609 enforcement of its infrastructure assessments, the assessing party is hereby granted all the powers
610 and privileges with respect thereto held by the municipality on the effective date of this chapter
611 or as otherwise provided in this chapter, to be exercised concurrently with the municipality.

612 The infrastructure assessments of general application authorized by this chapter may only
613 be increased for administrative expenses in excess of the infrastructure assessments described in
614 the improvement plan, and shall be in accordance with the procedures to be established by the
615 assessing party for assuring that interested persons are afforded notice and an opportunity to

653 leaseholds, or other interests therein within the development zone to finance the cost of the
654 improvements and the maintenance, repair, replacement and renewal thereof, and the expense of
655 administration thereof. In determining the basis for and amount of the special assessment, the
656 cost of the improvements and the maintenance, repair, replacement and renewal thereof, and the
657 expense of administration thereof, including the cost of the repayment of the debt issued or to be
658 issued by the agency to finance the improvements, may be calculated and levied using any of the
659 following methods that result in fairly allocating the costs of the improvements to the real estate
660 in the development zone:

661 (1) equally per length of frontage, or by lot, parcel, or dwelling unit, or by the square
662 footage of a lot, parcel or dwelling unit;

663 (2) according to the value of the property as determined by the municipality's board of
664 assessors; or

665 (3) in any other reasonable manner that results in fairly allocating the cost, administration
666 and operation of the improvements, according to the benefit conferred or use received including,
667 but not limited to, by classification of commercial or residential use or distance from the
668 improvements.

669 The assessing party, consistent with the improvement plan, may also provide for the
670 following:

673 shall be levied or collected on a parcel;

674 (3) annual collection of the levy without subsequent approval of the assessing party;

675 (4) the circumstances under which the special assessment levied against any parcel may
676 be increased, if at all, as a consequence of delinquency or default by the owner of that parcel or
677 any other parcel within the development zone;

678 (5) the circumstances under which the special assessments may be reduced or abated; and

679 (6) the assessing party may establish procedures allowing for the prepayment of
680 infrastructure assessments under this chapter.

681 (c) Infrastructure assessments, levied under this chapter shall be collected and secured in
682 the same manner as property taxes, betterments, and assessments and fees owed to the
683 municipality unless otherwise provided by the assessing party and shall be subject to the same
684 penalties and the same procedure, sale, and lien priority in case of delinquency as is provided for
685 such property taxes, betterments and liens owed to the municipality. Any liens imposed by the
686 municipality for the payment of property taxes, betterments and assessments shall have priority
687 in payment over any liens placed on real estate within the development zone.

688 (d) Notwithstanding any general or special act to the contrary, the agency, the
689 municipality, or any other public facilities owner are each authorized to contract with 1 or more
690 owners of real estate within a development zone to acquire or undertake improvements within
691 the development zone. Upon completion, such improvements shall be conveyed to the public
692 facilities owner, provided that the consideration for said conveyance shall be limited to the cost
693 of said improvements.

694 Section 5. (a) In addition to the powers granted pursuant to chapter 23G and chapter 40D
695 of the General Laws, the agency is hereby authorized to borrow money and issue and secure its
696 bonds for the purpose of financing improvements as provided in and subject to, the provisions of
697 this chapter; provided further that the provisions of said chapters 23G and 40D of the General
698 Laws shall apply to bonds issued under this section, except that the provisions of subsection (b)
699 of section 8 of said chapter 23G and section 12 of said chapter 40D shall not apply to bonds
700 issued pursuant to this chapter or the improvements financed thereby; and provided further, that
701 the improvements financed by the agency pursuant to this chapter shall constitute a project
702 within the meaning of section 1 of said chapter 23G and section 1 of said chapter 40D, but shall
703 not be considered facilities to be used in a commercial enterprise. With respect to the issuance of
704 bonds or notes for the purposes of this chapter in the event of a conflict between this chapter and
705 chapter 23G, the provisions of this chapter shall control.

706 Nothing in this chapter shall be construed to limit or otherwise diminish the power of the
707 agency to finance the costs of projects authorized pursuant to said chapter 23G and said chapter
708 40D within the development zone or the municipality upon compliance with the provisions of
709 said chapter 23G and said chapter 40D.

710 (b) The agency is hereby authorized and empowered to provide by resolution of its board
711 of directors, from time to time, for the issuance of bonds or notes of the agency for any of the
712 purposes set forth in this chapter. Bonds issued hereunder shall be special obligations payable
713 solely from particular funds and revenues generated from infrastructure assessments levied
714 pursuant to this chapter as provided in such resolution. No bonds or notes shall be issued by the
715 agency pursuant to this chapter until the agency's board of directors has determined that the
716 bonds or notes trust agreement and any related financing documents are reasonable and proper

717 and comply with this chapter. The agency may charge a reasonable fee in connection with the
718 review of such documentation by its staff and board of directors. Without limiting the generality
719 of the foregoing, such bonds may be issued to pay or refund notes issued pursuant to this chapter,
720 to pay the cost of acquiring, laying, constructing, and reconstructing the improvements. The
721 bonds of each issue shall be dated, shall bear interest at the rates, including rates variable from
722 time to time, and shall mature at the time or times not exceeding 35 years from their date or
723 dates, as determined by the agency, and may be redeemable before maturity, at the option of the
724 agency or the holder thereof, at the price or prices and under the terms and conditions fixed by
725 the agency before the issuance of the bonds. The agency shall determine the form of the bonds,
726 and the manner of execution of the bonds, and shall fix the denomination or denominations of
727 the bonds and the place or places of payment of principal and interest, which may be at any bank
728 or trust company within or without the commonwealth and such other locations as designated by
729 the agency. In the event an officer whose signature or a facsimile of whose signature shall appear
730 on any bonds shall cease to be an officer before the delivery of the bonds, the signature or
731 facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had
732 remained in office until the delivery. The bonds shall be issued in registered form. The agency
733 may sell the bonds in a manner and for a price, either at public or private sale, as it may
734 determine to be for the best interests of the development zone.

735 Before the preparation of definitive bonds, the agency may, under like restrictions, issue
736 interim receipts or temporary bonds exchangeable for definitive bonds when the bonds have been
737 executed and are available for delivery. The agency may also provide for the replacement of any
738 bonds that shall become mutilated or shall be destroyed or lost. The issuance of the bonds, the

739 maturities, and other details thereof, the rights of the holders thereof, and the agency in respect of
740 the same, shall be governed by this chapter insofar as the same may be applicable.

741 While any bonds or notes of the agency remain outstanding, its powers, duties or
742 existence shall not be diminished or impaired in any way that will affect adversely the interests
743 and rights of the holders of such bonds or notes. Bonds or notes issued under this chapter, unless
744 otherwise authorized by law, shall not be deemed to constitute a debt of the commonwealth or
745 the municipality, or a pledge of the faith and credit of the commonwealth or of the municipality,
746 but the bonds or notes shall be payable solely by the agency as special obligations payable from
747 particular funds collected from infrastructure assessments levied pursuant to this chapter and any
748 revenues derived from the operation of the improvements. Any bonds or notes issued by the
749 agency under this chapter, shall contain on the face thereof a statement to the effect that neither
750 the commonwealth, or the municipality, shall be obliged to pay the same or the interest thereon,
751 and that the faith and credit or taxing power of the commonwealth, the municipality, or the
752 agency is not pledged to the payment of the bonds or notes. All bonds or notes issued under this
753 chapter shall have and are hereby declared to have all the qualities and incidents of negotiable
754 instruments as defined in section 3-104 of chapter 106 of the General Laws.

755 Issuance by the agency of 1 or more series of bonds or notes for 1 or more purposes shall
756 not preclude it from issuing other bonds or notes in connection with the same project or any
757 other project; provided, however, that the resolution or trust indenture wherein any subsequent
758 bonds or notes may be issued shall recognize and protect any prior pledge made for any prior
759 issue of bonds or notes unless in the resolution or trust indenture authorizing such prior issue the
760 right is reserved to issue subsequent bonds on a parity with such prior issue.

761 (c) In the discretion of the agency, bonds issued pursuant to this chapter may be secured
762 by a trust agreement between the agency and the bond owners or a corporate trustee which may
763 be any trust company or bank having the powers of a trust company within or without the
764 commonwealth. A trust agreement may pledge or assign, in whole or in part, the revenues, funds
765 and other assets or property held or to be received by the assessing party, or the agency including
766 without limitation all monies and investments on deposit from time to time in any fund of the
767 assessing party or the agency or any account thereof and any contract or other rights to receive
768 the same, whether then existing or thereafter coming into existence and whether then held or
769 thereafter acquired by the assessing party or the agency, and the proceeds thereof. A trust
770 agreement may pledge or assign, in whole or in part, development zone revenues, funds and
771 other assets or property relating to the development zone held or to be received by the assessing
772 party or the agency. A trust agreement may contain, without limitation, provisions for protecting
773 and enforcing the rights, security and remedies of the bondholders, provisions defining defaults
774 and establishing remedies, which may include acceleration and may also contain restrictions on
775 the remedies by individual bondholders. A trust agreement may also contain covenants of the
776 agency concerning the custody, investment and application of monies, the issue of additional or
777 refunding bonds, the use of any surplus bond proceeds, the establishment of reserves and the
778 regulation of other matters customarily treated in trust agreements. It shall be lawful for any bank
779 or trust company to act as a depository of any fund of the assessing party or the agency or trustee
780 under a trust agreement, provided it furnishes indemnification and reasonable security as the
781 agency may require. Any assignment or pledge of revenues, funds and other assets and property
782 made by the assessing party or the agency shall be valid and binding and shall be deemed
783 continuously perfected for the purposes of chapter 106 and other laws when made. The revenues,

784 funds and other assets and property, rights therein and thereto and proceeds so pledged and then
785 held or thereafter acquired or received by the assessing party or the agency shall immediately be
786 subject to the lien of such pledge without any physical delivery or segregation or further act, and
787 the lien of any such pledge shall be valid and binding against all parties having claims of any
788 kind in tort, contract or otherwise against the trust, whether or not such parties have notice
789 thereof. The trust agreement by which a pledge is created need not be filed or recorded to perfect
790 the pledge except in the records of the agency and no filing need be made pursuant to said
791 chapter 106. Any pledge or assignment made by the agency is an exercise of its political and
792 governmental powers, and revenues, funds, assets, property and contract or other rights to
793 receive the same and the proceeds thereof which are subject to the lien of a pledge or assignment
794 created under this chapter shall not be applied to any purposes not permitted by the pledge or
795 assignment.

796 (d) The agency is hereby authorized and empowered to issue, from time to time, notes of
797 the agency in anticipation of federal, state or local grants for the cost of acquiring, constructing
798 or improving the development zone's improvements or in anticipation of bonds to be issued
799 pursuant to this chapter. Said notes shall be authorized, issued and sold in the same manner as,
800 and shall otherwise be subject to the other provisions of this chapter. Such notes shall mature at
801 such time or times as provided by the issuing resolution of the agency and may be renewed from
802 time to time; provided, however, that all such notes and renewals thereof shall mature on or prior
803 to 20 years from their date of issuance.

804 (e) In addition to other security provided herein, or otherwise by law, bonds, notes or
805 obligations issued by the agency under any provision of this chapter, may be secured, in whole or
806 in part, by a letter of credit, line of credit, bond insurance policy, liquidity facility or other credit

807 facility for the purpose of providing funds for payments in respect of bonds, notes or other
808 obligations required by the holder thereof to be redeemed or repurchased prior to maturity or for
809 providing additional security for such bonds, notes or other obligations. In connection therewith,
810 the agency may enter into reimbursement agreements, remarketing agreements, standby bond
811 purchase agreements and any other necessary or appropriate agreements. The assessing party
812 may pledge or assign any of its revenues as security for the reimbursement by the it to the
813 agencies or providers of such letters of credit, lines of credit, bond insurance policies, liquidity
814 facilities or other credit facilities of any payments made under the letters of credit, lines of credit,
815 bond insurance policies, liquidity facilities or other credit facilities.

816 (f) In connection with, or incidental to, the issuance of bonds, notes or other obligations,
817 the agency may enter into such contracts as the agency may determine to be necessary or
818 appropriate relative to the issuance thereof and the interest payable thereon or to place the bonds,
819 notes or other obligations of the agency, as represented by the bonds or notes, or other
820 obligations in whole or in part, on such interest rate or cash flow basis as the agency may
821 determine appropriate, including without limitation, interest rate swap agreements, insurance
822 agreements, forward payment conversion agreements, futures contracts, contracts providing for
823 payments based on levels of, or changes in, interest rates or market indices, contracts to manage
824 interest rate risk, including without limitation, interest rate floors or caps, options, puts, calls and
825 similar arrangements. Such contracts shall contain such payment, security, default, remedy and
826 other terms and conditions as the agency may deem appropriate and shall be entered into with
827 such party or parties as the agency may select, after giving due consideration, where applicable,
828 for the credit worthiness of the counter party or counter parties, including any rating by a

829 nationally recognized rating agency, the impact on any rating on outstanding bonds, notes or
830 other obligations or any other criteria the agency may deem appropriate.

831 (g) The agency shall have the power out of any funds available therefore to purchase its
832 bonds or notes. The agency may hold, pledge, cancel or resell such bonds or notes, subject to and
833 in accordance with agreements with bondholders. The agency may issue refunding bonds for the
834 purpose of paying any of its bonds at maturity or upon acceleration or redemption. Refunding
835 bonds may be issued at such time or times prior to the maturity or redemption of the refunded
836 bonds as the agency deems to be in the public interest. Refunding bonds may be issued in
837 sufficient amounts to pay or provide for the principal of the bonds being refunded, together with
838 any redemption premium thereon, any interest accrued or to accrue to the date of payment of
839 such bonds, the expense of issuing the refunding bonds, the expense of redeeming bonds being
840 refunded and such reserves for debt service or other capital from the proceeds of such refunding
841 bonds as may be required by a trust agreement or resolution securing the bonds and, if
842 considered advisable by the agency, for the additional purpose of the acquisition, construction or
843 reconstruction and extension or improvement of improvements. All other provisions relating to
844 the issuance of refunding bonds shall be as set forth in this chapter insofar as the same may be
845 applicable.

846 (h) All moneys received pursuant to the provisions of this chapter, whether as proceeds
847 from the issue of bonds or notes, or as revenue or otherwise, shall be deemed trust funds to be
848 held and applied solely as provided in this chapter.

849 (i) Bonds or notes issued under this chapter are hereby made securities in which all public
850 officers and public bodies of the commonwealth and its political subdivisions, all insurance

851 companies, trust companies in their commercial departments and within the limits set by the
852 General Laws, banking associations, investment companies, executors, trustees and other
853 fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to
854 invest in bonds or other obligations of a similar nature may properly and legally invest funds,
855 including capital in their control and belonging to them; and the bonds are hereby made
856 obligations that may properly and legally be made eligible for the investment of savings deposits
857 and income thereof in the manner provided by section 2 of chapter 167E. The bonds or notes are
858 hereby made securities that may properly and legally be deposited with and received by any state
859 or municipal officer or any agency or political subdivision of the commonwealth for any purpose
860 for which the deposit of bonds or other obligations of the commonwealth is now or may hereafter
861 be authorized by law.

862 Notwithstanding any general or special law to the contrary, or any provision in their
863 respective charters, agreements of associations, articles or organization, or trust indentures,
864 domestic corporations organized for the purpose of carrying on business within the
865 commonwealth, including without implied limitation any electric or gas company as defined in
866 section 1 of chapter 164, railroad corporations as defined in section 1 of chapter 160, financial
867 institutions, trustees and the municipality may acquire, purchase, hold, sell, assign, transfer, or
868 otherwise dispose of any bonds, notes, securities or other evidence of indebtedness of the agency
869 provided that they are rated similarly to other governmental bonds or notes, and to make
870 contributions to the agency, all without the approval of any regulatory authority of the
871 commonwealth.

872 (j) Any holder of bonds or notes issued under this chapter, and a trustee under a trust
873 agreement, except to the extent its rights may be restricted by the trust agreement, may, either at

874 law or in equity, by suit, action, mandamus or other proceeding, protect and enforce all rights
875 under the laws of the commonwealth or granted hereunder or under the trust agreement, and may
876 enforce and compel the performance of all duties required by this chapter or by the trust
877 agreement, to be performed by the agency or by any officer thereof.

878 (k) Notwithstanding any of the provisions of this chapter or any recitals in any bonds or
879 notes issued under this chapter, all such bonds or notes shall be deemed to be investment
880 securities under the provisions of chapter 106.

881 (l) Bonds or notes may be issued under this chapter without obtaining the consent of any
882 department, division, commission, board, bureau or agency of the commonwealth or the
883 municipality, and without any proceedings or the happening of any other conditions or things
884 than those proceedings, conditions or things that are specifically required thereof by this chapter,
885 and the validity of and security for any bonds or notes issued by the agency shall not be affected
886 by the existence or nonexistence of any such consent or other proceeding conditions, or things.

887 Section 6. Bonds or notes issued by the agency and their transfer and their interest or
888 income, including any profit on the sale thereof, and the improvements belonging to the public
889 facilities owner shall at all times be exempt from taxation within the commonwealth, provided
890 that nothing in this chapter shall act to limit or restrict the ability of the commonwealth or the
891 municipality to otherwise tax the individuals and companies, or their real or personal property or
892 any person living or business operating within the boundaries of the development zone.

893 Section 7. For purposes of this chapter, the agency may also issue bonds secured by
894 infrastructure assessments pursuant to and according to the terms of chapter 40Q of the General
895 Laws. With the approval of the municipal governing body and the Massachusetts Economic

896 Assistance Coordinating Council, the agency may issue its bonds in place of those of the
897 municipality pursuant to, and according to the terms of chapter 40Q, provided that the
898 municipality has fulfilled all requirements set forth in said chapter 40Q that would be required of
899 the municipality if it were itself issuing bonds pursuant to said chapter 40Q. In addition, the
900 municipality shall include in its “invested revenue district development program” as defined in
901 said chapter 40Q, a description of the rights and responsibilities of the assessing party, the
902 agency and the municipality with respect to said program. In such case, the municipality may
903 designate the agency as the issuer of bonds pursuant to said chapter 40Q for the purpose of
904 financing any of the “project costs” as defined in said chapter 40Q and that are located in, or
905 functionally serving the needs of the development zone. The municipality shall determine the
906 percentage of the “captured assessed valuation,” as defined in said chapter 40Q, of property
907 within the boundaries of the development zone that the municipality is pledging pursuant to an
908 invested revenue district development program as defined in said chapter 40Q for the payment of
909 the agency’s bonds. With the written agreement of the person or persons owning 1 or more
910 specific tax parcels in the development zone, the assessing party may adopt a plan whereby any
911 of the assessing powers described in this chapter are made applicable exclusively to said parcels
912 in order to secure and fund the debt service for the bonds. The “project costs” as defined in said
913 chapter 40Q, shall not be reduced by the amount of the revenues derived pursuant to this chapter
914 and said revenues derived from such a plan, may be made contingent upon or abated, in whole or
915 in part, by the assessing party upon the receipt of the anticipated revenues generated through the
916 pledged captured assessed valuation. At its option, the municipality may waive any adjustment
917 for the “inflation factor” described in said chapter 40Q, in order to increase the captured assessed
918 valuation available to finance improvements benefiting the development zone. The assessing

919 party, the agency and the municipality shall enter into an agreement delineating the rights and
920 responsibilities of each pursuant to such district improvement financing.

921 Section 8. The agency may make representations and agreements for the benefit of the
922 holders of the agency's bonds and notes or other obligations to provide secondary market
923 disclosure information. The agreement may include: (1) covenants to provide secondary market
924 disclosure information (2) arrangements for such information to be provided with the assistance
925 of a paying agent, trustee, dissemination or other agent; and (3) remedies for breach of the
926 agreements, which remedies may be limited to specific performance.

927 Section 9. The collector-treasurer of each municipality, at the option of the municipality
928 and the agency, may collect any infrastructure assessments including any recording fees, on
929 behalf of the agency pursuant to an agreement between the municipality and the agency and to
930 disburse the funds to any designated management entity or financial institution selected by
931 agency. The collector-treasurer shall disburse revenues to the management entity or financial
932 institution within 30 days of the collection of such fees, together with the interest earned on the
933 holding of such fees.

934 Section 10. (a) This chapter shall be considered to provide an exclusive, additional,
935 alternative and complete method of accomplishing the purposes of this chapter and exercising
936 the powers authorized hereby and shall be considered and construed to be supplemental and
937 additional to, and not in derogation of, powers conferred upon the agency, the assessing party or
938 the public facilities owner, by law; but, insofar as the proceedings of this chapter are inconsistent
939 with any general or specific law, administrative order or regulation, or any resolution or
940 ordinance of the municipality, this chapter shall be controlling. Without limiting the generality of

941 the foregoing, no provision of any resolution or ordinance of the municipality requiring
942 ratification by the voters of certain bond issues shall apply to the issuance of bonds or notes of
943 the agency pursuant to this chapter, nor shall be applicable to the manner of voting or the
944 limitations as to the amount and time of payment of debts incurred by the agency.

945 (b) Except as specifically provided in this chapter, all other statutes, ordinances,
946 resolutions, rules and regulations of the commonwealth and the municipality shall be fully
947 applicable to the property, property owners, residents and businesses located in the development
948 zone. This chapter shall not obligate the municipality or the agency to pay any costs for the
949 acquisition, construction, equipping or operation and administration of the improvements located
950 within the development zone.

1877 that all regions of the Commonwealth are able to fairly compete for allocations, including
1878 gateway municipalities, rural areas and suburban areas. At least 30 percent of the community

1879 partners shall be located in or serving gateway municipalities and at least 20 percent of the
1880 community partners shall be located in or serving rural areas, as defined by the department,
1881 unless the department finds that there are not a sufficient number of qualified applications from
1882 those areas.

1883 (3) The department shall implement at least one such allocation process each year. Each
1884 tax credit allocation shall be valid for a period of up to three years, contingent upon the
1885 community partner satisfactorily meeting the reporting requirements of the department.
1886 Community partners who have not fully utilized their community investment tax credit
1887 allocations within three years may apply to the department for a one year extension. Community
1888 investment tax credit allocations may be revoked after two years from the date of the award by
1889 the department if (i) the community partner has been unable to secure donation commitments for
1890 at least 50 percent of total allocation by that time, (ii) if the community partner is found to be in
1891 noncompliance with this statute or the department's regulations promulgated hereunder, (iii) if

1896 receive a subsequent allocation unless it has utilized at least 95% of the three-year total of any
1897 prior allocation.

1898 (5) A community partner may receive qualified investments directly from one or more
1899 taxpayers or it may transfer some or all of its community investment tax credit allocation to a
1900 community partnership fund and receive qualified investments from that fund.

1901 (6) Before receiving a qualified investment from a taxpayer or from a community
1902 partnership fund, the community partner shall first receive certification from the department that
1903 it has been awarded a community investment tax credit allocation.

1904 (7) The department may authorize up to two nonprofit organizations to operate
1905 community investment partnership funds. In selecting one or two nonprofit organizations to
1906 serve in this function the department shall seek organizations which demonstrate that they have
1907 the capacity to solicit, administer and re-grant qualified investments and can advance the
1908 purposes of this statute.

1909 (8) The department, in consultation with the commissioner shall prescribe regulations
1910 necessary to carry out this subsection (b). Such regulations shall include requirements for annual
1911 reports from community partners and community partnership funds regarding outcomes achieved
1912 during the prior year.

1913 (c) There is hereby established a Massachusetts community investment tax credit.

1914 (d) The commissioner, in consultation with the department, shall authorize annually
1915 beginning January 1, 2013 under this section an amount not to exceed \$2,000,000 in 2013,
1916 \$4,000,000 in 2014, and \$6,000,000 in 2015 and each year thereafter for the community
1917 investment tax credit.

1918 (e) The total of all tax credits available to a taxpayer pursuant to this section shall not
1919 exceed \$1,000,000 in any one tax year and no tax credit shall be allowed to any taxpayer for
1920 participating in a qualified community investment activity of less than \$1,000.

1921 (f) A taxpayer that makes a qualified investment shall be allowed a credit, to be computed
1922 as hereinafter provided, against taxes owed to the Commonwealth under chapter 62 or chapter 63
1923 of the General Laws or other applicable law. The credit shall be equal to 50 percent of the total
1924 qualified investments made by the taxpayer, subject to the cap described in subsection (c)(2)
1925 above. The department shall issue a certification to the taxpayer after the taxpayer makes a
1926 qualified investment. Such certification shall be acceptable as proof that the expenditures related
1927 to such investment qualify as qualified investment for purposes of the credit allowed under this
1928 section.

1929 g) The credit allowable under this section shall be allowed for the taxable year in which a
1930 qualified investment is made. A taxpayer allowed a credit under this section for a taxable year
1931 may carry over and apply against such taxpayer's tax liability in any of the succeeding five
1932 taxable years, the portion, as reduced from year to year, of those credits which exceed the tax for
1933 the taxable year.

1934 (h) Community investment tax credits allowed to a partnership or a limited liability
1935 company taxed as a partnership shall be passed through to the persons designated as partners,
1936 members or owners, respectively, pro rata or pursuant to an executed agreement among the
1937 persons designated as partners, members or owners documenting an alternative distribution
1938 method without regard to their sharing of other tax or economic attributes of the entity.

1939 (i) Taxpayers eligible for the community investment tax credit may, with prior notice to
1940 and in accordance with regulations adopted by the commissioner, transfer the credits, in whole or
1941 in part, to any taxpayer, and the transferee shall be entitled to apply the credits against the tax
1942 with the same effect as if the transferee had made the qualified investment itself. The transferee

1943 shall use the credit in the year it is transferred. If the credit allowable for any taxable year
1944 exceeds the transferee's tax liability for that tax year, the transferee may carry forward and apply
1945 in any subsequent taxable year, the portion, as reduced from year to year, of those credits which
1946 exceed the tax for the taxable year; but, the carryover period shall not exceed five taxable years
1947 after the close of the taxable year during which the qualified investment was made as provided
1948 for in this section.

1949 (j) The commissioner, in consultation with the department, shall prescribe regulations
1950 necessary to carry out the tax credit established in subsection (c).
