752 experts as may be deemed necessary in the public facilities owner's judgment, and to fix their
753 compensation, according to the terms of the improvement plan;

754 (11) to procure insurance against any loss or liability that may be sustained or incurred in
755 carrying out the purposes of this chapter in such amount as the public facilities owner shall deem
756 necessary and appropriate with 1 or more insurers who shall be licensed to furnish such
757 insurance in the commonwealth;

758 (12) to apply for any loans, grants or other type of assistance from the United States
759 Government, the commonwealth or any political subdivision thereof that are described in the
760 improvement plan or an amended improvement plan;

761 (13) to adopt an annual budget and to raise, appropriate, and assess funds in amounts
762 necessary to carry out the purposes for which development zone is formed as described in this
763 chapter and the improvement plan; and

764 (14) to do all things necessary, convenient or desirable for carrying out the purposes of
765 this chapter or the powers expressly granted or necessarily implied in this chapter.

766 Section 4. (a) Consistent with the improvement plan, the assessing party may fix, revise,
767 charge, collect and abate infrastructure assessments, for the cost, maintenance, operation ,and
768 administration of the improvements imposed on the real estate, leaseholds or other interests
769 therein, located in the development zone. All real estate within a development zone owned by the

770 commonwealth or any political subdivision, political instrumentality, agency or public authority
771 thereof shall be exempt from such charges unless such charges are specifically accepted by the
772 commonwealth or such political subdivision, political instrumentality, agency or public
773 authority. In providing for the payment of the cost of the improvements or for the use of the
774 improvements, the assessing party may avail itself of the provisions of the General Laws relative
775 to the assessment, apportionment, division, fixing, reassessment, revision, abatement and
776 collection of infrastructure assessments by cities and towns, or the establishment of liens
777 therefore and interest thereon, and the procedures set forth in sections 5 and 5A of chapter 254 for
778 the foreclosure of liens arising under section 6 of chapter 183A, as it shall deem necessary and
779 appropriate for purposes of the assessment and collection of infrastructure assessments. The
780 assessing party shall file copies of the improvement plan and any amendments thereof, and all
781 schedules of assessments with the appropriate registry of deeds and the municipality's assessors'
782 records so that notice thereof shall be reported on a municipal lien certificate for any real estate
783 parcel located in a development zone. Notwithstanding any general or special law to the
784 contrary, the assessing party may pay the entire cost of any improvements, including the
785 acquisition thereof, during construction or after completion, or the debt service of notes or bonds
786 used to fund such costs, from infrastructure assessments, and may establish said infrastructure
787 assessments prior to, during, or within 1 year after completion of construction or acquisition of
788 any improvements. The assessing party may establish a schedule for the payment of
789 infrastructure assessments not to exceed 35 years. The assessing party may determine the
790 circumstances under which the infrastructure assessments may be increased, if at all, as a
791 consequence of delinquency or default by the owner of a parcel within the development zone. To
792 provide for the collection and enforcement of its infrastructure assessments, the assessing party is

793 hereby granted all the powers and privileges with respect thereto held by the municipality on the
794 effective date of this chapter or as otherwise provided in this chapter, to be exercised
795 concurrently with the municipality.

796 The infrastructure assessments of general application authorized by this chapter may only
797 be increased for administrative expenses in excess of the infrastructure assessments described in
798 the improvement plan, and shall be in accordance with the procedures to be established by the
799 assessing party for assuring that interested persons are afforded notice and an opportunity to
800 present data, views and arguments. The assessing party shall hold at least 1 public hearing on its
801 schedule of infrastructure assessments or any revision thereof prior to adoption by the assessing
802 party, notice of which shall be delivered to the municipality and be published in a newspaper of
803 general circulation in the municipality at least 14 days in advance of the hearing. No later than
804 the date of such publication, the assessing party shall make available to the public and deliver to
805 the municipality the proposed schedule of infrastructure assessments.

806 The infrastructure assessments established by the assessing party shall not be subject to
807 supervision or regulation by any department, division, commission, board, bureau, or agency of
808 the commonwealth or any of its political subdivisions, including without limitation, the
809 municipality, if it is not the assessing party, nor shall the assessing party be subject to the
810 provisions of sections 20A and 21C of chapter 59.

811 Notwithstanding any general or special law to the contrary, the assessing party may
812 contract with 1 or more persons for any services required by the assessing party regarding the
813 assessment, apportionment, division, fixing, reassessment, revision, collection and enforcement
814 of infrastructure assessments hereunder, and the fees, costs and other expenses thereof shall be

815 included in the calculation of the infrastructure assessments levied by the assessing party
816 hereunder.

817 The infrastructure assessments established by the assessing party in accordance with this
818 chapter shall be fixed and adjusted in respect of the aggregate thereof so as to provide revenues
819 at least sufficient to: (i) to pay the administrative expenses of the assessing party; (ii) to pay the
820 principal of, premium, if any, and interest on bonds, notes or other evidences of indebtedness of
821 the agency under this chapter as the same becomes due and payable; (iii) to create and maintain
822 such reasonable reserves as may be reasonably required by any trust agreement or resolution
823 securing bonds; (iv) to provide funds for paying the cost of necessary maintenance, repairs,
824 replacements and renewals of the improvements; and (v) to pay or provide for any amounts that
825 the agency may be obligated to pay or provide for by law or contract, including any resolution or
826 contract with or for the benefit of the holders of its bonds and notes, provided that the assessing
827 party shall not be required to increase any infrastructure assessments by virtue of any individual
828 property owner delinquencies.

829 Notwithstanding any general or special law to the contrary, the agency shall not be
830 precluded from carrying out its obligations under this chapter if it has previously provided
831 technical, real estate, lending, financing, or other assistance to: (i) an infrastructure development
832 project including, but not limited to, a project in which the agency may have a economic interest;
833 (ii) a development zone; or (iii) a municipality associated with, or that may benefit from, an
834 infrastructure development project.

835 (b) As an alternative to levying infrastructure assessments under any other provisions of
836 this chapter or the General Laws, the assessing party may levy special assessments on real estate,

837 leaseholds, or other interests therein within the development zone to finance the cost of the
838 improvements and the maintenance, repair, replacement and renewal thereof, and the expense of
839 administration thereof. In determining the basis for and amount of the special assessment, the
840 cost of the improvements and the maintenance, repair, replacement and renewal thereof, and the
841 expense of administration thereof, including the cost of the repayment of the debt issued or to be
842 issued by the agency to finance the improvements, may be calculated and levied using any of the
843 following methods that result in fairly allocating the costs of the improvements to the real estate
844 in the development zone:

845 (1) equally per length of frontage or by lot, parcel, or dwelling unit or by the square
846 footage of a lot, parcel or dwelling unit;

847 (2) according to the value of the property as determined by the municipality's board of
848 assessors; or

849 (3) in any other reasonable manner that results in fairly allocating the cost, administration
850 and operation of the improvements, according to the benefit conferred or use received including,
851 but not limited to, by classification of commercial or residential use or distance from the
852 improvements.

853 The assessing party, consistent with the improvement plan, may also provide for the
854 following:

855 (1) a maximum amount to be assessed with respect to any parcel;

856 (2) a tax year or other date after which no further special assessments under this section
857 shall be levied or collected on a parcel;

858 (3) annual collection of the levy without subsequent approval of the assessing party;

859 (4) the circumstances under which the special assessment levied against any parcel may
860 be increased, if at all, as a consequence of delinquency or default by the owner of that parcel or
861 any other parcel within the development zone;

862 (5) the circumstances under which the special assessments may be reduced or abated; and

863 (6) the assessing party may establish procedures allowing for the prepayment of
864 infrastructure assessments under this chapter.

865 (c) Infrastructure assessments, levied under this chapter, shall be collected and secured in
866 the same manner as property taxes, betterments, and assessments and fees owed to the
867 municipality unless otherwise provided by the assessing party and shall be subject to the same
868 penalties and the same procedure, sale, and lien priority in case of delinquency as is provided for
869 such property taxes, betterments and liens owed to the municipality. Any liens imposed by the
870 municipality for the payment of property taxes, betterments and assessments shall have priority
871 in payment over any liens placed on real estate within the development zone.

872 (d) Notwithstanding any general or special act to the contrary, the agency, the
873 municipality, or any other public facilities owner may contract with 1 or more owners of real
874 estate within a development zone to acquire or undertake improvements within the development
875 zone. Upon completion, such improvements shall be conveyed to the public facilities owner,
876 provided that the consideration for said conveyance shall be limited to the cost of said
877 improvements.

878 Section 5. (a) In addition to the powers granted pursuant to chapter 23G and chapter 40D,
879 the agency may borrow money and issue and secure its bonds for the purpose of financing
880 improvements as provided in and subject to, the provisions of this chapter; provided further that
881 the provisions of said chapters 23G and 40D shall apply to bonds issued under this section,
882 except that the provisions of subsection (b) of section 8 of said chapter 23G and section 12 of
883 said chapter 40D shall not apply to bonds issued pursuant to this chapter or the improvements
884 financed thereby; and provided further, that the improvements financed by the agency pursuant
885 to this chapter shall constitute a project within the meaning of section 1 of said chapter 23G and
886 section 1 of said chapter 40D, but shall not be considered facilities to be used in a commercial
887 enterprise. With respect to the issuance of bonds or notes for the purposes of this chapter in the
888 event of a conflict between this chapter and chapter 23G, the provisions of this chapter shall
889 control.

890 Nothing in this chapter shall be construed to limit or otherwise diminish the power of the
891 agency to finance the costs of projects authorized pursuant to said chapter 23G and said chapter
892 40D within the development zone or the municipality upon compliance with the provisions of
893 said chapter 23G and said chapter 40D.

894 (b) The agency may provide by resolution of its board of directors, from time to time, for
895 the issuance of bonds or notes of the agency for any of the purposes set forth in this chapter.
896 Bonds issued hereunder shall be special obligations payable solely from particular funds and
897 revenues generated from infrastructure assessments levied pursuant to this chapter as provided in
898 such resolution. No bonds or notes shall be issued by the agency pursuant to this chapter until the
899 agency's board of directors has determined that the bonds or notes trust agreement and any
900 related financing documents are reasonable and proper and comply with this chapter. The agency

901 may charge a reasonable fee in connection with the review of such documentation by its staff and
902 board of directors. Without limiting the generality of the foregoing, such bonds may be issued to
903 pay or refund notes issued pursuant to this chapter, to pay the cost of acquiring, laying,
904 constructing, and reconstructing the improvements. The bonds of each issue shall be dated, shall
905 bear interest at the rates, including rates variable from time to time, and shall mature at the time
906 or times not exceeding 35 years from their date or dates, as determined by the agency, and may
907 be redeemable before maturity, at the option of the agency or the holder thereof, at the price or
908 prices and under the terms and conditions fixed by the agency before the issuance of the bonds.
909 The agency shall determine the form of the bonds and the manner of execution of the bonds, and
910 shall fix the denomination or denominations of the bonds and the place or places of payment of
911 principal and interest, which may be at any bank or trust company within or without the
912 commonwealth and such other locations as designated by the agency. In the event an officer
913 whose signature or a facsimile of whose signature shall appear on any bonds shall cease to be an
914 officer before the delivery of the bonds, the signature or facsimile shall nevertheless be valid and
915 sufficient for all purposes the same as if he had remained in office until the delivery. The bonds
916 shall be issued in registered form. The agency may sell the bonds in a manner and for a price,
917 either at public or private sale, as it may determine to be for the best interests of the development
918 zone.

919 Before the preparation of definitive bonds, the agency may, under like restrictions, issue
920 interim receipts or temporary bonds exchangeable for definitive bonds when the bonds have been
921 executed and are available for delivery. The agency may also provide for the replacement of any
922 bonds that shall become mutilated or shall be destroyed or lost. The issuance of the bonds, the

923 maturities, and other details thereof, the rights of the holders thereof, and the agency in respect of
924 the same, shall be governed by this chapter insofar as the same may be applicable.

925 While any bonds or notes of the agency remain outstanding, its powers, duties or
926 existence shall not be diminished or impaired in any way that will affect adversely the interests
927 and rights of the holders of such bonds or notes. Bonds or notes issued under this chapter, unless
928 otherwise authorized by law, shall not be deemed to constitute a debt of the commonwealth or
929 the municipality, or a pledge of the faith and credit of the commonwealth or of the municipality,
930 but the bonds or notes shall be payable solely by the agency as special obligations payable from
931 particular funds collected from infrastructure assessments levied pursuant to this chapter and any
932 revenues derived from the operation of the improvements. Any bonds or notes issued by the
933 agency under this chapter, shall contain on the face thereof a statement to the effect that neither
934 the commonwealth, or the municipality, shall be obliged to pay the same or the interest thereon,
935 and that the faith and credit or taxing power of the commonwealth, the municipality, or the
936 agency is not pledged to the payment of the bonds or notes. All bonds or notes issued under this
937 chapter shall have and are hereby declared to have all the qualities and incidents of negotiable
938 instruments as defined in section 3-104 of chapter 106.

939 Issuance by the agency of 1 or more series of bonds or notes for 1 or more purposes shall
940 not preclude it from issuing other bonds or notes in connection with the same project or any
941 other project; provided, however, that the resolution or trust indenture wherein any subsequent
942 bonds or notes may be issued shall recognize and protect any prior pledge made for any prior
943 issue of bonds or notes unless in the resolution or trust indenture authorizing such prior issue the
944 right is reserved to issue subsequent bonds on a parity with such prior issue.

945 (c) In the discretion of the agency, bonds issued pursuant to this chapter may be secured
946 by a trust agreement between the agency and the bond owners or a corporate trustee which may
947 be any trust company or bank having the powers of a trust company within or without the
948 commonwealth. A trust agreement may pledge or assign, in whole or in part, the revenues, funds
949 and other assets or property held or to be received by the assessing party, or the agency
950 including, without limitation all monies and investments on deposit from time to time in any
951 fund of the assessing party or the agency or any account thereof and any contract or other rights
952 to receive the same, whether then existing or thereafter coming into existence and whether then
953 held or thereafter acquired by the assessing party or the agency, and the proceeds thereof. A trust
954 agreement may pledge or assign, in whole or in part, development zone revenues, funds and
955 other assets or property relating to the development zone held or to be received by the assessing
956 party or the agency. A trust agreement may contain, without limitation, provisions for protecting
957 and enforcing the rights, security and remedies of the bondholders, provisions defining defaults
958 and establishing remedies, which may include acceleration and may also contain restrictions on
959 the remedies by individual bondholders. A trust agreement may contain covenants of the agency
960 concerning the custody, investment and application of monies, the issue of additional or
961 refunding bonds, the use of any surplus bond proceeds, the establishment of reserves and the
962 regulation of other matters customarily treated in trust agreements. It shall be lawful for any bank
963 or trust company to act as a depository of any fund of the assessing party or the agency or trustee
964 under a trust agreement, provided it furnishes indemnification and reasonable security as the
965 agency may require. Any assignment or pledge of revenues, funds and other assets and property
966 made by the assessing party or the agency shall be valid and binding and shall be deemed
967 continuously perfected for the purposes of chapter 106 and other laws when made. The revenues,

968 funds and other assets and property, rights therein and thereto and proceeds so pledged and then
969 held or thereafter acquired or received by the assessing party or the agency shall immediately be
970 subject to the lien of such pledge without any physical delivery or segregation or further act, and
971 the lien of any such pledge shall be valid and binding against all parties having claims of any
972 kind in tort, contract or otherwise against the trust, whether or not such parties have notice
973 thereof. The trust agreement by which a pledge is created need not be filed or recorded to perfect
974 the pledge except in the records of the agency and no filing need be made pursuant to said
975 chapter 106. Any pledge or assignment made by the agency is an exercise of its political and
976 governmental powers, and revenues, funds, assets, property and contract or other rights to
977 receive the same and the proceeds thereof which are subject to the lien of a pledge or assignment
978 created under this chapter shall not be applied to any purposes not permitted by the pledge or
979 assignment.

980 (d) The agency may issue, from time to time, notes of the agency in anticipation of
981 federal, state or local grants for the cost of acquiring, constructing or improving the development
982 zone's improvements or in anticipation of bonds to be issued pursuant to this chapter. Said notes
983 shall be authorized, issued and sold in the same manner as, and shall otherwise be subject to the
984 other provisions of this chapter. Such notes shall mature at such time or times as provided by the
985 issuing resolution of the agency and may be renewed from time to time; provided, however, that
986 all such notes and renewals thereof shall mature on or prior to 20 years from their date of
987 issuance.

988 (e) In addition to other security provided herein, or otherwise by law, bonds, notes or
989 obligations issued by the agency under any provision of this chapter, may be secured, in whole or
990 in part, by a letter of credit, line of credit, bond insurance policy, liquidity facility or other credit

991 facility for the purpose of providing funds for payments in respect of bonds, notes or other
992 obligations required by the holder thereof to be redeemed or repurchased prior to maturity or for
993 providing additional security for such bonds, notes or other obligations. In connection therewith,
994 the agency may enter into reimbursement agreements, remarketing agreements, standby bond
995 purchase agreements and any other necessary or appropriate agreements. The assessing party
996 may pledge or assign any of its revenues as security for the reimbursement by it to the agencies
997 or providers of such letters of credit, lines of credit, bond insurance policies, liquidity facilities or
998 other credit facilities of any payments made under the letters of credit, lines of credit, bond
999 insurance policies, liquidity facilities or other credit facilities.

1000 (f) In connection with, or incidental to, the issuance of bonds, notes or other obligations,
1001 the agency may enter into such contracts as the agency may determine to be necessary or
1002 appropriate relative to the issuance thereof and the interest payable thereon or to place the bonds,
1003 notes or other obligations of the agency, as represented by the bonds or notes, or other
1004 obligations in whole or in part, on such interest rate or cash flow basis as the agency may
1005 determine appropriate including, without limitation, interest rate swap agreements, insurance
1006 agreements, forward payment conversion agreements, futures contracts, contracts providing for
1007 payments based on levels of, or changes in, interest rates or market indices, contracts to manage
1008 interest rate risk including, without limitation, interest rate floors or caps, options, puts, calls and
1009 similar arrangements. Such contracts shall contain such payment, security, default, remedy and
1010 other terms and conditions as the agency may deem appropriate and shall be entered into with
1011 such party or parties as the agency may select, after giving due consideration, where applicable,
1012 for the credit worthiness of the counter party or counter parties, including any rating by a

1013 nationally recognized rating agency, the impact on any rating on outstanding bonds, notes or
1014 other obligations or any other criteria the agency may deem appropriate.

1015 (g) The agency shall have the power out of any funds available therefore to purchase its
1016 bonds or notes. The agency may hold, pledge, cancel or resell such bonds or notes, subject to and
1017 in accordance with agreements with bondholders. The agency may issue refunding bonds for the
1018 purpose of paying any of its bonds at maturity or upon acceleration or redemption. Refunding
1019 bonds may be issued at such time or times prior to the maturity or redemption of the refunded
1020 bonds as the agency deems to be in the public interest. Refunding bonds may be issued in
1021 sufficient amounts to pay or provide for the principal of the bonds being refunded, together with
1022 any redemption premium thereon, any interest accrued or to accrue to the date of payment of
1023 such bonds, the expense of issuing the refunding bonds, the expense of redeeming bonds being
1024 refunded and such reserves for debt service or other capital from the proceeds of such refunding
1025 bonds as may be required by a trust agreement or resolution securing the bonds and, if
1026 considered advisable by the agency, for the additional purpose of the acquisition, construction or
1027 reconstruction and extension or improvement of improvements. All other provisions relating to
1028 the issuance of refunding bonds shall be as set forth in this chapter insofar as the same may be
1029 applicable.

1030 (h) All moneys received pursuant to the provisions of this chapter, whether as proceeds
1031 from the issue of bonds or notes or as revenue or otherwise, shall be deemed trust funds to be
1032 held and applied solely as provided in this chapter.

1033 (i) Bonds or notes issued under this chapter are hereby made securities in which all public
1034 officers and public bodies of the commonwealth and its political subdivisions, all insurance

1035 companies, trust companies in their commercial departments and within the limits set by the
1036 General Laws, banking associations, investment companies, executors, trustees and other
1037 fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to
1038 invest in bonds or other obligations of a similar nature may properly and legally invest funds,
1039 including capital in their control and belonging to them; and the bonds are hereby made
1040 obligations that may properly and legally be made eligible for the investment of savings deposits
1041 and income thereof in the manner provided by section 2 of chapter 167E. The bonds or notes are
1042 hereby made securities that may properly and legally be deposited with and received by any state
1043 or municipal officer or any agency or political subdivision of the commonwealth for any purpose
1044 for which the deposit of bonds or other obligations of the commonwealth is now or may hereafter
1045 be authorized by law.

1046 Notwithstanding any general or special law to the contrary, or any provision in their
1047 respective charters, agreements of associations, articles or organization, or trust indentures,
1048 domestic corporations organized for the purpose of carrying on business within the
1049 commonwealth including, without limitation any electric or gas company as defined in section 1
1050 of chapter 164, railroad corporations as defined in section 1 of chapter 160, financial institutions,
1051 trustees and the municipality may acquire, purchase, hold, sell, assign, transfer, or otherwise
1052 dispose of any bonds, notes, securities or other evidence of indebtedness of the agency provided
1053 that they are rated similarly to other governmental bonds or notes, and to make contributions to
1054 the agency, all without the approval of any regulatory authority of the commonwealth.

1055 (j) Any holder of bonds or notes issued under this chapter, and a trustee under a trust
1056 agreement, except to the extent its rights may be restricted by the trust agreement, may, either at
1057 law or in equity, by suit, action, mandamus or other proceeding, protect and enforce all rights

1058 under the laws of the commonwealth or granted hereunder or under the trust agreement, and may
1059 enforce and compel the performance of all duties required by this chapter or by the trust
1060 agreement, to be performed by the agency or by any officer thereof.

1061 (k) Notwithstanding any of the provisions of this chapter or any recitals in any bonds or
1062 notes issued under this chapter, all such bonds or notes shall be deemed to be investment
1063 securities under the provisions of chapter 106.

1064 (l) Bonds or notes may be issued under this chapter without obtaining the consent of any
1065 department, division, commission, board, bureau or agency of the commonwealth or the
1066 municipality, and without any proceedings or the happening of any other conditions or things
1067 than those proceedings, conditions or things that are specifically required thereof by this chapter,
1068 and the validity of and security for any bonds or notes issued by the agency shall not be affected
1069 by the existence or nonexistence of any such consent or other proceeding conditions, or things.

1070 Section 6. Bonds or notes issued by the agency and their transfer and their interest or
1071 income, including any profit on the sale thereof, and the improvements belonging to the public
1072 facilities owner shall at all times be exempt from taxation within the commonwealth, provided
1073 that nothing in this chapter shall act to limit or restrict the ability of the commonwealth or the
1074 municipality to otherwise tax the individuals and companies or their real or personal property or
1075 any person living or business operating within the boundaries of the development zone.

1076 Section 7. For purposes of this chapter, the agency may issue bonds secured by
1077 infrastructure assessments pursuant to and according to the terms of chapter 40Q. With the
1078 approval of the municipal governing body and the Massachusetts Economic Assistance
1079 Coordinating Council, the agency may issue its bonds in place of those of the municipality

1080 pursuant to, and according to the terms of chapter 40Q, provided that the municipality has
1081 fulfilled all requirements set forth in said chapter 40Q that would be required of the municipality
1082 if it were itself issuing bonds pursuant to said chapter 40Q. In addition, the municipality shall
1083 include in its “invested revenue district development program” as defined in said chapter 40Q, a
1084 description of the rights and responsibilities of the assessing party, the agency and the
1085 municipality with respect to said program. In such case, the municipality may designate the
1086 agency as the issuer of bonds pursuant to said chapter 40Q for the purpose of financing any of
1087 the “project costs” as defined in said chapter 40Q and that are located in, or functionally serving
1088 the needs of the development zone. The municipality shall determine the percentage of the
1089 “captured assessed valuation,” as defined in said chapter 40Q, of property within the boundaries
1090 of the development zone that the municipality is pledging pursuant to an invested revenue district
1091 development program as defined in said chapter 40Q for the payment of the agency’s bonds.
1092 With the written agreement of the person or persons owning 1 or more specific tax parcels in the
1093 development zone, the assessing party may adopt a plan whereby any of the assessing powers
1094 described in this chapter are made applicable exclusively to said parcels in order to secure and
1095 fund the debt service for the bonds. The “project costs” as defined in said chapter 40Q, shall not
1096 be reduced by the amount of the revenues derived pursuant to this chapter and said revenues
1097 derived from such a plan, may be made contingent upon or abated, in whole or in part, by the
1098 assessing party upon the receipt of the anticipated revenues generated through the pledged
1099 captured assessed valuation. At its option, the municipality may waive any adjustment for the
1100 “inflation factor” described in said chapter 40Q, in order to increase the captured assessed
1101 valuation available to finance improvements benefiting the development zone. The assessing

1102 party, the agency and the municipality shall enter into an agreement delineating the rights and
1103 responsibilities of each pursuant to such district improvement financing.

1104 Section 8. The agency may make representations and agreements for the benefit of the
1105 holders of the agency's bonds and notes or other obligations to provide secondary market
1106 disclosure information. The agreement may include: (1) covenants to provide secondary market
1107 disclosure information (2) arrangements for such information to be provided with the assistance
1108 of a paying agent, trustee, dissemination or other agent; and (3) remedies for breach of the
1109 agreements, which remedies may be limited to specific performance.

1110 Section 9. The collector-treasurer of each municipality, at the option of the municipality
