An Act promoting wellness in the workplace..

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1           SECTION 1. Section 6 of chapter 62 of the General Laws, as appearing in the 2008  
2 Official Edition, is hereby amended by inserting after subsection (q) the following section:-

3           (q). (1) An employer subject to tax under this chapter which participates in a certified  
4 wellness plan as defined by section 223 of chapter 111 may take credit against the excise

6 the plan, with a maximum credit of \$10,000.

7           (2) As used in this paragraph, “DPH” means the Department of Public Health as defined  
8 in chapter 111. A credit allowed under this section may be taken only after the taxpayer  
9 completes a report signed by an authorized representative of the corporation, and files the report  
10 with the DPH, hereinafter referred to as the DPH, within 2 years after the initial plan certification

11 by DPH and annually thereafter. Based upon the information provided in the report and its own  
12 independent investigation, DPH shall determine whether the certified plan is in compliance with  
13 the definition of certified plan set forth in this section and whether the project has a reasonable  
14 chance of increasing employee health as advanced in the initial proposal as certified by DPH. If  
15 DPH determines that the certified project is no longer in compliance, then DPH shall revoke  
16 certification of the plan as provided in section 223 of said chapter 111 and notification of  
17 decertification shall be given to the commissioner of revenue who shall disallow any future  
18 credits under this section. If the project is considered decertified for reasons of fraud or material  
19 misrepresentation, as determined by DPH and the commissioner of revenue, the commissioner of  
20 revenue shall have a cause of action against the controlling business of the plan for the value of  
21 any economic benefits received, including, but not limited to, the amount of the tax credit  
22 allowed under this section. Nothing in this section shall limit the authority of the commissioner  
23 to make adjustments to a corporation's liability upon audit.

24 (3) The commissioner of revenue shall, in consultation with the department of public  
25 health, promulgate such rules and regulations as are necessary to implement the provisions of  
26 this section.

36 with the DPH, hereinafter referred to as the DPH, within 2 years after the initial plan certification  
37 by DPH and annually thereafter. Based upon the information provided in the report and its own  
38 independent investigation, DPH shall determine whether the certified plan is in compliance with  
39 the definition of certified plan set forth in this section and whether the project has a reasonable  
40 chance of increasing employee health as advanced in the initial proposal as certified by DPH. If  
41 DPH determines that the certified project is no longer in compliance, then DPH shall revoke  
42 certification of the plan as provided in section 223 of said chapter 111 and notification of  
43 decertification shall be given to the commissioner of revenue who shall disallow any future
