16 The commission shall, within 1 year of the effective date of this act, identify and
17 implement evidence-based, scientifically-validated risk and needs assessment instruments to be

31 The commission shall meet regularly, and in no event, less often than quarterly, to review
32 the data so collected and to identify and implement additional evidence-based practices to
33 promote public safety, reduce recidivism, limit incarceration and overcrowding of correctional
34 facilities, and reduce costs.

35 The commission shall, within 1 year of the effective date of this act and annually
36 thereafter, submit a report to the senate ways and means committee, the house ways and means
