

HOUSE No. 1786

The Commonwealth of Massachusetts

PRESENTED BY:

Stephen R. Canessa

To the Honorable Senate and House of Representatives of the Commonwealth of Massachusetts in General Court assembled:

The undersigned legislators and/or citizens respectfully petition for the adoption of the accompanying bill:

An Act providing for an automated toll collection review.

PETITION OF:

HOUSE No. 1786

By Mr. Stephen R. Canessa of New Bedford, petition (accompanied by bill, House, No. 01786) of Carl M. Sciortino and others for an investigation by the Executive Office of Transportation and the Turnpike Authority of the establishment of a fully-automated toll collection system . Joint Committee on Transportation.

[SIMILAR MATTER FILED IN PREVIOUS SESSION
SEE HOUSE, NO. 1151 OF 2009-2010.]

The Commonwealth of Massachusetts

In the Year Two Thousand Eleven

An Act providing for an automated toll collection review.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 The Massachusetts department of transportation will work with the appropriate state
2 agency responsible for the management and operation of Massachusetts toll roads at the time of
3 enactment, to conduct a study of the benefits and challenges of a fully-automated toll collection
4 system to serve all Massachusetts toll roads.

5 The said review by the Massachusetts department of transportation shall present fully-
6 automated toll collection system alternatives, including open-road tolling; examine ways in
7 which these alternatives impact operating costs, motorist wait-time and vehicle congestion and
8 idling at Massachusetts toll road collection sites; provide recommendations for the
9 implementation of a fully-automated toll collection system; and propose guidelines for
10 enforcement.

11 The Massachusetts department of transportation, working with the state agencies
12 responsible for the management and operation of toll roads at the time of enactment, shall
13 present its findings and recommendations for a fully-automated toll collection system to the Joint
14 Committee on Transportation within three months from the adoption of this legislation.
