—————

An Act to provide improved access to taxicabs for persons with disabilities.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1           The term “accessible taxicab” shall refer to a taxicab that complies with federal  
2 regulations promulgated pursuant to the Americans with Disabilities Act applicable to vans  
3 under 22 feet in length, by the federal Department of Transportation, in Code of Federal  
4 Regulations, title 49, parts 37 and 38, and by the federal Architectural and Transportation  
5 Barriers Compliance Board, in Code of Federal Regulations, title 36, sections 1192.23 et seq.,  
6 and the Federal Motor Vehicle Safety Standards, Code of Federal Regulations, title 49, part 571,  
7 that is hacked-up, as that term is defined in section 3-01(a) of this chapter, to an accessible  
8 medallion or any other medallion on or after June 25, 2013.

9           A vehicle that complies with this section, except that the rear bumper has been cut or  
10 otherwise modified to allow the installation of a reentry ramp for wheelchair access, shall  
11 nonetheless be approved for hack-up as an accessible taxicab if:

12 (1) The rear bumper is reinforced and the rear bumper modification is approved by the  
13 OEM;

14 (2) The vehicle modifications meet or exceed any applicable Federal Motor Vehicle  
15 Safety Standards crash testing requirements;

16 (3) If the rear door lock mechanism of the vehicle is modified, the modification must  
17 meet or exceed Federal Motor Vehicle Safety Standards and the lock mechanism must be affixed  
18 to the vehicle chassis, not the ramp assembly, unless a secondary  
19 lock is provided that is affixed to the vehicle chassis.

20 That "accessible taxicab" shall mean any vehicle that (1) is equipped with a lift, ramp, or  
21 any other device, arrangement or alteration, so it is capable of transporting persons with physical  
22 disabilities, including those who use wheelchairs, scooters and similar devices while they  
23 remain seated in their wheelchairs, scooters or similar devices; (2) complies with the  
24 specifications set forth in regulations promulgated under the Americans with disabilities act and  
25 codified at 49 c.f.r. sections 38.23, 38.25 and 38.31, as amended, whether or not those  
26 regulations would apply under federal law; (3) is equipped with an assistive listening system for  
27 persons with hearing impairment that is connected with any intercom, video or audio system,  
28 when such a system is installed; (4) assures that the technology utilized by taxicabs is compliant  
29 with the standards promulgated by the commissioner of transportation; provided that a local  
30 authority with oversight over taxicabs, limousines and livery vehicles may conduct pilot  
31 programs testing new systems;

32 The secretary of transportation shall promulgate any rules, regulations and standards  
33 necessary to give effect of the provisions of this act, including, but not limited to rules,

- 34 regulations and standards concerning the standardization of assistive listening technology available
- 35 in taxicabs and the content of signs available in taxicabs to visually impaired persons. -
