21 given to residents who are members of historic commissions or other nonprofit organizations
22 concerned with the preservation and use of the former Blackstone canal or restoration of the
23 Blackstone River and its tributaries.

24 Section 2. The purpose of the commission shall be the restoration for public use
25 and enjoyment of the Blackstone River and canal. Said commission is hereby authorized to
26 develop plans for the establishment of a Blackstone river and canal heritage state park and
27 Blackstone valley bikeway by acquisition of land, rights-of-way, existing structures and related
28 facilities and land areas of the former Blackstone canal, located in the municipalities of

30 become available to the commission from time to time by option, gift, purchase, lease or

33 In pursuance of said purpose said commission shall have the following powers and

During the periods of time between regular meetings of said commission, the executive committee shall be empowered to act on behalf of said commission. Said commission may, at the discretion of the chairman, or of a majority of the executive committee, hold a public hearing on said activity or action to determine if the activity or action complements or adversely impacts on the Blackstone canal or the Blackstone river and canal heritage state park, and may make such recommendations as the commission may determine to be in the best interests of said canal or heritage state park. The commission may require that any preservation or improvement agreement reached between the applicant and the commission shall be recorded with the registry of deeds.

78 Failure to notify the commission in accordance with the provisions of this section shall
79 cause such permit or approval to be deemed rescinded upon written notification from the
80 commission to said appropriate permit-granting board, official, or agency. In the event that an
81 applicant, having failed to show evidence that it notified the commission, shall have substantially
82 completed work under said permit or approval, the commission may, after a public hearing,
