193 and portfolio requirements set by the board for students in other public schools.

194 To ensure that students are learning and demonstrating their knowledge, each
195 commonwealth virtual school shall ensure that students are provided, in each credit-bearing

202 commonwealth virtual school may be in need of the services of a private day or residential
203 school, it shall convene an individualized education program team meeting for the student.
204 Notice of the team meeting shall be provided to the special education department of the school
205 district in which the child resides at least 5 days in advance. Personnel from the school district in
206 which the child resides shall participate in the team meeting concerning future placement of and

208 (i) No teacher shall be hired by a commonwealth virtual school who is not certified under
209 section 38G. Nothing herein shall preclude such teacher from using digital content which may
210 include, but not be limited to, guest lecturers.

211 (j) A certificate to operate a commonwealth virtual school granted by the board shall be
212 for not less than 3 years and not more than 5 years, as determined by the board. The board shall
213 develop procedures and guidelines for amending, revoking and renewing a virtual school's
214 certificate. When deciding on certificate renewal, the board shall consider progress made in
215 student academic achievement and whether the school has met its obligations and commitments
216 under the certificate.

217 (k) The amount of tuition per pupil a school district shall pay for a student residing in the
218 district who is enrolled in a commonwealth virtual school shall be the school choice tuition
219 amount, which shall be paid through the school choice mechanism; provided, that the department

224 program established under chapter 71B. If a commonwealth virtual school offers online courses
225 to students attending other schools, the commonwealth virtual school shall work with the
226 student's district or school to determine whether the online courses meet the district's or school's
227 standards and requirements and what the commonwealth virtual school will charge the student's
228 district or school for such online courses.

229 The department may retain not more than \$75 per pupil for the administration of the
230 commonwealth virtual school program.

231 The department, in consultation with the department of youth services, shall determine
232 the appropriate tuition responsibility for students who are in the custody of the department of
233 corrections, a sheriff or the department of youth services.

234 Students enrolled in a commonwealth virtual school shall be counted in the foundation
235 enrollment of the school district where the student resides.

236 (1) The department shall promulgate rules and regulations creating a reporting
237 requirement for a commonwealth virtual school's net asset balance at the end of each fiscal year;

245 commonwealth virtual schools and may require commonwealth virtual schools to return excess
246 funds to school districts.

247 (m) Each commonwealth virtual school shall submit an annual report, not later than
248 January 1, to the board. The school shall make its report available to the public on its website.

267 that has established a virtual school.

268 (n) Each commonwealth virtual school shall maintain an accurate account of all its
269 activities and all its receipts and expenditures and shall annually conduct an independent audit of
270 its accounts. Such audit shall be filed annually, not later than January 1 with the department and
