The Commonwealth of Massachusetts

In the Year Two Thousand Twelve

SECTION 1. To provide for the operations of the several departments, boards, commissions and institutions of the commonwealth and other services of the commonwealth, and for certain permanent improvements and to meet certain requirements of law, the sums set forth in sections 2, 2B, 2D, 2E and 3, for the several purposes and subject to the conditions specified in sections 2, 2B, 2D, 2E and 3, are hereby appropriated from the General Fund unless specifically designated otherwise, subject to the provisions of law regulating the disbursement of public funds and the approval thereof for the fiscal year ending June 30, 2013. All sums appropriated under this act, including supplemental and deficiency budgets, shall be expended in a manner reflecting and encouraging a policy of nondiscrimination and equal opportunity for members of minority groups, women and handicapped persons. All officials and employees of an agency, board, department, commission or division receiving monies under this act shall take affirmative steps to ensure equality of opportunity in the internal affairs of state government, as well as in their relations with the public, including those persons and organizations doing business with the commonwealth. Each agency, board, department, commission or division of the commonwealth, in spending appropriated sums and discharging its statutory responsibilities, shall adopt measures to ensure equal opportunity in the areas of hiring, promotion, demotion or transfer, recruitment, layoff or termination, rates of compensation, in-service or apprenticeship training programs and all terms and conditions of employment.

SECTION 3. Notwithstanding any general or special law to the contrary, for the fiscal year ending June 30, 2013 the distribution to cities and towns of the balance of the State Lottery Fund, as paid from the General Fund in accordance with clause (c) of the second paragraph of section 35 of chapter 10 of the General Laws, and additional funds from the General Fund shall be \$900,000,000 and shall be apportioned to the cities and towns in accordance with this section.

Notwithstanding section 2 of chapter 70 of the General Laws or any other general or special law to the contrary, except for section 12B of chapter 76 and section 89 of chapter 71 of the General Laws, for fiscal year 2013 the total amounts to be distributed and paid to each city and town from item 7061-0008 of section 2 shall be as set forth in the following lists. The specified amounts to be distributed from said item 7061-0008 of said section 2 shall be in full satisfaction of the amounts due under chapter 70 of the General Laws.

For fiscal year 2013, the foundation budget categories for each district shall be calculated in the same manner as in fiscal year 2012. The target local share shall be calculated using the same methodology used in fiscal year 2012. Preliminary local contribution shall be the municipality's fiscal year 2012 minimum required local contribution, increased or decreased by the municipal revenue growth factor; provided, that if a municipality's preliminary contribution as a percentage of its foundation budget is more than 5 percentage points lower than the target local share, the preliminary contribution shall be recalculated using the municipality's revenue growth factor plus 1 percentage point; and if a municipality's preliminary contribution as a percentage of its foundation budget is more than 10 percentage points lower than the target local share, the preliminary contribution shall be recalculated using the municipality's revenue growth factor plus 2 percentage points. Minimum required local contribution for fiscal year 2013 shall be, for any municipality with a fiscal year 2013 preliminary contribution greater than its fiscal year 2013 target contribution, the preliminary local contribution reduced by 15 per cent of the gap between the preliminary local contribution and the target local contribution. Required local contribution shall be allocated among the districts to which a municipality belongs in direct proportion to the foundation budgets for the municipality's pupils at each of those districts. For fiscal year 2013, "prior year aid" shall be fiscal year 2012 state-appropriated chapter 70 aid. For fiscal year 2013, the "foundation aid increment" shall be the difference between: (1) the positive difference between a district's foundation budget and its required district contribution; and (2) prior year aid. For fiscal year 2013, chapter 70 aid shall be: (a) for any district that: (i) has a target aid percentage greater than the sum of a district's prior year aid and foundation aid increment as a percentage of foundation budget; and (ii) has a combined effort yield as a percentage of foundation budget of not more than 107.5 per cent; the sum of prior year aid and 25 per cent of the difference between the district's target aid amount and the sum of prior year aid and the district's foundation aid increment; (b) for any district with a positive foundation aid increment not included in (a), the sum of the district's prior year aid plus the district's foundation aid increment; and (c) for all other districts: the sum of foundation enrollment multiplied by 40 plus prior year aid. Combined effort yield as a percentage of foundation for districts shall be determined by dividing the district's combined effort yield by the district's total foundation budget. Combined effort yield as a percentage of foundation for regional school districts shall be determined by allocating a member municipality's combined effort yield among the districts to which said municipality belongs in direct proportion to the foundation budgets for the municipality's pupils at each of those districts. No non-operating district shall receive chapter 70 aid in an amount greater than the district's foundation budget. If there is a conflict between the language of this section and the distribution listed below, the distribution below shall control.

The department of elementary and secondary education shall not consider health care costs for retired teachers to be part of net school spending for any district in which such costs were not considered part of net school spending in fiscal year 1994. No payments to cities, towns or counties maintaining an agricultural school pursuant to this section shall be made after November 30 of the

fiscal year until the commissioner of revenue certifies acceptance of the prior fiscal year's annual financial reports submitted pursuant to section 43 of chapter 44 of the General Laws. Advance payments shall be made for some or all of periodic local reimbursement or assistance programs to any city, town, regional school district or independent agricultural and technical school that demonstrates an emergency cash shortfall, as certified by the commissioner of revenue and approved by the secretary of the executive office for administration and finance, pursuant to guidelines established by the secretary.

656 March 1 of the calendar year in which the rates shall take effect.

657 For the purposes of this section, “student charges” shall include tuition and fees that are

678 higher education. If the board of higher education does not vote on a plan within 120 days after
679 its submission, the plan shall be considered approved. A copy of the plan shall be provided to
680 the joint committee on higher education, the house and senate committees on ways and means
681 and the secretary of education at the time the plan is submitted to the board of higher education.

683 trustees of such state university approves, for any academic year, student charges that are greater
684 than 105 per cent of the student charges approved in such university's plan, the state university
685 shall submit such greater rate to the board of higher education for its approval as part of an
686 amended student charges plan. The amended plan shall describe in detail the reasons why the

691 maintain and increase access for underrepresented student groups, as necessary. Within 60 days
692 after the submission of a revised plan, the board of higher education shall either approve the plan
693 or return it to the state university with suggested changes. The approval shall require a 2/3 vote
694 of the board of higher education. If the board of higher education does not vote on a plan within
695 60 days after its submission, the plan shall be considered approved. A copy of the revised plan
696 shall be provided to the joint committee on higher education, the house and senate committees on
697 ways and means and the secretary of education at the time the plan is submitted to the board of
698 higher education.

700 plan approved under subsection (b) or (c) be re-examined and modified in accordance with
701 procedures established by the board of higher education. Any resulting modification shall be
702 concurred with by the board of trustees of the affected state university and by a 2/3 vote of the
703 board of higher education.

704 (e) All student charges received by the board of trustees of a state university under this
705 section shall be retained by the board of trustees of that institution in a revolving trust fund and

707 institution. Any balance in a trust fund at the end of a fiscal year shall continue to be held in the
708 trust fund, shall remain available for expenditure in subsequent fiscal years and shall not revert to
709 the General Fund. All such trust funds shall be subject to audit by the state auditor.

733 facilitated and grants awarded to employers assisted by the office; and (iii) a description of

1359 determine the population of each city or town and rank each from largest to smallest in
1360 population. The commissioner shall add each equalized property valuation rank and population
1361 rank, and divide the sum by 2. The dividend shall be the community preservation raw score for
1362 that city or town.

1363 (e) The commissioner shall then order each city or town by community preservation raw
1364 score, from the lowest raw score to the highest raw score. This order shall be the community
1365 preservation rank for each city or town. If more than 1 city or town has the same community
1366 preservation raw score, the city or town with the higher equalized valuation rank shall receive the
1367 higher community preservation rank.

1368 (f) After determining the community preservation rank for each city and town, the
1369 commissioner shall divide all cities or towns into deciles according to their community
1370 preservation ranking, with approximately the same number of cities and towns in each decile,
1371 and the cities or towns with the highest community preservation rank shall be placed in the
1372 lowest decile category, starting with decile 10. Percentages shall be assigned to each decile as
1373 follows:

1374	decile 1	140 per cent of the base figure
1375	decile 2	130 per cent of the base figure
1376	decile 3	120 per cent of the base figure
1377	decile 4	110 per cent of the base figure
1378	decile 5	100 per cent of the base figure
1379	decile 6	90 per cent of the base figure

1380	decile 7	80 per cent of the base figure
1381	decile 8	70 per cent of the base figure
1382	decile 9	60 per cent of the base figure
1383	decile 10	50 per cent of the base figure

1384 After assigning each city and town to a decile according to their community preservation
1385 rank, the commissioner shall multiply the percentage assigned to that decile by the base figure to
1386 determine the second round equity distribution for each participant.

1387 (g) Notwithstanding any other provision of this section, the total state contribution for
1388 each city and town shall not exceed the actual amount raised by the city or town's surcharge on
1389 its real property levy and, if applicable, additional funds committed from allowable municipal
1390 sources pursuant to subsection (b1/2) of section 3.

1391 (h) When there are monies remaining in the Massachusetts Community Preservation
1392 Trust Fund after the first and second round distributions and any necessary administrative
1393 expenses have been paid in accordance with section 9, the commissioner may conduct a third
1394 round surplus distribution. Any remaining surplus in the fund may be distributed by dividing the
1395 amount of the surplus by the number of cities and towns that have accepted sections 3 to 7,
1396 inclusive. The resulting dividend shall be the surplus base figure. The commissioner shall then
1397 use the decile categories and percentages as defined in this section to determine a surplus equity
1398 distribution for each participant.

1399 (i) The commissioner shall determine each participant's total state grant by adding the
1400 amount received in the first round distribution with the amounts received in any later round of
1401 distributions, with the exception of a city or town that has already received a grant equal to 100
1402 per cent of the amount the community raised by its surcharge on its real property levy.

1403 (1) Only those cities and towns that adopt the maximum surcharge pursuant to subsection
1404 (b) of section 3 and those cities and towns that adopt the maximum surcharge and additional
1405 funds committed from allowable municipal sources such that the total funds are the equivalent of
1406 3 per cent of the real estate tax levy against real property pursuant to subsection (b½) of said
1407 section 3 shall be eligible to receive additional state monies through the equity and surplus
1408 distributions.

1409 (2) If less than 10 per cent of the cities and towns have accepted sections 3 to 7, inclusive,
1410 and imposed and collected a surcharge on their real property levy, the commissioner may
1411 calculate the state grant with only 1 round of distributions or in any other equitable manner.

1412 (j) After distributing the Massachusetts Community Preservation Trust Fund in
1413 accordance with this section, the commissioner shall keep any remaining funds in the trust for
1414 distribution in the following year.

1415 SECTION 70. Section 12 of said chapter 44B, as so appearing, is hereby amended by
1416 striking out subsection (a) and inserting in place thereof the following subsection:-

1417 (a) A real property interest that is acquired with monies from the Community
1418 Preservation Fund shall be bound by a permanent restriction, recorded as a separate instrument,
1419 that meets the requirements of sections 31 to 33, inclusive, of chapter 184 limiting the use of the
1420 interest to the purpose for which it was acquired. The permanent restriction shall run with the
1421 land and shall be enforceable by the city or town or the commonwealth. The permanent
1422 restriction may also run to the benefit of a nonprofit organization, charitable corporation or
1423 foundation selected by the city or town with the right to enforce the restriction. The legislative
1424 body may appropriate monies from the Community Preservation Fund to pay a nonprofit
1425 organization created pursuant to chapter 180 to hold, monitor and enforce the deed restriction on
1426 the property.

1429 surcharge to 1 per cent and committing additional municipal funds pursuant to subsection (b ½)
1430 of section 3.

1432 amended by adding the following subsection:-

1434 betterment or assessment committed by the assessors under a voluntary electronic billing
1435 program established for such tax, excise, betterment or assessment in the manner set forth in
1436 subsection (b). The electronic bill or notice issued under the program shall meet the standards
1437 required by law for such tax, excise, betterment or assessment bills or notices.

1439 so appearing, is hereby amended by striking out the seventh sentence.

1445 section 170 (a) of the Code to any corporation, foundation, organization or institution, which is
1446 exempt from taxation under section 501(c)(3) of the Code, shall not be used in any manner to
1447 determine domicile in the commonwealth or any other jurisdiction.

1449 section 4, as so appearing, and inserting in place thereof the following section:-

1450 Section 4. There shall be a foundation budget review commission to review the way in
1451 which foundation budgets are calculated and to make recommendations to the general court
1452 regarding such changes as may be appropriate. In conducting such review, the commission shall
1453 seek to determine the educational programs and services necessary to achieve the
1454 commonwealth's educational goals, including those necessary to fully implement state
1455 curriculum standards and to prepare students to achieve passing scores on the Massachusetts
1456 Comprehensive Assessment System examinations. The review shall include, but not be limited
1457 to: class size; special education programs, including programs for English language learners;

1488 financial impact on the district employing that person or on the rate at which that person may be
1489 compensated. The commission may establish procedures to ensure that no such person
1490 participates in commission deliberations that may directly affect the school districts employing
1491 those persons or that may directly affect the rate at which those persons are compensated.

1507 determined by the commissioner; provided, however, that if the student's town of residence is a
1508 member of a regional vocational school district, the tuition fee shall be paid by the district. If the
1509 town or district defaults on payment, the town or district shall be liable therefor in contract to the
1510 vocational school. For the purposes of this section, no town or district shall be required to pay

1515 SECTION 75. Said chapter 75 is hereby further amended by inserting after section 8 the
1516 following section:-

1517 Section 8A. (a) The board of trustees shall fix and establish student charges for the
1518 university. In-state tuition and mandatory student charges shall preserve affordability for
1519 residents of the commonwealth. Out-of-state student charges shall appropriately balance the
1520 financial needs of the university with the need to be competitive with peer institutions regionally.
1521 In establishing student charges the board shall consider factors including, but not limited to,
1522 actual appropriations received, the Consumer Price Index, the Higher Education Price Index,
1523 tuition and fee rates at peer institutions, collective bargaining costs, funding from the
1524 commonwealth measured with reference to the funding formula established in section 15B of
1525 chapter 15A and making progress toward ensuring that fees constitute no more than 25 per cent
1526 of student charges. To the extent practicable, final student charges shall be established for each
1527 academic year not later than June 30 of the calendar year in which the rates shall take effect.

1528 For the purposes of this section, "student charges" shall mean tuition and fees that are

1538 each year, consideration of the mission of each university campus and plans to ensure continuing
1539 access to the institution by residents of the commonwealth and to maintain and increase access
1540 for underrepresented student groups. A copy of the plan shall be provided to the joint committee
1541 on higher education, the house and senate committees on ways and means and the secretary of
1542 education at the time the plan is submitted to the board of higher education. Notwithstanding the
1543 university's obligation to update the plan every 3 years, the university may, from time-to-time,

1544 provide a modified plan, under the process provided in subsection (a). If the board of trustees
1545 determines that a modification of the 3-year plan is necessary, the trustees shall submit the
1546 modified plan to the board of higher education, the joint committee on higher education, the
1547 house and senate committees on ways and means and the secretary of education, with an
1548 explanation for the rationale behind any modifications.

1549 (c) All student charges received by the board of trustees under this section shall be
1550 retained by the university in a revolving trust fund and shall be expended as the board of trustees
1551 may direct for the operation and support of the institution. Any balance in a trust fund at the end
1552 of a fiscal year shall continue to be held in the trust fund, shall remain available for expenditure
1553 in subsequent fiscal years and shall not revert to the General Fund. All such trust funds shall be
1554 subject to audit by the state auditor.

1555 (d) This section shall apply to the university only if the board of trustees has approved by
1556 a majority vote to accept this section.

1557 SECTION 75A. Said chapter 75 is hereby further amended by adding the following
1558 section:-

1573 in support of statewide and community objectives. The grant program shall be administered by

1605 startup center's operating philosophy, organization, by-laws and other supporting documents
1606 reflect the office's eligibility criteria for community mediation. Priority shall be given to eligible
1607 start-up centers serving areas that have no existing community mediation centers.

1608 (f) Payments to centers awarded grants under this section shall be made under contracts
1609 with the University of Massachusetts at Boston. The methods of payment or reimbursement for
1610 community mediation center operating costs shall be specified by the office. All contracts and
1611 methods of payment or reimbursement shall conform to this section and the rules and procedures
1612 of the office and the University of Massachusetts at Boston.

1613 (g) The office may accept and disburse from any public or private agency or person any
1614 money for the purposes of this section and may perform such services and acts as may be
1615 necessary for the receipt and disbursement of such funds. A community mediation center funded
1616 under this section may accept funds from any public or private agency or person for the purposes
1617 of this section. The state comptroller, university controller, the director of the office and their

2709 for application of funds provided in section 35J of chapter 10 of the General Laws shall not
2710 apply in fiscal year 2013.

2711 SECTION 117. Notwithstanding chapter 66A of the General Laws or any other general
2712 or special law to the contrary, the Massachusetts Bay Transportation Authority and the regional
2713 transit authorities organized under chapter 161B of the General Laws may provide to the
2714 executive office of health and human services personal data relative to customers using the
2715 authorities' paratransit services for the purposes of securing federal reimbursement and of
2716 administering the MassHealth program.

2717 SECTION 118. (a) Notwithstanding any general or special law to the contrary, the
2718 Massachusetts Department of Transportation may incur liabilities and make expenditures in
2719 fiscal year 2013 in excess of funds available to the department for snow and ice removal;
2720 provided, however, that such expenditures shall be approved by the secretary of transportation in
2721 consultation with the secretary of administration and finance; provided further, that no expenses
2722 shall be made in excess of funds available until \$50,000,000 has been expended for snow and ice
2723 removal in fiscal year 2013; provided further, that the negative balance of funds available for
2724 snow and ice removal shall not exceed \$30,000,000 at any time; and provided further, that the
2725 state comptroller may certify for payment invoices in excess of funds available to the
2726 department.

2727 (b) The department shall, on or before May 1, 2013, report to the executive office for
2728 administration and finance and the house and senate committees on ways and means the total
2729 amounts budgeted and expended for snow and ice removal; provided, however, that the
2730 department shall seek appropriations, as required, to cure deficiencies resulting from the removal
2731 of snow and ice for the fiscal year ending June 30, 2013.

2732 SECTION 119. Notwithstanding clause (xiii) of the third paragraph of section 9A of
2733 chapter 211B of the General Laws or any other general or special law to the contrary, the court
2734 administrator may, from the effective date of this act through April 30, 2013, transfer funds from
2735 any item of appropriation within the trial court to any other item of appropriation within the trial
2736 court; provided, however, that a transfer under said clause (xiii) of said section 9A of said
2737 chapter 211B shall not occur until 10 days after the revised funding schedules have been
2738 submitted in writing to the house and senate committees on ways and means; and provided
2739 further that the revised funding schedules shall include: (1) the amount of money transferred
2740 from any item of appropriation to any other item of appropriation; (2) the reason for the necessity
2741 of the transfer; and (3) the date on which the transfer shall be completed.

2742 SECTION 120. The court administrator may execute a memorandum of understanding
2743 with any interested sheriff's office to initiate or expand the use of video conferencing technology
2744 to conduct various court proceedings for the purposes of improving courtroom efficiency and
2745 decreasing inmate transportation costs. The terms of any such agreement shall specify the types
2746 of court appearances that may be conducted by video.

2747 In counties where technology is inadequate to conduct appearances through video
2748 conferencing technology, the court administrator and the applicable sheriff's office shall jointly
2749 file a proposal with the house and senate committees on ways and means detailing the
2750 technological upgrades required to institute video conferencing in that county, the amount of
2751 funding needed to implement such video conferencing technology in that county and the
2752 availability of federal or private grants for such purposes.

2753 The court administrator and the Massachusetts Sheriff's Association shall, not later than
2754 February 15, 2013, file a joint report with the house and senate committees on ways and means
2755 and the joint committee on the judiciary detailing the number and locations of facilities and
2756 courthouses where video conferencing technology is being utilized, the types of appearances
2757 being conducted through the use of the technology, the approximate number of inmate
2758 transportation trips to and from court that have been eliminated through the use of the
2759 technology, the savings associated with the elimination of such inmate transportation and plans
2760 to expand the use of the technology into either additional facilities and courthouses or to
2761 additional types of appearances.

2762 SECTION 121. Notwithstanding any general or special law to the contrary, the amounts
2763 transferred pursuant to subdivision (1) of section 22C of chapter 32 of the General Laws shall be
2764 made available for the commonwealth's Pension Liability Fund established in section 22 of said
2765 chapter 32. The amounts transferred pursuant to said subdivision (1) of said section 22C of said
2766 chapter 32 shall meet the commonwealth's obligations pursuant to said section 22C of said
2767 chapter 32, including retirement benefits payable by the state employees' and the state teachers'
2768 retirement systems, for the costs associated with a 3 per cent cost-of-living adjustment pursuant
2769 to section 102 of said chapter 32, for the reimbursement of local retirement systems for
2770 previously authorized cost-of-living adjustments pursuant to said section 102 of said chapter 32
2771 and for the costs of increased survivor benefits pursuant to chapter 389 of the acts of 1984. The
2772 state board of retirement and each city, town, county and district shall verify these costs, subject
2773 to the rules adopted by the state treasurer. The state treasurer may make payments upon a
2774 transfer of funds to reimburse certain municipalities for pensions to retired teachers, including
2775 any other obligations which the commonwealth has assumed on behalf of any retirement system
2776 other than the state employees' or state teachers' retirement systems and the commonwealth's
2777 share of the amounts to be transferred pursuant to section 22B of said chapter 32 and the
2778 amounts to be transferred pursuant to clause (a) of the last paragraph of section 21 of chapter 138
2779 of the General Laws. All payments for the purposes described in this section shall be made only
2780 pursuant to distribution of monies from the fund, and any distribution and the payments for
2781 which distributions are required shall be detailed in a written report filed quarterly by the
2782 secretary of administration and finance with the house and senate committees on ways and
2783 means and the joint committee on public service in advance of this distribution. Distributions
2784 shall not be made in advance of the date on which a payment is actually to be made. The state
2785 board of retirement may expend an amount for the purposes of the board of higher education's
2786 optional retirement program pursuant to section 40 of chapter 15A of the General Laws. To the
2787 extent that the amount transferred pursuant to said subdivision (1) of said section 22C of said
2788 chapter 32 exceeds the amount necessary to adequately fund the annual pension obligations, the
2789 excess amount shall be credited to the Pension Reserves Investment Trust Fund, established by
2790 subdivision (8) of section 22 of said chapter 32, for the purpose of reducing the unfunded
2791 pension liability of the commonwealth.

2792 SECTION 122. (a) Notwithstanding any general or special law to the contrary, upon the
2793 request of the board of selectmen in a town, the city council in a city with a plan E form of
2794 government or the mayor in any other city, the department of revenue may recalculate the
2795 minimum required local contribution, as defined in section 2 of chapter 70 of the General Laws,
2796 in the fiscal year ending June 30, 2013. Based on the criteria established in this section, the
2797 department shall recalculate the minimum required local contribution for a municipality's local
2798 and regional schools and shall certify the amounts calculated to the department of elementary
2799 and secondary education.

2800 (b) A city or town that used qualifying revenue amounts in a fiscal year which are not
2801 available for use in the next fiscal year or that shall be required to use revenues for extraordinary
2802 non school-related expenses for which it did not have to use revenues in the preceding fiscal year
2803 or that has an excessive certified municipal revenue growth factor which is also greater than or
2804 equal to 1.5 times the state average municipal revenue growth factor may appeal to the
2805 department of revenue not later than October 1, 2012, for an adjustment of its minimum required
2806 local contribution and net school spending.

2807 (c) If an appeal is determined to be valid, the department of revenue may reduce
2808 proportionately the minimum required local contribution amount based on the amount of
2809 shortfall in revenue or based on the amount of increase in extraordinary expenditures in the
2810 current fiscal year, but no adjustment to the minimum required local contribution on account of
2811 an extraordinary expense in the budget for the fiscal year ending June 30, 2013, shall affect the
2812 calculation of the minimum required local contribution in subsequent fiscal years. Qualifying
2813 revenue amounts shall include, but not be limited to, extraordinary amounts of free cash, overlay
2814 surplus and other available funds.

2815 (d) If upon submission of adequate documentation, the department of revenue determines
2816 that a municipality's appeal regarding an excessive municipal revenue growth factor is valid, the
2817 department shall recalculate the municipal revenue growth factor and the department of
2818 elementary and secondary education shall use the revised growth factor to calculate the
2819 preliminary local contribution, the minimum required local contribution and any other factor that
2820 directly or indirectly uses the municipal revenue growth factor. Any relief granted as a result of
2821 an excessive municipal revenue growth factor shall constitute a permanent reduction in the
2822 minimum required local contribution.

2823 (e) The board of selectmen in a town, the city council in a city with a plan E form of
2824 government, the mayor in any other city or a majority of the member municipalities of a regional
2825 school district which used qualifying revenue amounts in a fiscal year that are not available for
2826 use in the next fiscal year may appeal to the department of revenue not later than October 1,
2827 2012, for an adjustment to its net school spending requirement. If an appeal is determined to be
2828 valid, the department of revenue shall reduce the net school spending requirement based on the
2829 amount of the shortfall in revenue and reduce the minimum required local contribution of
2830 member municipalities accordingly. Qualifying revenue amounts shall include, but not be limited
2831 to, extraordinary amounts of excess and deficiency, surplus and uncommitted reserves.

2832 (f) If the regional school budget has already been adopted by two-thirds of the member
2833 municipalities then, upon a majority vote of the member municipalities, the regional school
2834 committee shall adjust the assessments of the member municipalities in accordance with the

2835 reduction in minimum required local contributions approved by the department of revenue or the
2836 department of elementary and secondary education in accordance with this section.

2837 (g) Notwithstanding clause (14) of section 3 of chapter 214 of the General Laws or any
2838 other general or special law to the contrary, the amounts determined pursuant to this section shall
2839 be the minimum required local contribution described in chapter 70 of the General Laws. The
2840 department of revenue and the department of elementary and secondary education shall notify
2841 the house and senate committees on ways and means and the joint committee on education of the
2842 amount of any reduction in the minimum required local contribution amount.

2843 (h) If a city or town has an approved budget that exceeds the recalculated minimum
2844 required local contribution and net school spending amounts for its local school system or its
2845 recalculated minimum required local contribution to its regional school districts as provided in
2846 this section, the local appropriating authority shall determine the extent to which the community
2847 shall avail itself of any relief authorized by this section.

2848 (i) The amount of financial assistance due from the commonwealth in fiscal year 2013
2849 pursuant to chapter 70 of the General Laws or any other law shall not be changed on account of
2850 any redetermination of the minimum required local contribution pursuant to this section.

2851 (j) The department of revenue and the department of elementary and secondary education
2852 shall issue guidelines to implement their respective duties pursuant to this section.

2853 SECTION 123. Notwithstanding section 1 of chapter 29D of the General Laws or any
2854 other general or special law to the contrary, all payments received by the commonwealth in fiscal
2855 year 2013 pursuant to the master settlement agreement in Commonwealth of Massachusetts v.
2856 Philip Morris, Inc. et. al., Middlesex Superior Court, No. 95-7378, shall be deposited in the
2857 General Fund. Notwithstanding section 3 of said chapter 29D to the contrary, the comptroller
2858 shall transfer 100 per cent of the earnings generated in fiscal year 2013 from the Health Care
2859 Security Trust, as certified under paragraph (f) of said section 3 of said chapter 29D, to the
2860 General Fund.

2861 SECTION 124. Notwithstanding any general or special law to the contrary, the
2862 department of elementary and secondary education shall adopt regulations to certify district costs
2863 related to transportation of homeless students under the federal McKinney-Vento Homeless
2864 Assistance Act, 42 U.S.C. 11431 et seq. The department shall adopt the regulations required by
2865 this section not later than December 1, 2012.

2866 SECTION 125. Notwithstanding section 22N of chapter 7 of the General Laws or any
2867 other general or special law to the contrary, the bureau of purchased services within the
2868 operational services division shall set prices in fiscal year 2013 for programs under chapter 71B
2869 of the General Laws at the same level calculated for fiscal year 2012, except the prices for those
2870 programs for extraordinary relief, as defined by the division's regulations; provided, however,
2871 that upon the request of a program, the bureau shall determine the minimum price for out-of-state
2872 purchasers by identifying the most recent price calculated for the program and applying the
2873 estimated rate of inflation, established by October 1 of each year under said section 22N of said
2874 chapter 7, in a compounded manner for each fiscal year following the most recent calculated
2875 price. The bureau shall accept and process applications for program reconstruction for fiscal year

2876 2013 to be considered for rate adjustment in fiscal year 2014. Programs for which prices in fiscal
2877 year 2012 were lower than the full amount permitted by the operational services division may, in
2878 fiscal year 2013, change the full prices calculated for fiscal year 2012.

2879 THERE IS NO SECTION 126.

2880 SECTION 127. Notwithstanding any general or special law to the contrary, no state
2881 university or the University of Massachusetts that has voted to adopt an in-state tuition retention
2882 program under section 42 of chapter 15A of the General Laws or section 8A of chapter 75 of the
2883 General Laws, as applicable, shall be required to honor any waiver or scholarship created after
2884 the passage of this act, whether created by legislation, by the board of higher education, by a
2885 local board of trustees, by collective bargaining or by any other method, unless a specific
2886 appropriation is made by the commonwealth to cover the cost of such scholarship.

2887 SECTION 128. Notwithstanding any general or special law to the contrary, the 3-year
2888 student charges plans required under section 42 of chapter 15A and section 8A of chapter 75 of
2889 the General Laws shall be submitted to the board of higher education and the University of
2890 Massachusetts board of trustees, as applicable, not later than March 1, 2013.

2891 SECTION 129. Not later than October 1, 2012, the commissioner of higher education, in
2892 consultation with the secretary of education, the president of the University of Massachusetts and
2893 the presidents of the state universities shall submit to the board of higher education a report that
2894 includes a review of: (1) the effectiveness of all tuition and fee waivers; (2) the merits and
2895 feasibility of changing the name of waivers to “scholarships”; (3) the policies governing and
2896 costs related to continuing education programs; and (4) the method by which funds will be
2897 appropriated to the University of Massachusetts and the state universities that have approved by
2898 majority vote to accept section 8A of chapter 75 of the General Laws or section 42 of chapter
2899 15A of the General Laws to cover the value of tuition and fee waivers authorized by the board
2900 of higher education, by the board of trustees of the University of Massachusetts, by the boards of
2901 trustees of individual state universities and by the campuses of the University of Massachusetts.
2902 The report shall examine the extent to which these waivers are being used by the intended
2903 beneficiaries, the cost of these waivers to the state universities, the University of Massachusetts
2904 and the commonwealth and the relative benefits of maintaining these waivers as compared to
2905 providing additional support to students through the scholarship programs authorized in section
2906 16 of said chapter 15A. The report shall include recommendations to the board relative to the
2907 extent to which such waiver programs should be continued, modified, discontinued or replaced
2908 by providing additional support to the state scholarship program and further recommendations to
2909 enable campuses to alter the proportion of student charges that are represented by tuition and
2910 fees such that fees represent no more than 25 per cent of total student charges. The report shall
2911 also include any recommendations for pertinent regulatory or statutory changes. When the report
2912 is submitted to the board of higher education, copies shall also be provided to the joint
2913 committee on higher education, the house and senate committees on ways and means, the board
2914 of trustees of the University of Massachusetts and the secretary of education.

2915 THERE IS NO SECTION 130.

2916 SECTION 131. Not later than December 31, 2017, the board of higher education shall
2917 submit a report to the joint committee on higher education, the house and senate committees on

2918 ways and means and the secretary of education concerning the effect that tuition retention, as
2919 established by sections 35, 43, 46 and 75, has had on the finances of the state universities and the
2920 University of Massachusetts under section 42 of chapter 15A of the General Laws or section 8A
2921 of chapter 75 of the General Laws, as applicable, on the student enrollments at such institutions
2922 and on access thereto. The report may present specific recommendations for amending or
2923 repealing provisions of this act, and shall be prepared by the board of higher education in
2924 consultation with the boards of trustees.

2925 SECTION 131A. The board of higher education, in consultation with the board of
2926 trustees of the University of Massachusetts and the board of trustees of each state university,
2927 shall study and make recommendations relative to the best method by which to balance the
2928 interests of each participating campus and the commonwealth in regard to the payment of fringe
2929 costs. The method shall ensure that the state appropriation of each campus that has elected to
2930 participate reflects the tuition retained and includes sufficient funding to allow the participating
2931 campus to pay the fringe costs. The board of higher education shall submit its report, together
2932 with drafts of legislation, to the secretary of education, the secretary of administration and
2933 finance, the joint committee on higher education and the house and senate committees on ways
2934 and means not later than December 31, 2012.

2935 SECTION 132. If, as a result of the implementation of sections 35, 43, 46 and 75, the
2936 appropriation for a state university or the University of Massachusetts is reduced in a fiscal year,
2937 after fiscal year 2013, such institution shall have the authority, notwithstanding any limitations in
2938 this act, to increase student charges for that fiscal year in order to recover the full amount of the
2939 reduction in its appropriation, subject to the approval of the board of higher education or the
2940 University of Massachusetts, as applicable. Any such increase shall be in addition to any annual
2941 increase in charges authorized under the institution's 3-year student charges plan under section
2942 42 of chapter 15A or section 8A of chapter 75 of the General Laws, as applicable.

2943 SECTION 133. There shall be a special commission to study and make recommendations
2944 regarding community college funding and performance data tracking. The commission shall
2945 consist of the commissioner of higher education, who shall serve as the chair; the secretary of
2946 education; 3 presidents from the community colleges as chosen by the Massachusetts
2947 Community College Council of Presidents; the president of the senate or a designee; the speaker
2948 of the house of representatives or a designee; the minority leader of the senate or a designee; the
2949 minority leader of the house or a designee; a member of the community colleges faculty chosen
2950 by the Massachusetts Teachers Association; and 2 persons to be appointed by the governor from
2951 the business community representing 2 different geographic regions of the commonwealth.

2952 In examining community college funding and performance data tracking, the special
2953 commission shall consider, but not be limited to considering: (i) accurate community college
2954 enrollment data; (ii) institutional performance with respect to clearly defined educational goals
2955 and metrics; (iii) incentive grants distributed by the board of higher education; and (iv)
2956 innovation and institutional action in support of workforce development.

2957 The commission shall make recommendations on the educational goals and metrics for
2958 measuring community college performance and shall consider, but not be limited to considering:
2959 (i) the number and rate of completion of degrees and certificates awarded annually; (ii) the
2960 number of students taking remedial courses; (iii) the transferability of credits among the

2961 community college, to other training institutions and to 4-year higher education institutions; (iv)
2962 alignment of degree and certificate programs with existing and emerging business and industry
2963 sectors; (v) post-graduate job placement rates; (vi) proficiency of professional degree curriculum
2964 in preparing students for post-graduate success; (vii) collaboration with vocational-technical
2965 schools and training programs implemented by the community college and vocational-technical
2966 schools; and (viii) collaboration with businesses within the geographic region of the community
2967 college.

2968 The first meeting of the commission shall take place within 45 days after the effective
2969 date of this act. The commission shall file its report with the board of higher education, the chairs
2970 of the senate and house committee on ways and means, the chairs of the joint committee on
2971 higher education and the executive office for administration and finance not later than December
2972 31, 2012.

2973 SECTION 134. Notwithstanding any general or special law to the contrary, each
2974 community college shall coordinate the procurement of goods and services, consolidation of
2975 information technology services and platforms and auditing services with at least 5 other
2976 institutions of public higher education. Each community college shall submit a plan to the house
2977 and senate committees on ways and means and the secretary of administration and finance on the
2978 implementation and costs associated with the consolidation of information technology services
2979 and platforms by December 31, 2012; provided, however, that a collaboration of institutions may
2980 submit a plan on behalf of all of its members. Each community college shall submit an annual
2981 report to the house and senate committees on ways and means and the secretary of administration
2982 and finance on the cost reductions and increased efficiencies achieved through the collaboration
2983 by December 31.

2984 SECTION 135. Notwithstanding any general or special law to the contrary, the term of a
2985 member of the board of trustees of a community college shall not be terminated under section 40
2986 prior to the expiration of a member's term or other vacancy under section 21 of chapter 15A of
2987 the General Laws.

2988 SECTION 136. Notwithstanding any general or special law to the contrary, the board of
2989 higher education shall, within 120 days after the effective date of this act, establish and issue
2990 guidelines and procedures for the search, selection, appointment, compensation, evaluation and
2991 removal of the presidents of the community colleges.

2992 SECTION 137. (a) Notwithstanding section 53 of chapter 118E of the General Laws, for
2993 fiscal year 2013, the executive office of health and human services may determine the extent to
2994 which to include within its covered services for adults the federally-optional dental services that
2995 were included in its state plan or demonstration program in effect on January 1, 2002 and the
2996 dental services that were covered for adults in the MassHealth basic program as of January 1,
2997 2002; provided, that preventive services, extractions and procedure codes D2330 and D2331
2998 shall be covered dental services; provided, however, that notwithstanding any general or special
2999 law to the contrary, at least 90 days before restructuring any MassHealth dental benefits, the
3000 executive office shall file a report with the executive office for administration and finance and
3001 the house and senate committees on ways and means detailing the proposed changes and the
3002 anticipated fiscal impact of such changes.

3003 (b) Notwithstanding subsection (a) of section 6 of chapter 118H of the General Laws, for
3004 fiscal year 2013, medically necessary dental services covered through health insurance plans
3005 procured by the board of the commonwealth health insurance connector authority for any
3006 resident with a household income that does not exceed 100 per cent of the federal poverty level
3007 shall include preventative procedures but shall exclude those categories of services that are not
3008 provided through MassHealth.

3009 SECTION 138. Notwithstanding any general or special law to the contrary, the executive
3010 office of health and human services, acting in its capacity as the single state agency under Title
3011 XIX of the Social Security Act and as the principal agency for all of the agencies within the
3012 executive office and other federally-assisted programs administered by the executive office, may
3013 enter into interdepartmental services agreements with the University of Massachusetts medical
3014 school to perform activities that the secretary of health and human services, in consultation with
3015 the comptroller, determines appropriate and within the scope of the proper administration of said
3016 Title XIX and other federal funding provisions to support the programs and activities of the
3017 executive office. The activities may include: (1) providing administrative services including, but
3018 not limited to, providing the medical expertise to support or administer utilization management
3019 activities, determining eligibility based on disability, supporting case management activities and
3020 similar initiatives; (2) providing consulting services related to quality assurance, program
3021 evaluation and development, integrity and soundness and project management; and (3) providing
3022 activities and services for the purpose of pursuing federal reimbursement or avoiding costs, third-
3023 party liability and recouping payments to third parties. Federal reimbursement for any
3024 expenditures made by the University of Massachusetts medical school relative to federally-
3025 reimbursable services the university provides under these interdepartmental service agreements
3026 or other contracts with the executive office shall be distributed to the university and recorded
3027 distinctly in the state accounting system. The secretary may negotiate contingency fees for
3028 activities and services related to pursuing federal reimbursement or avoiding costs and the
3029 comptroller shall certify these fees and pay them upon the receipt of this revenue, reimbursement
3030 or demonstration of costs avoided. Contracts for contingency fees shall not exceed 3 years and
3031 shall not be renewed without prior review and approval by the executive office for administration
3032 and finance. The secretary shall not pay contingency fees in excess of \$40,000,000 for state
3033 fiscal year 2013; provided, however, that contingency fees paid to the University of
3034 Massachusetts medical school under an interagency service agreement for recoveries related to
3035 the special disability workload projects shall be excluded from that \$40,000,000 limit for fiscal
3036 year 2013. The secretary of health and human services shall submit to the secretary of
3037 administration and finance and the senate and house committees on ways and means a quarterly
3038 report detailing the amounts of the agreements, the ongoing and new projects undertaken by the
3039 university, the amounts expended on personnel and the amount of federal reimbursement and
3040 recoupment payments that the university collected.

3041 SECTION 139. Notwithstanding any general or special law to the contrary, on or before
3042 October 1, 2012 and without further appropriation, the comptroller shall transfer from the
3043 General Fund to the Health Safety Net Trust Fund, established in section 36 of chapter 118G of
3044 the General Laws, in this section called the fund, the greater of \$45,000,000 or one-twelfth of the
3045 total expenditures to hospitals and community health centers required pursuant to this act, for the
3046 purposes of making initial gross payments to qualifying acute care hospitals for the hospital
3047 fiscal year beginning October 1, 2012. These payments shall be made to hospitals before, and in

3451 infrastructure solutions. The model shall identify the appropriate economy of scale for
3452 wastewater infrastructure solutions and shall provide estimates of the costs associated with
3453 implementing various solutions. The model may be used by communities in the commonwealth
3454 to pursue regional wastewater options that satisfy environmental regulatory requirements in the
3455 most efficient and cost effective manner and have the potential to preempt future water quality
3456 litigation.

3457 The comprehensive model shall be accessible to the public through a web mapping
3458 application. The components of the model and the web mapping application shall include, but
