- 5 Constitution of Massachusetts and none of the monies in said fund shall be expended except in
- 6 accordance with this section and upon appropriation by the General Court. Interest earned by the

Within the endowment fund, there shall be established a fiscal emergency reserve which shall consist of an amount of not less than 10 percent of the endowment fund. The board may, during a fiscal emergency, authorize the expenditure of funds credited to the fiscal emergency reserve for the purpose of supplementing annual operating appropriations to public colleges and universities. For the purpose of this section, "fiscal emergency" shall mean a fiscal

year during which the annual appropriation to an institution of higher education is at least 10 percent less the annual appropriation to said institution in the previous fiscal year.

Said board shall authorize the expenditure of interest earned in the endowment fund for the purpose of awarding matching grants to public institutions of higher education for the development and expansion of public service and research at public institutions of higher education, as appropriate to said institutions; and for other purposes, excluding the operation of any institution of public higher education, which the board may deem appropriate; provided that said grants shall be held and expended in conjunction with funds raised by or for any such institutions.

Subject to the approval of said board, the investment advisory committee shall invest and reinvest the funds in the endowment fund. Funds shall be invested as much as is reasonably possible to benefit the mission of public institutions of higher education and campus populations and to benefit the economic climate within the Commonwealth, provided that such

investments are consistent with sound investment policy. The investment advisory committee shall annually, on or before January 31, file with the secretary of administration and finance a report listing all funds in the endowment fund and all investments held by the fund.
