6 health and lowering the cost of health care. The legislature intends to regulate the license,

(b) No pharmacy shall license, use, sell, or transfer for any commercial purpose, prescriber-identifiable data.

(c) Nothing in this section shall prohibit a pharmacy from collecting, licensing, using, selling, or transferring data for commercial purposes if the data is de-identified and aggregated into categories, including, but not limited to, zip code, geographic region, or medical purposes.

(g) Whoever violates any provision of this section shall be punished by imprisonment for not more than two and one half years in a house of correction, or by a fine of not less than twenty thousand dollars, or by both such fine and imprisonment.
