The state secretary shall oversee the analysis and shall publish the findings and make the findings available online, along with the factual information on which such findings were based, within 180 days.

(i) (1) Upon receipt of the results of the audit, the state secretary shall make information in the audit reports publicly available on a precinct-by-precinct basis as soon as practicable, but no later than 10 days after receipt of the audit report form, in both human and machine readable formats, such as a spreadsheet or comma-separated-value file. This information shall also be posted on the electronic website of the state secretary.

(2) The state secretary shall publish the results of the audit in the report required by section 133 or in some other document in which the results of the audit can easily be compared with the number of votes received by each candidate for nomination and for election for a state and federal office.

(3) The audit and publication of the results thereof shall be completed prior to the time the commonwealth shall make a final determination concerning the appointment of its presidential electors.

(j) The state secretary shall promulgate rules and regulations to implement the requirements of this section.
