automatically terminate when the described oral, wire, or electronic communications have been
576 first obtained, the application must specifically state facts establishing probable cause to believe
577 that additional oral, wire, or electronic communications of the same nature will occur thereafter;

578 (6) the facts concerning all previous applications known to the individual authorizing and
579 making the application, made to any judge for authorization to intercept, or for approval of
580 interceptions of, wire, oral, or electronic communications involving any of the same persons,
581 facilities or places specified in the application, and the action taken by the judge on each such
582 application;

583 (7) where the application is for the extension of an order, the results thus far obtained
584 from the interception, or a reasonable explanation of the failure to obtain such results; and

585 (8) if it is reasonably necessary to make a secret entry upon a private place and premises
586 in order to install an intercepting device to effectuate the interception, a statement to such effect.

587 (c) The judge may require the applicant to furnish additional testimony or documentary
588 evidence in support of the application. A verbatim transcript of every such interrogation or
589 examination must be taken, and a transcription of the same, sworn to by the stenographer, shall
590 be attached to the application and be deemed a part thereof.

591 (d) Upon such application the judge may enter an ex parte order, as requested or as
592 modified, authorizing or approving interception of wire, oral, or electronic communications
593 within the state, if the judge determines on the basis of the facts submitted by the applicant that:

594 (1) there is probable cause for belief that an individual is committing, has committed, or
595 is about to commit a particular offense enumerated in section 7 of this act;

596 (2) there is probable cause for belief that particular communications concerning that
597 offense will be obtained through such interception;

598 (3) normal investigative procedures have been tried and failed or reasonably appear
599 unlikely to succeed if tried or may otherwise be too dangerous; and

600 (4) except as provided in subsection (p), there is probable cause for belief that the
601 facilities from which, or the place where, the wire, oral, or electronic communications are to be
602 intercepted are being used, or are about to be used, in connection with the commission of such
603 offense, or are leased to, listed in the name of, or commonly used by such person.

604 (e) Each order authorizing or approving the interception of any wire, oral, or electronic
605 communication under this section shall specify:

606 (1) the subscription and title of the issuing judge;

607 (2) the identity of the person, if known, whose communications are to be intercepted;

608 (3) the nature and location of the communications facilities as to which, or the place
609 where, authority to intercept is granted;

610 (4) a particular description of the type of communication sought to be intercepted, and a
611 statement of the particular offense to which it relates;

612 (5) the identity of the agency authorized to intercept the communications, and of the
613 person authorizing the application;

614 (6) the period of time during which such interception is authorized; and

615 (7) an express authorization to make secret entry upon a private place or premises to
616 install a specified intercepting device, if such entry is necessary to execute the warrant.

617 (f) An order authorizing the interception of a wire, oral, or electronic communication
618 under this section shall, upon request of the applicant, direct that a provider of wire or electronic
619 communication service, landlord, custodian, or other person shall furnish the applicant forthwith
620 all information, facilities, and technical assistance necessary to accomplish the interception
621 unobtrusively and with a minimum of interference with the services that such service provider,
622 landlord, custodian, or person is according the person whose communications are to be
623 intercepted. Any provider of wire or electronic communication service, landlord, custodian or
624 other person furnishing such facilities or technical assistance shall be compensated therefor by
625 the applicant for reasonable expenses incurred in providing such facilities or assistance.

626 (g) An order entered under this section may authorize or approve the interception of any
627 wire, oral, or electronic communication for the shorter of 30 days or the period necessary to
628 achieve the objective of the authorization. Such 30 day period begins on the earlier of the day on
629 which the investigative or law enforcement officer first begins to conduct an interception under
630 the order or ten days after the order is entered, whichever occurs earliest. Extensions of an order
631 may be granted only upon application for an extension made in accordance with subsection (b)
632 of this section and the court making the findings required by subsection (d) of this section. The
633 period of extension shall be the shorter of 30 days or the time the authorizing judge deems
634 necessary to achieve the purposes for which it was granted. Every order and extension thereof
635 shall contain a provision that the authorization to intercept shall be executed as soon as

636 practicable, shall be conducted in such a way as to minimize the interception of communications
637 not otherwise subject to interception under this section, and must terminate upon the earlier of 30
638 days or the attainment of the authorized objective. In the event the intercepted communication is
639 in a code or a foreign language, and an expert in that foreign language or code is not reasonably
640 available during the interception period, minimization may be accomplished as soon as
641 practicable after such interception of the communication in full.

642 (h) An interception under this section may be conducted in whole or in part by federal,
643 state, county or municipal personnel, or by an individual operating under a contract with the
644 state, county or municipality acting under the supervision of an investigative or law enforcement
645 officer authorized to conduct the interception.

646 (i) Whenever an order authorizing interception is entered pursuant to this section, the
647 order may require reports to be made to the judge who issued the order showing what progress
648 has been made toward achievement of the authorized objective and the need for continued
649 interception. Such reports shall be made at intervals as the judge may require.

650 (j) Notwithstanding any other provision of this section, any investigative or law
651 enforcement officer, specially designated by the attorney for the state, may intercept a wire, oral,
652 or electronic communication prior to issuance of an order approving the interception if the
653 officer reasonably determines that:

654 (A) an emergency situation exists that involves immediate danger of death or serious
655 physical injury to any person or the danger of escape of a prisoner; and there are grounds upon
656 which an order could be entered under this section to authorize such interception; and

657 (B) an application for an order approving the interception is made in accordance with this
658 section within 48 hours after the interception has occurred, or begins to occur.

659 (k) In the absence of an order approving an interception described in subsection (j), such
660 interception shall immediately terminate upon the earlier of obtainment of the communication
661 sought or denial of the application.

662 (l) In the event an application for approval of an interception described in subsection (j) is
663 denied, or in any other case where the interception is terminated without an order having been
664 issued, the contents of any wire, oral, or electronic communication intercepted shall be subject to
665 the prohibitions set forth in section 6 and the civil remedies of section 17. No such violation
666 shall be subject to criminal penalties.

667 (m) (1) The contents of any wire, oral, or electronic communication intercepted by any
668 means authorized by this section shall, if possible, be recorded on tape or wire or other
669 comparable device. Upon examination of the return and a determination that it complies with
670 this section, the issuing judge shall forthwith order that the application, all renewal applications,
671 warrant, all renewal orders and the return thereto be transmitted to the chief justice by such
672 persons as he shall designate. The application, all renewal applications, warrant, all renewal
673 orders and the return shall be stored in a secure place which shall be designated by the chief
674 justice, to which access shall be denied to all persons except the chief justice or such court
675 officers or administrative personnel of the court as he shall designate.

676 The recordings shall not be destroyed except upon an order of the issuing or denying
677 judge and in any event shall be kept for ten years. Notice prior to the destruction shall be given
678 to the applicant attorney general or his successor or the applicant district attorney or his

679 successor and upon a showing of good cause to the chief justice, the application, warrant,
680 renewal and return may be kept for such additional period as the chief justice shall determine but
681 in no event longer than the longest period of limitation for any designated offense specified in
682 the warrant, after which time they must be destroyed by a person designated by the chief justice.
683 Duplicate recordings may be made for use or disclosure pursuant to the provisions of section 8(a)
684 or (b) of this section

685 (2) Applications made and orders granted under this section shall be sealed by the judge.
686 Such applications and orders shall be disclosed only upon a showing of good cause before a
687 judge of competent jurisdiction and shall not be destroyed except on order of the issuing or
688 denying judge, and in any event shall be kept for ten years.

689 (3) Except as otherwise provided in subparagraph (a), within a reasonable time, not to
690 exceed 90 days, after the filing of an application for an order of approval under subsection (1)
691 which is denied, or the termination of the period of an order or extensions thereof, an
692 investigative or law enforcement officer of the commonwealth shall serve an attested copy of the
693 warrant or the renewal on the persons named in the warrant, and such other aggrieved persons
694 who shall reasonably be known to the person who obtained the warrant as a result of information
695 obtained from an authorized interception. The attested copy of the warrant shall be served by
696 leaving the same at his usual place of abode, or in hand, or if this is not possible by mailing the
697 same by certified or registered mail to his last known place of abode. A return of service shall be
698 made to the issuing judge, except, that if such service is postponed as provided in this
699 subparagraph, it shall be made to the chief justice. The return of service shall be deemed a part
700 of the return of the warrant and attached thereto.

701 (a) Upon an ex parte showing of important special facts which set forth the need for
702 continued secrecy to the satisfaction of the issuing judge, said judge may direct that the attested
703 copy of the warrant be served on such parties as are required by this subsection at such time as
704 may be appropriate in the circumstances but in no event may he it to be served later than three
705 years from the time of expiration of the warrant or the last renewal thereof.

706 (b) The judge, upon the filing of a motion, may make available to such person or such
707 person's counsel for inspection such portions of the intercepted communications, applications
708 and orders as the judge determines to be in the interest of justice.

709 (n) The contents of any wire, oral or electronic communication intercepted pursuant to
710 this section, or evidence derived therefrom, shall not be received in evidence or otherwise
711 disclosed in any trial, hearing, or other proceeding in a court of the commonwealth unless each
712 party, not less than ten days before the trial, hearing, or proceeding, has been furnished with a
713 copy of the court order and accompanying application under which the interception was
714 authorized or approved and a complete copy of each recording or a statement under oath of the
715 evidence overheard as a result of the transmission which the commonwealth intends to offer in
716 evidence. This ten day period may be waived by the judge if the judge finds that it was not
717 possible to furnish the party with the above information ten days before the trial, hearing or
718 proceeding and that the party will not be prejudiced by the delay in receiving such information.

719 (o) Any aggrieved person who is a party in any trial, hearing, or proceeding in or before
720 any court, department, officer, agency, regulatory body, or other authority of this state, or a
721 political subdivision thereof, may move to suppress the contents of any wire, oral or electronic

722 communication intercepted pursuant to this section, or evidence derived therefrom, on the
723 grounds that:

724 (1) the communication was unlawfully intercepted;

725 (2) the application or renewal failed to set forth facts sufficient to establish probable
726 cause for the issuance of the warrant;

727 (3) the order of authorization or approval under which it was intercepted is insufficient on
728 its face or does not conform with the provisions of this chapter; or

729 (4) the interception was not made in conformity with the order of authorization or
730 approval.

731 Such motion shall be made before the trial, hearing, or proceeding unless there was no
732 opportunity to make such motion or the person was not aware of the grounds of the motion. If
733 the motion is granted, the contents of the intercepted wire or oral communication, or evidence
734 derived therefrom, shall be suppressed.

735 (p) The requirements of subsection (d)(4) of this section relating to the specification of
736 the facilities from which, or the place where, the communication is to be intercepted are
737 inapplicable if:

738 (1) in the case of an application with respect to the interception of an oral
739 communication:

740 (A) the application is by an investigative or law enforcement officer and is approved by
741 the attorney for the state;

742 (B) the application contains a full complete statement as to why such specification is not
743 practical and identifies the person committing the offenses and whose communications are to be
744 intercepted; and

745 (C) the judge finds that such specification is not practical; and

746 (2) in the case of an application with respect to a wire or electronic communication:

747 (A) the application is by an investigative or law enforcement officer and is approved by
748 the attorney for the state;

749 (B) the application identifies the person believed to be committing the offense and whose
750 communications are to be intercepted and the applicant makes a showing of a purpose, on the
751 part of that person, to thwart interception by changing facilities; and

752 (C) the judge finds that such purpose has been adequately shown.

753 (q) An interception of a communication under an order to which the requirements of
754 subsection (d)(4) of this section do not apply by reason of subsection (p) shall not begin until the
755 facilities from which, or the place where, the communication is to be intercepted is ascertained
756 by the person implementing the interception order. A provider of wire or electronic
757 communication service that has received an order as provided for in subsection (p)(2) may move
758 the court to modify or quash the order on the ground that its assistance with respect to the
759 interception cannot be performed in a timely or reasonable fashion. The court, upon notice to the
760 state, shall decide such a motion expeditiously.

761 Section 10. Warrant Return

762 Within seven days after termination of the warrant or the last renewal thereof, a return
763 must be made thereon to the judge issuing the warrant by the applicant therefor, containing the
764 following:

765 (a) A statement of the nature and location of the communications facilities, if any, and

815 has certified to the court that the information likely to be obtained by such installation and use is
816 relevant to an ongoing criminal investigation.

817 (2) (A) Where the law enforcement agency implementing an ex parte order under this
818 subsection seeks to do so by installing and using its own pen register or trap and trace device on
819 a packet-switched data network of a provider of electronic communication service to the public,
820 the agency shall ensure that a record will be maintained which will identify:

832 (B) The record maintained under subparagraph (A) shall be provided ex parte and under
833 seal to the court which entered the ex parte order authorizing the installation and use of the
834 device within 30 days after termination of the order (including any extensions thereof). Upon

838 Their contents shall not be disclosed except as provided in this section. The application, renewal

859 authorizing installation and use of a trap and trace device under subsection (a)(2), the geographic
860 limits of the order; and

861 (D) a statement of the offense to which the information likely to be obtained by the pen

883 Device.

884 (a) Upon the request of the attorney for the state or an investigative or law enforcement
885 officer authorized to install and use a pen register under this section, a provider of wire or
886 electronic communication service, landlord, custodian, or other person shall furnish such

887 investigative or law enforcement officer forthwith all information, facilities, and technical
888 assistance necessary to accomplish the installation of the pen register unobtrusively and with a
889 minimum of interference with the service that the person so ordered by the court accords the
890 party with respect to whom the installation and use is to take place, if such assistance is directed
891 by a court order as provided in section 13(b)(2) of this section.

892 (b) Upon the request of the attorney for the state or an investigative or law enforcement
893 officer authorized to receive the results of a trap and trace device under this section, a provider of

900 as provided in section 13(b)(2) of this section. Unless otherwise ordered by the court, the results
901 of the trap and trace device shall be furnished, pursuant to section 13(b) or section 12 of the act,
902 to the attorney for the state or the investigative or law enforcement officer, designated in the
903 court order, at reasonable intervals during regular business hours for the duration of the order.

904 (c) A provider of a wire or electronic communication service, landlord, custodian, or

912 (e) A good faith reliance on a court order under this section, a request pursuant to section

928 earlier of obtainment of the information sought, denial of the application, or the lapse of 48 hours
929 since the installation of the pen register or trap and trace device.

930 (c) The knowing installation or use by any investigative or law enforcement officer of a
931 pen register or trap and trace device pursuant to subsection (a) without application for the
932 authorizing order within 48 hours of the installation shall constitute a violation of this section
933 and shall make such person liable to the penalties outlined in section 11(d) of this act, unless a
934 court of competent jurisdiction in its discretion determines that the failure to obtain a timely
935 order pursuant to this section was the result of mitigating or other circumstances.

936 (d) A provider for a wire or electronic service, landlord, custodian, or other person who
937 furnished facilities or technical assistance pursuant to this section shall be reasonably
938 compensated for such reasonable expenses incurred in providing such facilities and assistance.

977 violator as a result of the violation; or

978 (2) \$100 a day for each day of violation; or

979 (3) \$1,000.

980 (d) A complete defense against any civil action brought under this section is a good faith
981 reliance on:

982 (1) a court warrant or order, a grand jury subpoena, a legislative authorization, or a
983 statutory authorization;

984 (2) a request of an investigative or law enforcement officer under section 9(j) of this
