1                   SECTION 1. Paragraph (a) of subdivision (2) of said section 5 of chapter 32,  
2 as so appearing, is hereby amended by adding the following sentence:- The retirement allowance  
3 for members who have served in more than one group shall be prorated by applying the  
4 percentage for each group to the number of years of service in that group.

5                   SECTION 2. Section 10 of said chapter 32, as amended by sections 9 to 13 of  
6 chapter 21 of the acts of 2009, is hereby further amended by striking out subdivisions (1) and (2)

12 prior to the expiration of a term for which he was elected, appointment to an office or position  
13 the acceptance of which requires under the constitution of the commonwealth resignation from

the general court, or any such member whose office or position is abolished, or who resigns or voluntarily terminates his service, who leaves his accumulated total deductions in the annuity savings fund of the system of which he is a member, shall have the right upon attaining the minimum retirement age for his Group, or at any time thereafter, to apply for a superannuation retirement allowance to become effective as provided for in subdivision (3) of this section. Such allowance shall be determined in accordance with section 5 or any other section governing superannuation retirement applicable to such member upon the basis of the member's age on the date when the retirement allowance becomes effective, with an amount of creditable service equal to that with which he was credited on the date of his termination of service.

SECTION 3. Whenever, in chapter 32 of the General Laws, a reference is made to 3 years of creditable service or 3 consecutive years of creditable service, the number 3 shall be taken to mean 5.

SECTION 4. Paragraph (a) subsection (2) of Section 5 of Chapter 32 of the General Laws, as appearing in the 2008 Official Edition is hereby amended by adding the following:- Provided, however, that such retirement allowance shall not exceed by more than eighty percent a retirement allowance based on the average rate of regular annual compensation received by such member during any period of ten years of creditable service, whether consecutive or not, for which such rate of compensation was the highest, or on the average annual rate of compensation received by such member during the period or periods whether consecutive or not, constituting his last ten years of creditable service preceding retirement, whichever is greater, and shall be computed according to the following table based on the age of such member and his number of years and full months of creditable service at the time of his retirement.
