

SENATE No. 1529

The Commonwealth of Massachusetts

In the Year Two Thousand Nine

An Act relative to reliability on Cape Cod..

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 The department of public utilities shall commence a study with the assistance of an
2 independent counsel who, within 120 days of the effective date of this Act, shall complete a cost
3 analysis report evaluating all technically feasible supply and demand proposals capable of
4 ensuring electricity reliability on Cape Cod. Said analysis shall include proposals which will
5 reduce or eliminate existing uplift charges imposed upon ratepayers in the so-called SEMA area
6 as defined by the Independent System Operator - New England. Said report shall include, but not
7 be limited to, a cost comparison of any technically feasible proposal including transmission
8 improvements, demand-side management programs, repowering of existing power generation
9 units in SEMA, or the development of new peaking generation facilities
