HOUSE No. 2552

By Mr. Moran of Boston, a petition (accompanied by bill, House, No. 2552) of Michael J. Moran, Chris Walsh and Carolyn C. Dykema for legislation to authorize cities and towns to negotiate certain payments in lieu of taxes from charitable organizations. Revenue.

The Commonwealth of Massachusetts

In the Year Two Thousand Eleven

An Act relating to payments in lieu of taxes.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Clause 3 of Section 5 of Chapter 59 of the General Laws is hereby amended
2 by adding the following paragraph:

3 (f) In any city or town that accepts the provisions of this paragraph by a vote of the local
4 legislative body, that city or town shall be authorized to negotiate payments in lieu of taxes
5 (PILOTS) with local charitable organizations. It is recommended that the following criteria
6 serve as guidelines for the negotiations:

7 (1) Base PILOT contributions shall be a percentage of the organization's assessed
8 property value, with an exemption of the first \$15 million of assessed property value, which is
9 equal to the percentage of the city or town's budget that is spent on police, fire, snow removal
10 and other essential services, but in no case exceeding 25% of assessed property value.

11 (2) Except in extraordinary circumstances, a credit limited to no more than 50% of
12 the PILOT payment may be provided to charitable organizations based on the community

13 benefits they provide. Community benefits may include, but are not limited to, scholarships,
14 community access to the organization's facilities, job training initiatives, free medical care, and
15 community education.

16 (3) This formula may be phased in over an appropriate time period to avoid unduly
17 and unexpectedly burdening nonprofit institutions.

18 (4) Charitable organizations should receive a credit for the real estate taxes paid on
19 properties that would ordinarily qualify for a tax exemption based on use.
