## **SENATE . . . . . . . . . . . . . . . . No. 2359**

## The Commonwealth of Massachusetts

## In the Year Two Thousand Twelve

An Act establishing standards for long-term care insurance.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

- 1 SECTION 1. Chapter 118E of the General Laws is hereby amended by striking out 2 section 33, as appearing in the 2010 Official Edition, and inserting in place thereof the following 3 section:-4 Section 33. No claim for costs of a nursing facility or other long-term care services shall 5 be made by the division under section 31 or 32 if the individual receiving medical assistance was 6 permanently institutionalized, had notified the division that the individual had no intention to 7 return home and, on the date of admission to the nursing facility or other medical institution, had 8 long-term care insurance that, when purchased, met the requirements of 211 C.M.R. 65.00. 9 SECTION 2. The General Laws are hereby further amended by inserting after chapter
- 11 CHAPTER 176S

176R the following chapter:-

10

12 LONG-TERM CARE INSURANCE

- Section 1. As used in this chapter, the following words shall have the following meanings unless the context requires otherwise:
  - "Applicant", in the case of an individual long-term care insurance policy, the person who seeks to contract for benefits and, in the case of a group long-term care insurance policy, the proposed certificate holder.
- "Certificate", a certificate issued under a group long-term care insurance policy, which
  policy has been delivered or issued for delivery within the commonwealth.
- 20 "Commissioner", the commissioner of insurance.

- "Group long-term care insurance", a long-term care insurance policy that is delivered or issued for delivery within the commonwealth and issued to:
- (1) an employer or labor organization or to a trust or to the trustees of a fund established by an employer or labor organization, or a combination thereof, for employees or former employees, or a combination thereof of an employer, or for members or former members, or a combination thereof, of a labor organization;
- (2) a professional, trade or occupational association for its members or former or retired members, or a combination thereof, if the association: (i) is comprised of individuals all of whom are, or were, actively engaged in the same profession, trade or occupation; and (ii) has been maintained in good faith for purposes other than obtaining insurance;
- (3) an association, or a trust or the trustees of a fund established, created or maintained for the benefit of members of any such associations; provided, however, that before advertising, marketing or offering the policy, the association, or the insurer of the association, shall file

evidence with the commissioner that the association: (i) has, at the outset, at least 100 persons; (ii) has been organized and maintained in good faith for purposes other than that of obtaining insurance; (iii) has been in active existence for at least 1 year; and (iv) has a constitution and bylaws that provide that: (A) the association holds regular meetings not less than annually to further purposes of the members; (B) except for credit unions, the association collects dues or solicits contributions from members; and (C) the members have voting privileges and representation on the governing board and committees; provided further, that 30 days after the filing, the association shall be considered to have satisfied the organizational requirements, unless the commissioner makes a finding that the association does not satisfy those organizational requirements; or

(4) a group other than those described in clauses (1) to (3), inclusive, subject to a finding by the commissioner that: (i) the issuance of the group policy is not contrary to the best interests of the public; (ii) the issuance of the group policy would result in economies of acquisition or administration; and (iii) the benefits are reasonable in relation to the premiums charged.

"Long-term care insurance", an insurance policy or rider: (i) advertised, marketed, offered or designed to provide coverage for not less than 12 consecutive months for each covered person on an expense incurred, indemnity, prepaid or other basis; (ii) for necessary or medically-necessary diagnostic, preventive, therapeutic, rehabilitative, maintenance or personal care services, including home and community care services; and (iii) provided in a setting other than an acute care unit of a hospital; provided, however, that "long-term care insurance" shall include group and individual annuities and life insurance policies or riders that provide directly, or supplement, long-term care insurance; provided further, that "long-term care insurance" shall also include a policy or rider that provides for payment of benefits based upon cognitive

impairment or the loss of functional capacity; provided further, that "long-term care insurance" shall also include qualified long-term care insurance policies; provided further, that "long-term care insurance" shall not include an insurance policy offered primarily to provide basic Medicare supplement coverage, basic hospital expense coverage, basic medical-surgical expense coverage, hospital confinement indemnity coverage, major medical expense coverage, disability income or related asset-protection coverage, accident only coverage, specified disease or specified accident coverage or limited benefit health coverage; provided further, that with regard to life insurance, "long-term care insurance"shall not include life insurance policies that accelerate the death benefit specifically for any of the qualifying events of terminal illness, medical conditions requiring extraordinary medical intervention or permanent institutional confinement and that provide the option of a lump-sum payment for those benefits and where neither the benefits nor the eligibility for the benefits is conditioned upon the receipt of long-term care; and provided further, that notwithstanding any other provision of this chapter, any other product advertised, marketed or offered as long-term care insurance shall be subject to this chapter.

"Policy", a policy, contract, subscriber agreement, rider or endorsement delivered or issued for delivery in the commonwealth by: (i) an insurer authorized to issue policies upon the lives of persons in the commonwealth or to provide accident and health insurance under chapter 175; (ii) a fraternal benefit society authorized under chapter 176; (iii) a nonprofit hospital service corporation authorized under chapter 176A; (iv) a nonprofit medical service corporation authorized under chapter 176B; or (v) a health maintenance organization authorized under chapter 176G.

"Qualified long-term care insurance contract" or "federally tax-qualified long-term care insurance contract", an individual or group insurance contract that meets the requirements of

section 7702B(b) of the Internal Revenue Code of 1986, as amended, as follows: (i) the only insurance protection provided under the contract is coverage of qualified long-term care services; provided, however, that a contract shall not fail to satisfy the requirements of this clause by reason of payments being made on a per diem or other periodic basis without regard to the expenses incurred during the period to which the payments relate; (ii) the contract does not pay or reimburse expenses incurred for services or items to the extent that the expenses are reimbursable under Title XVIII of the Social Security Act or would be so reimbursable but for the application of a deductible or coinsurance amount; provided, however, that the requirements of this clause shall not apply to expenses that are reimbursable under Title XVIII of the Social Security Act only as a secondary payor; and provided further, that a contract shall not fail to satisfy the requirements of this clause by reason of payments being made on a per diem or other periodic basis without regard to the expenses incurred during the period to which the payments relate; (iii) the contract is guaranteed renewable within the meaning of section 7702B(b)(1)(C) of the Internal Revenue Code of 1986, as amended; (iv) the contract does not provide for a cash surrender value or other money that can be paid, assigned, pledged as collateral for a loan or borrowed except as provided in clause (v); (v) all refunds of premiums and all policyholder dividends or similar amounts under the contract are to be applied as a reduction in future premiums or to increase future benefits, except that a refund on the event of death of the insured or a complete surrender or cancellation of the contract cannot exceed the aggregate premiums paid under the contract; and (vi) the contract meets the consumer protection provisions set forth in said section 7702B(g) of the Internal Revenue Code of 1986, as amended; and provided further, that "Qualified long-term care insurance contract" or "federally tax-qualified long-term care insurance contract" shall also include the portion of a life insurance contract that provides

long-term care insurance coverage by rider or as part of the contract and that satisfies the requirements of said section 7702B(b) and section 7702B(e) of the Internal Revenue Code of 1986, as amended, and as set forth in clauses (i) to (vi), inclusive.

Section 2. No group long-term care insurance policy shall be offered to a resident of the commonwealth under a group policy issued in another state to a group described in clause (4) of the definition of group long-term care insurance unless the commonwealth or another state having statutory and regulatory long-term care insurance requirements substantially similar to those adopted in the commonwealth has made a determination that the requirements of said clause (4) have been met.

Section 3. (a) A long-term care insurance policy shall not: (i) be cancelled, nonrenewed or otherwise terminated on the grounds of the age or the deterioration of the mental or physical health of the insured individual or certificate holder; (ii) contain a provision establishing a new waiting period in the event existing coverage is converted to, or replaced by, a new or other form within the same company, except with respect to an increase in benefits voluntarily selected by the insured individual or group policyholder; or (iii) provide coverage for skilled nursing care only or provide significantly more coverage for skilled nursing care in a facility than coverage for lower levels of care.

(b) (1) For the purposes of this section, "preexisting condition" shall mean a condition for which medical advice treatment was recommended by, or received from a provider of health care services, within 6 months preceding the effective date of coverage of an insured person. No long-term care insurance policy or certificate, other than a policy or certificate thereunder issued to a group under clause (1) of the definition of group long-term care insurance,

shall use a definition of preexisting condition that is more restrictive than the definition provided in this subsection.

- (2) A long-term care insurance policy or certificate other than a policy or certificate thereunder issued to a group as defined in clause (1) of the definition of group long-term care insurance shall not exclude coverage for a loss or confinement that is the result of a preexisting condition unless the loss or confinement begins within 6 months after the effective date of coverage of an insured person.
- (3) Notwithstanding subsection (c), an insurer may use an application form designed to elicit the complete health history of an applicant and, on the basis of the answers on that application, underwrite in accordance with that insurer's established underwriting standards. Unless otherwise provided in the policy or certificate, a preexisting condition, regardless of whether it is disclosed on the application need not be covered until the waiting period described in paragraph (2) expires. No long-term care insurance policy or certificate shall exclude or use waivers or riders of any kind to exclude, limit or reduce coverage or benefits for specifically named or described preexisting diseases or physical conditions beyond the waiting period described in said paragraph (2).
- (c) A long-term care insurance policy shall not be delivered or issued for delivery in the commonwealth if the policy: (i) conditions eligibility for any benefits on a prior hospitalization requirement; (ii) conditions eligibility for benefits provided in an institutional care setting on the receipt of a higher level of institutional care; or (iii) conditions eligibility for any benefits other than waiver of premium, post-confinement, post-acute care or recuperative benefits on a prior institutionalization requirement.

(d) The commissioner may adopt regulations establishing loss ratio standards for long-term care insurance policies; provided, however, that a specific reference to long-term care insurance policies shall be contained in the regulation.

- (e) Long-term care insurance applicants may return the policy or certificate within 30 days of its delivery and have the premium refunded if, after examination of the policy or certificate, the applicant is not satisfied for any reason. Long-term care insurance policies and certificates shall have a notice prominently printed on the first page or attached to the first page stating in substance that the applicant shall have the right to return the policy or certificate within 30 days of its delivery and to have the premium refunded if, after examination of the policy or certificate, other than a certificate issued pursuant to a policy issued to a group defined in clause (1) of the definition of group long-term care insurance, the applicant is not satisfied for any reason. This subsection shall also apply to denials of applications. A refund under this subsection shall be made within 30 days after the return or denial.
- (f) (1) An outline of coverage shall be delivered to a prospective applicant for long-term care insurance through means that prominently direct the attention of the recipient to the document and its purpose. In the case of producer solicitations, an insurance producer shall deliver the outline of coverage prior to the presentation of an application or enrollment form. In the case of direct response solicitations, the outline of coverage shall be presented in conjunction with any application or enrollment form. In the case of a policy issued to a group defined in clause (1) of the definition of group long-term care insurance, an outline of coverage shall not be required to be delivered if the information described in clauses (i) to (vi), inclusive, of paragraph (2) is contained in other materials relating to enrollment. Upon request, the other materials shall be made available to the commissioner.

(2) The commissioner shall prescribe a standard format, including style, arrangement and overall appearance, and the content of an outline of coverage. The outline of coverage shall include: (i) a description of the principal benefits and coverage provided in the policy or certificate; (ii) a statement of the principal exclusions, reductions and limitations contained in the policy or certificate; (iii) a statement of the terms under which the policy or certificate, or both, may be continued in force or discontinued, including any reservation in the policy of a right to change premium; provided, however, that continuation or conversion provisions of group coverage shall be specifically described; (iv) a statement that the outline of coverage is a summary only, not a contract of insurance, and that the policy or group master policy contains governing contractual provisions; (v) a description of the terms under which the policy or certificate may be returned and premium refunded; (vi) a brief description of the relationship of cost of care and benefits; and (vii) a statement that discloses to the policyholder or certificate holder whether the policy is intended to be a federally tax-qualified long-term care insurance contract under section 7702B(b) of the Internal Revenue Code of 1986, as amended.

(g) A certificate issued under a group long-term care insurance policy that is delivered or issued for delivery in the commonwealth shall include: (i) a description of the principal benefits and coverage provided in the policy; (ii) a statement of the principal exclusions, reductions and limitations contained in the policy; and (iii) a statement that the group master policy determines governing contractual provisions; and (iv) a statement that the policy is available for viewing in the offices of the policyholder and will be copied for the certificate holder upon request at no cost.

(h) If an application for a long-term care insurance policy or certificate is approved, the issuer shall deliver the policy or certificate of insurance to the applicant not later than 30 days after the date of approval.

- (i) (1) At the time of policy delivery, a policy summary shall be delivered for an individual life insurance policy that provides long-term care benefits within the policy or by rider. In the case of direct response solicitations, the insurer shall deliver the policy summary upon the applicant's request, but notwithstanding any such request, the insurer shall make delivery of the policy summary not later than at the time of delivery of the policy. In addition to complying with all applicable requirements, the summary shall include:
- (i) an explanation of how the long-term care benefit interacts with other components of the policy, including deductions from death benefits;
- (ii) an illustration of the amount of benefits, the length of benefits and the guaranteed lifetime benefits if any, for each covered person;
- (iii) any exclusions, reductions and limitations on benefits of long-term care insurance, including elimination or probationary periods and any preexisting condition limitations;
- (iv) a statement indicating whether a long-term care inflation protection option required by law is available under the policy; and
- (v) if applicable to the policy type, the summary shall also include: (A) a disclosure of the effects of exercising other rights under the policy; (B) a disclosure of

guarantees related to long-term care costs of insurance charges; and (C) current and projected maximum lifetime benefit.

- (2) The policy summary under this subsection may be incorporated into a basic illustration or into the life insurance policy summary which is required to be delivered under applicable regulations.
- (j) Any time a long-term care benefit, funded through a life insurance vehicle by the acceleration of the death benefit, is in benefit payment status, a monthly report shall be provided to the policyholder. The report shall include: (i) any long-term care benefits paid out during the month; (ii) an explanation of any changes in the policy, including death benefits or cash values, due to long-term care benefits being paid out; and (iii) the amount of long-term care benefits existing or remaining.
- (k) If a claim under a long-term care insurance policy or certificate is denied, the issuer, within 60 days after the date of a written request by the policyholder or certificate holder, or a representative thereof, shall: (i) provide a written explanation of the reasons for the denial; and (ii) make available all information directly related to the denial.
- (l) Any policy or rider advertised, marketed or offered as long-term care insurance or nursing home insurance shall comply with this chapter.
- Section 4. (a) For a policy or certificate that has been in force for less than 6 months, an insurer may rescind a long-term care insurance policy or certificate or deny an otherwise valid long-term care insurance claim upon a showing of misrepresentation that is material to the acceptance for coverage.

(b) For a policy or certificate that has been in force for at least 6 months but less than 2 years an insurer may rescind a long-term care insurance policy or certificate or deny an otherwise valid long-term care insurance claim upon a showing of misrepresentation that is both material to the acceptance for coverage and which pertains to the condition for which benefits are sought.

- (c) After a policy or certificate has been in force for 2 years it shall not be contestable upon the grounds of misrepresentation alone but may be contested only upon a showing that the insured knowingly and intentionally misrepresented relevant facts relating to the insured's health.
- (d) A long-term care insurance policy or certificate may be field issued if the compensation to the field issuer is not based on the number of policies or certificates issued. For the purposes of this subsection, the term "field issued" shall mean a policy or certificate issued by a producer or a third-party administrator under the underwriting authority granted to the producer or third party administrator by an insurer and using the insurer's underwriting guidelines.
- (e) If an insurer has paid benefits under a long-term care insurance policy or certificate, the insurer shall not be entitled to recover the benefit payments if the policy or certificate is rescinded.
- (f) In the event of the death of the insured, this section shall not apply to the remaining death benefit of a life insurance policy that accelerates benefits for long-term care. In that event, the remaining death benefits under any such policy shall be governed by section 132 of chapter

175. In any other event, this section shall apply to life insurance policies that accelerate benefits for long-term care.

Section 5. (a) Except as provided in subsection (b), a long-term care insurance policy shall not be delivered or issued for delivery in the commonwealth unless the policyholder or certificate holder has been offered the option of purchasing a policy or certificate that includes a nonforfeiture benefit. The offer of a nonforfeiture benefit may be in the form of a rider that is attached to the policy. In the event the policyholder or certificate holder declines the nonforfeiture benefit, the insurer shall provide a contingent benefit upon lapse that shall be available for a specified period of time following a substantial increase in premium rates.

- (b) When a group long-term care insurance policy is issued, the offer required in subsection (a) shall be made to the group policyholder. If the policy is issued as group long-term care insurance to a group defined in clause (4) the definition of group long-term care insurance, other than to a continuing care retirement community or other similar entity, the offer shall be made to each proposed certificate holder.
- Section 6. (a)(1) An individual shall not sell, solicit or negotiate long-term care insurance in the commonwealth unless the individual is licensed as an insurance producer for accident and sickness or life and has completed a 1-time training course. The training shall meet the requirements set forth in subsection (b).
- (2) In addition to the 1-time training course required in paragraph (1) an individual who sells, solicits or negotiates long-term care insurance shall complete ongoing training as set forth in subsection (b).

(b) (1) The 1-time training required by this section shall be not less than 8 hours and the ongoing training required by this section shall be not less than 4 hours every 24 months; provided, however, that the training hours under this section shall be included as part of the required continuing education hours as set forth in subsection B of section 177E of chapter 175.

- (2) The training shall consist of topics related to long-term care insurance, long-term care services and the commonwealth's minimum long-term care coverage requirements for certain asset and liability exemptions under the MassHealth program, including: (i) state and federal regulations and requirements and the relationship between asset and liability exemptions under the MassHealth program and other public and private coverage of long-term care services, including MassHealth; (ii) available long-term services and providers; (iii) changes or improvements in long-term care services or providers; (iv) alternatives to the purchase of private long-term care insurance; (v) the effect of inflation on benefits and the importance of inflation protection; and (vi) consumer suitability standards and guidelines.
- (3) The training required by this section shall not include training that is insurer or company product specific or that includes any sales or marketing information, materials or training other than those required by state or federal law.
- (c) (1) Insurers subject to this chapter shall obtain verification that a producer receives training required by this section before the producer shall be authorized to sell, solicit or negotiate the insurer's long-term care insurance products and shall maintain records subject to the laws relative to record retention requirements and make that verification available to the commissioner upon request.

(2) Insurers subject to this chapter shall maintain records with respect to the training of its producers concerning the distribution of its policies intended to satisfy the commonwealth's minimum long-term care coverage requirements for certain asset and liability exemptions under the MassHealth program that will allow the division of insurance to provide assurance to the department of medical assistance that producers have received the training required by this section and that producers have demonstrated an understanding of the policies and their relationship to public and private coverage of long-term care, including MassHealth, in the commonwealth. The records shall be maintained in accordance with the laws relative to record retention requirements and shall be made available to the commissioner upon request.

- (d) The satisfaction of comparable training requirements in any state shall be deemed to satisfy the training requirements under this section.
- Section 7. (a) The commissioner shall promulgate rules and regulations, under chapter 30A, which, at a minimum, shall be consistent with the standards set forth in the 2009 National Association of Insurance Commissioners Long-Term Care Model Regulation, including standards for:
- (i) full and fair disclosure, setting forth the manner, content and required disclosures for the sale of long-term care insurance policies and certificates;
- (ii) policy definitions and provisions, terms of renewability, initial and subsequent conditions of eligibility, benefit triggers, home health and community care benefits, nonduplication of coverage provisions, coverage of dependents, preexisting conditions, termination of insurance, continuation or conversion, limitations, exceptions, reductions,

elimination and probationary periods, requirements for replacement and unintentional lapse protection;

(iii) the promotion of premium adequacy and protections for the policyholder

- (iii) the promotion of premium adequacy and protections for the policyholder or certificate holder in the event of a substantial rate increase and disclosure;
- (iv) the offer of inflation and nonforfeiture coverage, including rules for a contingent benefit upon lapse;
  - (v) marketing practices and suitability and producer professional education; and
- (vi) filing requirements, reporting practices and requirements, reserve standards, independent review of benefit determinations and penalties.
- (b) The division of insurance shall update, on a biennial basis, the consumer guide for long-term insurance. The division shall maintain a list of insurance companies selling long-term care insurance in the commonwealth and their Massachusetts rate increase history for the preceding 10 years on its website.
- (c) The commissioner shall, in the commissioner's discretion, and may on motion of the attorney general, initiate a hearing on any long-term care insurance rate increase before its effective date after at least 10 days' notice.
- Section 8. In addition to the penalties provided in chapters 175 and 176D, any insurer or insurance producer found to have violated any requirement of this chapter or any rules or regulations promulgated under this chapter relating to the regulation of long-term care insurance or the marketing of such insurance, shall be subject to a fine of up to 3 times the amount of any

commissions paid for each policy involved in the violation or up to \$10,000, whichever is greater.

Section 9. Nothing in this chapter shall supersede the obligations of entities subject to this chapter to comply with applicable insurance laws insofar as those laws do not conflict with this chapter, except that laws and regulations intended to apply to Medicare supplement insurance policies governed by chapter 176K of the General Laws shall not apply to long-term care insurance.

SECTION 3. The commissioner of insurance shall conduct an investigation to identify the best methods to stabilize rates and prevent exceptional rate increases and may undertake such methods including, but not limited to, those identified in the 2009 division of insurance survey of long-term care insurance, with input from a working group consisting of the attorney general, the Life Insurance Association of Massachusetts, the Massachusetts Association of Health Underwriters, the National Association of Insurance and Financial Advisers, the Massachusetts chapter of the National Academy of Elder Law Attorneys, the American Academy of Actuaries and the American Association of Retired Persons. The commissioner shall also seek information on the experience of other states relative to rate stabilization.

The commissioner shall report to the general court any rate stabilization methods implemented under this section and recommendations for additional long-term care insurance rate stabilization practices, if any, together with drafts of legislation necessary to carry those recommendations into effect, by filing the report and drafts with the clerks of the senate and the house of representatives who shall forward them to the president of the senate, the speaker of the

house of representatives, the minority leader of the senate and the minority leader of the house of representatives not later than January 1, 2013.

SECTION 4. An individual who is licensed and selling, soliciting or negotiating long-term care insurance on the effective date of chapter 176S of the General Laws shall not continue to sell, solicit or negotiate long-term care insurance unless the individual has completed a 1-time training course as required in section 6 of said chapter 176S not later than July 1, 2014 and shall thereafter complete ongoing training as set forth in said section 6 of said chapter 176S.

SECTION 5. Chapter 176S of the General Laws shall apply to policies delivered or issued for delivery in the commonwealth on or after January 1, 2013.
