

HOUSE No. 3568

The Commonwealth of Massachusetts

In the Year Two Thousand Twelve

An Act increasing the experience and background necessary to operate low pressure processed steam boilers..

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Section 1 of chapter 146, as appearing in the 2008 Official Edition, is
2 hereby amended by inserting, in line 17, after the words “a district engineer inspector” the
3 words: - “who shall be a licensed Massachusetts First Class Engineer; who shall have at least ten
4 (10) years of experience in the practice of the stationary engineering.”

5 SECTION 2. Section 1 of Chapter 146 as appearing in the 2008 General Laws is hereby
6 amended by adding in line 13 after the word “safety” the following words. “The Chief of
7 Inspections Mechanical shall be a First Class Licenses Engineer.”

8 SECTION 3. Notwithstanding any General or special law or any rule or regulation to the
9 contrary Section 13 of chapter 146, as appearing in the 2008 Official Edition, is hereby amended
10 by inserting, after line 7, the following new section:- “All facilities with low pressure processed
11 steam boilers below fifteen (15) pounds involved in the process, production and manufacturing
12 of a product or commodity, or chemicals, shall require periodic attendance as defined in Section
13 46 of Chapter 146 of the General Laws as appearing in the 2008 Official Edition. Said boilers

14 shall be operated and maintained by a dually licensed First Class Fireman. This license must be
15 renewed every five (5) years and shall require thirty (30) hours of training from an approved
16 school by the department of public safety.

17 SECTION 4: This act shall not apply to boilers used for agricultural greenhouse
18 purposes.

19 SECTION 5: This act shall take effect upon passage.
