**HOUSE . . . . . No. 3053**

By Ms. Ehrlich of Marblehead, a petition (accompanied by bill, House, No. 3053) of Lori A. Ehrlich and others relative to natural gas pipeline safety and transparency. Telecommunications, Utilities and Energy.

**The Commonwealth of Massachusetts**

**In the Year Two Thousand Eleven**

An Act relative to natural gas pipeline safety and transparency.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1 SECTION 1. Chapter 164 of the General Laws, as appearing in the 2008 Official Edition,  
2 is hereby amended by adding after section 1J the following section:-

3 Section 1K. To promote transparency, oversight and enforcement within the natural gas  
4 distribution sector for the commonwealth the department of public utilities shall provide and  
5 make publicly available on the internet all data and reports of all oversight and enforcement  
6 actions taken by the department’s pipeline safety division or any person or agency acting on their  
7 behalf involving distribution gas pipeline companies in the commonwealth.

8 Said data shall include, but not be limited to the following: requested and approved  
9 waivers, operations and maintenance (O&M) manual modifications, pilot programs,  
10 interpretations, notice of probable violations (NOPV), fines, warnings, appeals, field inspection  
11 reports, all operator qualification (OQ) personnel qualified to perform work on any distribution  
12 pipeline in Massachusetts, annual 3rd party damage reports, gas leakage information including

13 repairs, annual leak backlog totals, lost gas due to leakage and information on all repairs  
14 performed on leak grade types.

15 The Department shall update on its website postings to comply with this section within  
16 seven business days of any change and post the date on which the information was updated. A  
17 public utility may also post the information required to be posted but is not required to do so.

18 In the event an emergency, such as an earthquake, flood, fire or hurricane, severely  
19 disrupts the department's normal business operations, the posting requirements in this part may  
20 be suspended. If the disruption lasts longer than 1 month, the department shall notify the  
21 Massachusetts General Court and may seek a further exemption from the posting requirements.

22 All website postings required by this Act must be sufficiently prominent as to be readily  
23 accessible.

24 If the department determines any of the information required by this section is or could  
25 be or used as a threat to the public and/or homeland security an industry secured database shall  
26 be created to allow only identified groups, organizations and labor unions access to said material.  
27 Rejection of access may only be redeemed by a proven threat or lack of credentials as a regular  
28 participant of department business.
