466 manner as is provided for the respective offenses as described in subsection (b).

467 (e) Notwithstanding subsection (a), it shall be lawful for a person to transport, or
468 manufacture, assemble, possess, or sell any electronic, mechanical, or other device, knowing or
469 having reason to know that the design of such device renders it primarily useful for the purpose

472 electronic communications, if the person is:

489 violation of this section, and no evidence derived therefrom, may be received in evidence in any
490 trial, hearing, or other proceeding in or before any court, grand jury, department, officer, agency,
491 regulatory body, legislative committee, or other authority of this state, or political subdivision
492 thereof, if the disclosure of that information would be in violation of this section unless a judge
493 determines, pursuant to section 9(o) of this act or because it is in the interest of justice, that
494 exclusion from evidence is not required. The prohibition of use as evidence provided in this
495 section does not apply in cases of prosecution for criminal interception in violation of the
496 provisions of this section.

497 Section 7. Authorization for Interception of Wire, Oral, or Electronic Communications.

498 (a) The attorney for the state may authorize an application to a judge of competent
499 jurisdiction for, and such judge may grant in conformity with section 9 of this act an order
500 authorizing the interception of wire, oral or electronic communications by an investigative or law

534 section, has obtained knowledge of the contents of any wire, oral, or electronic communication,
535 or evidence derived therefrom, may:

537 extent that such disclosure is appropriate to the proper performance of the official duties of the
538 officer making or receiving the disclosure; or

540 the officer's official duties.

541 (b) Any person who has received, by any means authorized by this section, any
542 information concerning a wire, oral, or electronic communication, or evidence derived
543 therefrom, intercepted in accordance with the provisions of this section may disclose the contents

554 accordance with Section 9

555 (m), shall be guilty of a misdemeanor punishable by imprisonment in a jail or house of
556 correction for not more than two years or by a fine of not more than five thousand dollars or
557 both.

558 Section 9. Procedure for Interception of Wire, Oral, or Electronic Communications

559 (a) An application for a warrant authorized by this section must be made by an attorney
560 for the state to a judge of competent jurisdiction in the county where the interception is to occur,
561 or the county where the office of the applicant is located, or in the event that there is no judge of
562 competent jurisdiction sitting in said county at such time, to a judge of competent jurisdiction
563 sitting in Suffolk County; except that for these purposes, the office of the attorney general shall
564 be deemed to be located in Suffolk County.

565 (b) Each application for an order authorizing or approving the interception of a wire, oral,
566 or electronic communication under this section shall be made in writing upon oath or affirmation
567 and shall state:

568 (1) the identity of the investigative or law enforcement officer making the application,
569 and the officer authorizing the application;

570 (2) the applicant's authority to make such application;

571 (3) fully and completely the facts and circumstances relied upon by the applicant, to
572 justify the applicant's belief that an order should be issued, including:

573 (A) details as to the particular offense that has been, is being, or is about to be committed;

574 (B) except as provided in subsection (p) of this section, a description of the nature and
575 location of the facilities from which or the place where the communication is to be intercepted;

576 (C) a particular description of the type of communications sought to be intercepted and
577 that such communications are not legally privileged; and

578 (D) the identity of the person, if known, committing the offense and whose
579 communications are to be intercepted.

580 (4) whether or not other investigative procedures have been tried and failed or why they
581 reasonably appear unlikely to succeed if tried or otherwise might be too dangerous;

582 (5) the period of time for which the interception is required to be maintained. If the
583 nature of the investigation is such that the authorization for the interception should not
584 automatically terminate when the described oral, wire, or electronic communications have been
585 first obtained, the application must specifically state facts establishing probable cause to believe
586 that additional oral, wire, or electronic communications of the same nature will occur thereafter;

587 (6) the facts concerning all previous applications known to the individual authorizing and
588 making the application, made to any judge for authorization to intercept, or for approval of
589 interceptions of, wire, oral, or electronic communications involving any of the same persons,
590 facilities or places specified in the application, and the action taken by the judge on each such
591 application;

592 (7) where the application is for the extension of an order, the results thus far obtained
593 from the interception, or a reasonable explanation of the failure to obtain such results; and

594 (8) if it is reasonably necessary to make a secret entry upon a private place and premises
595 in order to install an intercepting device to effectuate the interception, a statement to such effect.

596 (c) The judge may require the applicant to furnish additional testimony or documentary
597 evidence in support of the application. A verbatim transcript of every such interrogation or
598 examination must be taken, and a transcription of the same, sworn to by the stenographer, shall
599 be attached to the application and be deemed a part thereof.

600 (d) Upon such application the judge may enter an ex parte order, as requested or as
601 modified, authorizing or approving interception of wire, oral, or electronic communications
602 within the state, if the judge determines on the basis of the facts submitted by the applicant that:

603 (1) there is probable cause for belief that an individual is committing, has committed, or
604 is about to commit a particular offense enumerated in section 7 of this act;

605 (2) there is probable cause for belief that particular communications concerning that
606 offense will be obtained through such interception;

607 (3) normal investigative procedures have been tried and failed or reasonably appear
608 unlikely to succeed if tried or may otherwise be too dangerous; and

609 (4) except as provided in subsection (p), there is probable cause for belief that the
610 facilities from which, or the place where, the wire, oral, or electronic communications are to be
611 intercepted are being used, or are about to be used, in connection with the commission of such
612 offense, or are leased to, listed in the name of, or commonly used by such person.

613 (e) Each order authorizing or approving the interception of any wire, oral, or electronic
614 communication under this section shall specify:

- 615 (1) the subscription and title of the issuing judge;
- 616 (2) the identity of the person, if known, whose communications are to be intercepted;
- 617 (3) the nature and location of the communications facilities as to which, or the place
618 where, authority to intercept is granted;
- 619 (4) a particular description of the type of communication sought to be intercepted, and a
620 statement of the particular offense to which it relates;
- 621 (5) the identity of the agency authorized to intercept the communications, and of the
622 person authorizing the application;
- 623 (6) the period of time during which such interception is authorized; and
- 624 (7) an express authorization to make secret entry upon a private place or premises to
625 install a specified intercepting device, if such entry is necessary to execute the warrant.
- 626 (f) An order authorizing the interception of a wire, oral, or electronic communication
627 under this section shall, upon request of the applicant, direct that a provider of wire or electronic
628 communication service, landlord, custodian, or other person shall furnish the applicant forthwith
629 all information, facilities, and technical assistance necessary to accomplish the interception
630 unobtrusively and with a minimum of interference with the services that such service provider,
631 landlord, custodian, or person is according the person whose communications are to be
632 intercepted. Any provider of wire or electronic communication service, landlord, custodian or
633 other person furnishing such facilities or technical assistance shall be compensated therefor by
634 the applicant for reasonable expenses incurred in providing such facilities or assistance.

635 (g) An order entered under this section may authorize or approve the interception of any
636 wire, oral, or electronic communication for the shorter of 30 days or the period necessary to
637 achieve the objective of the authorization. Such 30 day period begins on the earlier of the day on
638 which the investigative or law enforcement officer first begins to conduct an interception under
639 the order or ten days after the order is entered, whichever occurs earliest. Extensions of an order
640 may be granted only upon application for an extension made in accordance with subsection (b)
641 of this section and the court making the findings required by subsection (d) of this section. The
642 period of extension shall be the shorter of 30 days or the time the authorizing judge deems
643 necessary to achieve the purposes for which it was granted. Every order and extension thereof
644 shall contain a provision that the authorization to intercept shall be executed as soon as
645 practicable, shall be conducted in such a way as to minimize the interception of communications
646 not otherwise subject to interception under this section, and must terminate upon the earlier of 30
647 days or the attainment of the authorized objective. In the event the intercepted communication is
648 in a code or a foreign language, and an expert in that foreign language or code is not reasonably
649 available during the interception period, minimization may be accomplished as soon as
650 practicable after such interception of the communication in full.

651 (h) An interception under this section may be conducted in whole or in part by federal,
652 state, county or municipal personnel, or by an individual operating under a contract with the
653 state, county or municipality acting under the supervision of an investigative or law enforcement
654 officer authorized to conduct the interception.

655

656 (i) Whenever an order authorizing interception is entered pursuant to this section, the
657 order may require reports to be made to the judge who issued the order showing what progress
658 has been made toward achievement of the authorized objective and the need for continued
659 interception. Such reports shall be made at intervals as the judge may require.

660 (j) Notwithstanding any other provision of this section, any investigative or law
661 enforcement officer, specially designated by the attorney for the state, may intercept a wire, oral,
662 or electronic communication prior to issuance of an order approving the interception if the
663 officer reasonably determines that:

664 (A) an emergency situation exists that involves immediate danger of death or serious
665 physical injury to any person or the danger of escape of a prisoner; and there are grounds upon
666 which an order could be entered under this section to authorize such interception; and

667 (B) an application for an order approving the interception is made in accordance with this
668 section within 48 hours after the interception has occurred, or begins to occur.

669 (k) In the absence of an order approving an interception described in subsection (j), such
670 interception shall immediately terminate upon the earlier of obtainment of the communication
671 sought or denial of the application.

672 (l) In the event an application for approval of an interception described in subsection (j) is
673 denied, or in any other case where the interception is terminated without an order having been
674 issued, the contents of any wire, oral, or electronic communication intercepted shall be subject to
675 the prohibitions set forth in section 6 and the civil remedies of section 17. No such violation
676 shall be subject to criminal penalties.

677 (m) (1) The contents of any wire, oral, or electronic communication intercepted by any
678 means authorized by this section shall, if possible, be recorded on tape or wire or other
679 comparable device. Upon examination of the return and a determination that it complies with
680 this section, the issuing judge shall forthwith order that the application, all renewal applications,
681 warrant, all renewal orders and the return thereto be transmitted to the chief justice by such
682 persons as he shall designate. The application, all renewal applications, warrant, all renewal
683 orders and the return shall be stored in a secure place which shall be designated by the chief
684 justice, to which access shall be denied to all persons except the chief justice or such court
685 officers or administrative personnel of the court as he shall designate.

686 The recordings shall not be destroyed except upon an order of the issuing or denying
687 judge and in any event shall be kept for ten years. Notice prior to the destruction shall be given
688 to the applicant attorney general or his successor or the applicant district attorney or his
689 successor and upon a showing of good cause to the chief justice, the application, warrant,
690 renewal and return may be kept for such additional period as the chief justice shall determine but
691 in no event longer than the longest period of limitation for any designated offense specified in
692 the warrant, after which time they must be destroyed by a person designated by the chief justice.
693 Duplicate recordings may be made for use or disclosure pursuant to the provisions of section 8(a)
694 or (b) of this section

695 (2) Applications made and orders granted under this section shall be sealed by the judge.
696 Such applications and orders shall be disclosed only upon a showing of good cause before a
697 judge of competent jurisdiction and shall not be destroyed except on order of the issuing or
698 denying judge, and in any event shall be kept for ten years.

699 (3) Except as otherwise provided in subparagraph (a), within a reasonable time, not to
700 exceed 90 days, after the filing of an application for an order of approval under subsection (1)
701 which is denied, or the termination of the period of an order or extensions thereof, an
702 investigative or law enforcement officer of the commonwealth shall serve an attested copy of the
703 warrant or the renewal on the persons named in the warrant, and such other aggrieved persons
704 who shall reasonably be known to the person who obtained the warrant as a result of information
705 obtained from an authorized interception. The attested copy of the warrant shall be served by
706 leaving the same at his usual place of abode, or in hand, or if this is not possible by mailing the
707 same by certified or registered mail to his last known place of abode. A return of service shall be
708 made to the issuing judge, except, that if such service is postponed as provided in this
709 subparagraph, it shall be made to the chief justice. The return of service shall be deemed a part
710 of the return of the warrant and attached thereto.

711 (a) Upon an ex parte showing of important special facts which set forth the need for
712 continued secrecy to the satisfaction of the issuing judge, said judge may direct that the attested
713 copy of the warrant be served on such parties as are required by this subsection at such time as
714 may be appropriate in the circumstances but in no event may he it to be served later than three
715 years from the time of expiration of the warrant or the last renewal thereof.

716 (b) The judge, upon the filing of a motion, may make available to such person or such
717 person's counsel for inspection such portions of the intercepted communications, applications
718 and orders as the judge determines to be in the interest of justice.

719 (n) The contents of any wire, oral or electronic communication intercepted pursuant to
720 this section, or evidence derived therefrom, shall not be received in evidence or otherwise

721 disclosed in any trial, hearing, or other proceeding in a court of the commonwealth unless each
722 party, not less than ten days before the trial, hearing, or proceeding, has been furnished with a
723 copy of the court order and accompanying application under which the interception was
724 authorized or approved and a complete copy of each recording or a statement under oath of the
725 evidence overheard as a result of the transmission which the commonwealth intends to offer in
726 evidence. This ten day period may be waived by the judge if the judge finds that it was not
727 possible to furnish the party with the above information ten days before the trial, hearing or
728 proceeding and that the party will not be prejudiced by the delay in receiving such information.

729 (o) Any aggrieved person who is a party in any trial, hearing, or proceeding in or before
730 any court, department, officer, agency, regulatory body, or other authority of this state, or a
731 political subdivision thereof, may move to suppress the contents of any wire, oral or electronic
732 communication intercepted pursuant to this section, or evidence derived therefrom, on the
733 grounds that:

734 (1) the communication was unlawfully intercepted;

735 (2) the application or renewal failed to set forth facts sufficient to establish probable
736 cause for the issuance of the warrant;

737 (3) the order of authorization or approval under which it was intercepted is insufficient on
738 its face or does not conform with the provisions of this chapter; or

739 (4) the interception was not made in conformity with the order of authorization or
740 approval.

741 Such motion shall be made before the trial, hearing, or proceeding unless there was no
742 opportunity to make such motion or the person was not aware of the grounds of the motion. If
743 the motion is granted, the contents of the intercepted wire or oral communication, or evidence
744 derived therefrom, shall be suppressed.

745 (p) The requirements of subsection (d)(4) of this section relating to the specification of
746 the facilities from which, or the place where, the communication is to be intercepted are
747 inapplicable if:

748 (1) in the case of an application with respect to the interception of an oral
749 communication:

750 (A) the application is by an investigative or law enforcement officer and is approved by
751 the attorney for the state;

752 (B) the application contains a full complete statement as to why such specification is not
753 practical and identifies the person committing the offenses and whose communications are to be
754 intercepted; and

755 (C) the judge finds that such specification is not practical; and

756 (2) in the case of an application with respect to a wire or electronic communication:

757 (A) the application is by an investigative or law enforcement officer and is approved by
758 the attorney for the state;

759 (B) the application identifies the person believed to be committing the offense and whose
760 communications are to be intercepted and the applicant makes a showing of a purpose, on the
761 part of that person, to thwart interception by changing facilities; and

762 (C) the judge finds that such purpose has been adequately shown.

763 (q) An interception of a communication under an order to which the requirements of
764 subsection (d)(4) of this section do not apply by reason of subsection (p) shall not begin until the
765 facilities from which, or the place where, the communication is to be intercepted is ascertained
766 by the person implementing the interception order. A provider of wire or electronic
767 communication service that has received an order as provided for in subsection (p)(2) may move
768 the court to modify or quash the order on the ground that its assistance with respect to the
769 interception cannot be performed in a timely or reasonable fashion. The court, upon notice to the
770 state, shall decide such a motion expeditiously.

771 Section 10. Warrant Return

772 Within seven days after termination of the warrant or the last renewal thereof, a return
773 must be made thereon to the judge issuing the warrant by the applicant therefor, containing the
774 following:

775 (a) A statement of the nature and location of the communications facilities, if any, and
776 premise or places where the interceptions were made; and

777 (b) The periods of time during which such interceptions were made; and

778 (c) The names of the parties to the communications intercepted if known; and

779 (d) The original recording of the oral, wire or electronic communications intercepted, if
780 any; and

781 (e) A statement attested under the pains and penalties of perjury by each person who
782 heard oral or wire communications as a result of the interception authorized by the warrant,

783 which were not recorded, stating everything that was overheard to the best of his recollection at
784 the time of the execution of the statement.

785 Section 11. General Prohibition on Pen Register and Trap and Trace Device Use;
786 Exceptions.

787 (a) Except as provided in section 15(b) of this act, no person may install or use a pen
788 register or a trap and trace device without first obtaining a court order under section 12 of this
789 act.

790 (b) The prohibition of subsection (a) is inapplicable with respect to the use of a pen
791 register or a trap and trace device by a provider of electronic or wire communication service:

792 (1) relating to the operation, maintenance, and testing of a wire or electronic
793 communication service or to the protection of the rights or property of such provider, or to the
794 protection of users of that service from abuse of service or unlawful use of service; or

795 (2) to record the fact that a wire or electronic communication was initiated or completed
796 in order to protect such provider, another provider furnishing service toward the completion of
797 the wire or electronic communication, or a user of that service, from fraudulent, unlawful or
798 abusive use of service; or

799 (3) where the consent of the user of that service has been obtained.

800 (c) A government agency authorized to install and use a pen register or trap and trace
801 device under sections 11 through 15 shall use technology reasonably available to it that restricts
802 the recording or decoding of electronic or other impulses to the dialing, routing, addressing, and

803 signaling information utilized in the processing and transmitting of wire or electronic
804 communications so as not to include the contents of any wire or electronic communications.

805 (d) A person who knowingly violates subsection (a) shall be fined not more than
806 \$5,000.00 for each violation, or imprisoned in a jail or house of correction for not more than one
807 year, or both such fine and imprisonment.

808 Section 12. Application for an Order for a Pen Register or Trap and Trace Device.

809 (a) A state investigative or law enforcement officer authorized by the attorney for the
810 state may make application in writing under oath or equivalent affirmation to a court of
811 competent jurisdiction for an order or an extension of an order under section 13 of this section
812 authorizing or approving the installation and use of a pen register or a trap and trace device under
813 this section.

814 (b) An application under subsection (a) shall include:

815 (1) the identity of the attorney for the state or the law enforcement or investigative officer
816 making the application and the identity of the law enforcement agency conducting the
817 investigation; and

818 (2) a certification under oath by the applicant that the information likely to be obtained is
819 relevant to an ongoing criminal investigation being conducted by that agency.

820 Section 13. Issuance of an Order for a Pen Register or a Trap and Trace Device.

821 (a) In general:

822 (1) Upon an application made under section 12, the court shall enter an ex parte order
823 authorizing the installation and use of a pen register or trap and trace device within the
824 jurisdiction of the court, if the court finds that the State law enforcement or investigative officer
825 has certified to the court that the information likely to be obtained by such installation and use is
826 relevant to an ongoing criminal investigation.

827 (2) (A) Where the law enforcement agency implementing an ex parte order under this
828 subsection seeks to do so by installing and using its own pen register or trap and trace device on
829 a packet-switched data network of a provider of electronic communication service to the public,
830 the agency shall ensure that a record will be maintained which will identify:

831 (i) any officer or officers who installed the device and any officer or officers who
832 accessed the device to obtain information from the network;

833 (ii) the date and time the device was installed, the date and time the device was
834 uninstalled, and the date, time, and duration of each time the device is accessed to obtain
835 information;

836 (iii) the configuration of the device at the time of its installation and any subsequent
837 modification thereof; and

838 (iv) any information which has been collected by the device.

839 To the extent that the pen register or trap and trace device can be set automatically to
840 record this information electronically, the record shall be maintained electronically throughout
841 the installation and use of such device.

842 (B) The record maintained under subparagraph (A) shall be provided ex parte and under
843 seal to the court which entered the ex parte order authorizing the installation and use of the
844 device within 30 days after termination of the order (including any extensions thereof). Upon
845 examination of the return and a determination that it complies with this section, the issuing judge
846 shall forthwith order that the application, all renewal applications, warrant, all renewal orders
847 and the return thereto be transmitted to the chief justice by such persons as he shall designate.
848 Their contents shall not be disclosed except as provided in this section. The application, renewal
849 application(s), warrant(s), the renewal order(s) and the return or any one of them or any part of
850 them may be transferred to any trial court, grand jury proceeding of any jurisdiction by any law
851 enforcement or investigative officer or court officer designated by the chief justice and a trial
852 justice may allow them to be disclosed in accordance with section 8.

853 The application, all renewal applications, warrant, all renewal orders and the return shall
854 be stored in a secure place which shall be designated by the chief justice, to which access shall
855 be denied to all persons except the chief justice or such court officers or administrative personnel
856 of the court as he shall designate.

857 Any violation of the terms and conditions of any order of the chief justice, pursuant to the
858 authority granted in this paragraph, shall be punished as a criminal contempt of court in addition
859 to any other punishment authorized by law.

860 (b) An order issued under this section:

861 (1) shall specify:

862 (A) the identity, if known, of the person to whom is leased or in whose name is listed the
863 telephone line or other facility to which the pen register or trap and trace device is to be attached
864 or applied;

865 (B) the identity, if known, of the person who is the subject of the criminal investigation;

866 (C) the attributes of the communications to which the order applies, including the number
867 or other identifier and, if known, the location of the telephone line or other facility to which the
868 pen register or trap and trace device is to be attached or applied, and, in the case of an order
869 authorizing installation and use of a trap and trace device under subsection (a)(2), the geographic
870 limits of the order; and

871 (D) a statement of the offense to which the information likely to be obtained by the pen
872 register or trap and trace device relates; and

873

874 (2) shall direct, upon the request of the applicant, the furnishing of information, facilities,
875 and technical assistance necessary to accomplish the installation of the pen register or trap and
876 trace device under section 14.

877 (c) An order issued under this section:

878 (1) shall authorize the installation and use of a pen register or a trap and trace device for a
879 period not to exceed 60 days; and

880 (2) may be granted only upon an application for an order under section 12 of this section
881 after a judicial finding required by subsection (a). Any period(s) of extension shall not exceed
882 60 days.

883 (d) An order authorizing or approving the installation and use of a pen register or a trap
884 and trace device shall direct that:

885 (1) the order be sealed until otherwise ordered by the court;

886 (2) the person owning or leasing the line or other facility to which the pen register or a
887 trap and trace device is attached or applied, or who is obligated by the order to provide assistance
888 to the applicant, not disclose the existence of the pen register or trap and trace device or the
889 existence of the investigation to the listed subscriber, or to any other person, unless or until
890 otherwise ordered by the court; and

891 (3) a violation of this subsection may be punished as a contempt of the issuing or denying
892 court.

893 Section 14. Assistance in Installation and Use of a Pen Register or a Trap and Trace
894 Device.

895 (a) Upon the request of the attorney for the state or an investigative or law enforcement
896 officer authorized to install and use a pen register under this section, a provider of wire or
897 electronic communication service, landlord, custodian, or other person shall furnish such
898 investigative or law enforcement officer forthwith all information, facilities, and technical
899 assistance necessary to accomplish the installation of the pen register unobtrusively and with a
900 minimum of interference with the service that the person so ordered by the court accords the
901 party with respect to whom the installation and use is to take place, if such assistance is directed
902 by a court order as provided in section 13(b)(2) of this section.

903 (b) Upon the request of the attorney for the state or an investigative or law enforcement
904 officer authorized to receive the results of a trap and trace device under this section, a provider of
905 a wire or electronic communication service, landlord, custodian, or other person shall install such
906 device forthwith on the appropriate line or facility and shall furnish such investigative or law
907 enforcement officer all additional information, facilities and technical assistance including
908 installation and operation of the device unobtrusively and with a minimum of interference with
909 the services that the person so ordered by the court accords the party with respect to whom the
910 installation and use is to take place, if such installation and assistance is directed by a court order
911 as provided in section 13(b)(2) of this section. Unless otherwise ordered by the court, the results
912 of the trap and trace device shall be furnished, pursuant to section 13

913 (b) or section 12 of the act, to the attorney for the state or the investigative or law
914 enforcement officer, designated in the court order, at reasonable intervals during regular business
915 hours for the duration of the order.

916 (c) A provider of a wire or electronic communication service, landlord, custodian, or
917 other person who furnishes facilities or technical assistance pursuant to this section shall be
918 reasonably compensated for such reasonable expenses incurred in providing such facilities and
919 assistance.

920 (d) No cause of action shall lie in any court against any provider of a wire or electronic
921 communication service, its officers, employees, agents, or other specified persons for providing
922 information, facilities or assistance in accordance with a court order under this section or request
923 pursuant to section 12 or section 13(b) of this act.

924 (e) A good faith reliance on a court order under this section, a request pursuant to section
925 12 of this section, a legislative authorization, or a statutory authorization is a complete defense
926 against any civil or criminal action brought under this section.

927 (f) Any unexcused failure of the provider of an electronic or wire communications
928 service to comply with a court order under this section or a request pursuant to section 12 may be
929 punished as a contempt of the issuing court.

930 Section 15. Emergency Pen Register and Trap and Trace Device Installation and Use.

931 (a) Notwithstanding any other provision of this section, any investigative or law
932 enforcement officer, specially designated by the attorney for the state, may have installed and use
933 a pen register or trap and trace device if:

934 (1) the officer reasonably determines that an emergency situation exists that involves
935 immediate danger of death or serious bodily injury to any person or the danger of escape of a
936 prisoner; and

937 (2) within 48 hours after the installation has occurred, or begins to occur, an order
938 approving the installation or use is issued in accordance with section 13 of this act.

939 (b) In the absence of an authorizing order, such use shall immediately terminate upon the
940 earlier of obtainment of the information sought, denial of the application, or the lapse of 48 hours
941 since the installation of the pen register or trap and trace device.

942 (c) The knowing installation or use by any investigative or law enforcement officer of a
943 pen register or trap and trace device pursuant to subsection (a) without application for the
944 authorizing order within 48 hours of the installation shall constitute a violation of this section

945 and shall make such person liable to the penalties outlined in section 11(d) of this act, unless a
946 court of competent jurisdiction in its discretion determines that the failure to obtain a timely
947 order pursuant to this section was the result of mitigating or other circumstances.

948 (d) A provider for a wire or electronic service, landlord, custodian, or other person who
949 furnished facilities or technical assistance pursuant to this section shall be reasonably
950 compensated for such reasonable expenses incurred in providing such facilities and assistance.

951 (e) No cause of action shall lie in any court against any provider of wire or electronic
952 communication service, its officers, employees, or agents, landlord, custodian, or other specified
953 person for providing information, facilities, or assistance in accordance with the terms of this
954 section.

955 Section 16. Reports Concerning Intercepted Wire, Oral, or Electronic Communications
956 and Pen Register and Trap and Trace Devices.

957 (a) On the second Friday of January, each year, the attorney general and each district
958 attorney shall report to the general court:

962 (B) the name of the applicant;

963 (C) the number of wiretap warrants issued;

964 (D) the effective period of the wiretap warrants;

969 (iii) the number of indictments believed to be obtained as a result of those interceptions,

970 (iv) the number of criminal convictions obtained in trials where interception evidence or
971 evidence derived therefrom was introduced

972 (2) the number of pen register orders and orders for trap and trace devices applied for by
973 investigative or law enforcement officers of the state.

974 (b) This report shall be a public document and be made available to the public at the
975 offices of the attorney general and district attorneys. In the event of failure to comply with the
976 provisions of this paragraph any person may compel compliance by means of an action of
977 mandamus.

978 Section 17. Authorized Recovery of Civil Damages.

979 (a) Except as provided in section 3(d), any person whose wire, oral, or electronic
980 communication is intercepted, disclosed, or intentionally used in violation of this section may in
981 a civil action recover from the person or entity, other than the United States, the commonwealth
982 of Massachusetts or any political subdivision thereof, which engaged in that violation such relief
983 as may be appropriate:

984 (b) In an action under this section, appropriate relief includes:

985 (1) damages under subsection (c) and punitive damages in appropriate cases; and

986 (2) a reasonable attorney's fee and other litigation costs reasonably incurred.

987 (c) The court may assess as damages whichever is the greater of:

988 (1) the sum of the actual damages suffered by the plaintiff and any profits made by the
989 violator as a result of the violation; or

990 (2) \$100 a day for each day of violation; or

991 (3) \$1,000.

992 (d) A complete defense against any civil action brought under this section is a good faith
993 reliance on:

994 (1) a court warrant or order, a grand jury subpoena, a legislative authorization, or a
995 statutory authorization;

996 (2) a request of an investigative or law enforcement officer under section 9(j) of this
997 section; or

998 (3) a good faith determination that section 3(d) of this section permitted the conduct
999 complained of.

1000 (e) A civil action under this section may not be commenced later than two years after the
1001 date upon which the claimant first has a reasonable opportunity to discover the violation

1002 Section 18. Severability.

1003 If any provisions of this section or application thereof to any person or circumstance is
1004 held invalid, the invalidity does not affect other provisions or applications of the section which
1005 can be given effect without the invalid provisions or application, and to this end the provisions of
1006 this section are severable.
