An Act relative to derivative activities of state banks.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1           SECTION 1. Section 6(a) of Chapter 167E of the General Laws is hereby amended by  
2     inserting a new clause (6) as follows:

3           (6) The total obligations of one borrower for the purposes of this section shall include  
4     credit exposures as a counterparty in derivative transactions with the bank. For purposes of this  
5     clause (6), (i) the term “derivative transaction” shall include any transaction that is a contract,  
6     agreement, swap, warrant, note, or option that is based, in whole or in part, on the value of, any  
7     interest in, or any quantitative measure or the occurrence of any event relating to, one or more  
8     commodities, securities, currencies, interest or other rates, indices, or other assets; and (ii) “credit  
9     exposure” to a counterparty in connection with derivative transactions shall be determined based  
10    on an amount that the bank reasonably determines under the terms of the derivative or otherwise  
11    would be its loss were the counterparty to default on that date, taking into account any netting  
12    and collateral arrangements, and any guarantees or other credit enhancements; provided that the

- 13 bank may elect to determine credit exposure on the basis of such other method of determining
- 14 credit exposure as may be permitted by the bank's primary Federal regulatory authority.
