

SENATE No. 1760

The Commonwealth of Massachusetts

PRESENTED BY:

Thomas M. McGee

To the Honorable Senate and House of Representatives of the Commonwealth of Massachusetts in General Court assembled:

The undersigned legislators and/or citizens respectfully petition for the adoption of the accompanying bill:

An Act provide for an air bag on-off switch to ensure safety to women, children and individuals with medical conditions..

PETITION OF:

NAME:

Thomas M. McGee

DISTRICT/ADDRESS:

Third Essex

SENATE No. 1760

By Mr. McGee, a petition (accompanied by bill, Senate, No. 1760) of Thomas M. McGee for legislation to provide for an air bag on-off switch to ensure safety to women, children and individuals with medical conditions. Transportation.

[SIMILAR MATTER FILED IN PREVIOUS SESSION
SEE SENATE, NO. 955 OF 2009-2010.]

The Commonwealth of Massachusetts

In the Year Two Thousand Eleven

An Act provide for an air bag on-off switch to ensure safety to women, children and individuals with medical conditions..

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Chapter 90 of the General Laws, as appearing in the 2006 Official Edition,
2 is hereby amended by placing after Section 61 the following section:-

3 Every licensed dealer and repair business in the Commonwealth shall provide consumers
4 with a summary of the final rule from the Department of Transportation, National Highway
5 Traffic Safety Administration, 49 CFR Parts 571 and 595 [Docket No. NHTSA-97-3111-1] and
6 the request form, when consumer is purchasing, leasing or renting vehicle or at time of first
7 check-up on bought, leased, or rented vehicle. Said licensed dealer and repair business shall
8 obtain from the consumer certification in writing that such summary and request form was
9 provided.

10 In accordance with the provisions a summary shall include the provisions stating vehicle
11 owners are able to receive an air bag ON-OFF switch, installed for one or both the air bags in
12 their vehicles if they, or users of their vehicle, fall into one or more specific risk groups below:

13 Individuals with medical conditions where the risks of a deploying air bag exceed the risk
14 of impacting the steering wheel, dashboard or windshield in the absence of an air bag including
15 but not limited to pregnant women. (For both driver and passenger side.)

16 Individuals who cannot position themselves to properly operate the vehicle with
17 breastbone at least 10 inches back from the center of the steering wheel air bag cover. (For driver
18 side only.)

19 Individuals with the need to transport an infant in a rear-facing child restraint in the front
20 seat because the vehicle has no rear seat, the rear seat is too small to accommodate a rear-facing
21 child restraint, or because it is necessary to constantly monitor the child's medical condition. (For
22 passenger side only.)

23 Individuals with the need to carry children between one year old and 12 years old in the
24 front seat because the vehicle has no rear seat, the consumer must carry more children than can
25 be accommodated in the rear seat, or because it is necessary to constantly monitor a child's
26 medical condition. (For passenger side only).
