In the Year Two Thousand Eleven  
\_\_\_\_\_

An Act relative to women's health and cancer recovery..

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

- 1                   SECTION 1. Notwithstanding any general or special law to the contrary:
- 2                   (a) Any insurer proposing to issue individual or group accident and sickness
- 3 insurance policies providing hospital, medical and surgical, or major medical coverage on an
- 4 expense-incurred basis; any corporation providing individual or group accident and sickness
- 5 insurance policies providing hospital, medical and surgical, or major medical coverage on an
- 6 expense-incurred basis; any health maintenance organization contract providing a health care
- 7 plan for health care services; and any group blanket policy of accident and sickness insurance,
- 8 including the contributory group insurance for persons in the active or retired service of the
- 9 Commonwealth, that covers medical and surgical benefits, shall provide coverage consistent

with all of the provisions of this section, known as the “Women’s Health and Cancer Recovery Act.”

(b) Coverage under this section shall include benefits that provide a minimum hospital stay for such period as is determined by the attending physician in consultation with the patient to be medically appropriate for such covered person undergoing a lymph node dissection or a lumpectomy or a mastectomy for the treatment of breast cancer. Such coverage may be subject to annual deductibles and coinsurance as may be deemed appropriate by the Division of Insurance, herein referred to as “the division”, and as are consistent with those established for other benefits within a given policy.

(c) Every policy which provides hospital, medical, major medical, or similar comprehensive-type coverage must provide coverage for a second medical opinion by an appropriate specialist, including but not limited to a specialist affiliated with a specialty care center for the treatment of cancer, in the event of a positive or negative diagnosis of cancer or a recurrence of cancer or a recommendation of a course of treatment for cancer, subject to the following:

(1) In the case of a policy that requires, or provides financial incentives for, the insured to receive covered services from health

care providers participating in a provider network maintained by or under contract with the insurer, the policy shall include

coverage for a second medical opinion from a non-participating specialist, including but not limited to a specialist affiliated with

31 a specialty care center for the treatment of cancer, when the attending physician  
32 provides a written referral to a non-

33 participating specialist, at no additional cost to the insured beyond what such  
34 insured would have paid for services from a

35 participating appropriate specialist. Provided however, that nothing herein shall  
36 impair an insured's rights (if any) under the

37 policy to obtain the second medical opinion from a non-participating specialist  
38 without a written referral, subject to the

39 payment of additional coinsurance (if any) required by the policy for services  
40 provided by non-participating providers. The

41 insurer shall compensate the non-participating specialist at the usual, customary  
42 and reasonable rate, or at a rate listed on

43 a fee schedule filed and approved by the division, which provides a comparable  
44 level of reimbursement.

45 (2) In the case of a policy that does not provide financial incentives for, and does not  
46 require, the insured to receive covered

47 services from health care providers participating in a provider network maintained  
48 by or under contract with the insurer, the

49 policy shall include coverage for a second medical opinion from a specialist at no  
50 additional cost to the insured beyond what

51 the insured would have paid for comparable services covered under the policy.

52 (3) Such coverage may be subject to annual deductibles and coinsurance as may be  
53 deemed appropriate by the division and as

54 are consistent with those established for other benefits within a given policy, and,  
55 where applicable, consistent with the

56 provisions of paragraphs (1) and (2) of this subsection.

57 Nothing in subsection (c) shall be construed as requiring the provision of secondary  
58 consultations where the patient

59 determines not to seek such a consultation.

60 (d) Every policy which provides hospital, medical, major medical, or similar  
61 comprehensive-type coverage shall provide the following coverage for breast reconstruction  
62 surgery after a mastectomy:

63 (1) All stages of reconstruction of the breast on which the mastectomy has been  
64 performed;

65 (2) Surgery and reconstruction of the other breast to produce a symmetrical  
66 appearance; and

67 (3) Prostheses and physical complications of mastectomy, including lymphedemas.

68 Such coverage shall be provided in the manner determined by the attending physician and  
69 the patient to be medically appropriate. Such coverage may be subject to annual deductibles and

coinsurance provisions as may be deemed appropriate by the division and as are consistent with those established for other benefits within a given policy.

(e) Every policy which provides hospital, medical, major medical, or similar comprehensive-type coverage shall provide coverage which includes benefits for equipment, supplies, complex decongestive therapy, and outpatient self-management training and education for the treatment of lymphedema, if prescribed by a health care professional legally authorized to prescribe or provide such items under law. Such coverage may be subject to annual deductibles and coinsurance provisions as may be deemed appropriate by the division and as are consistent with those established for other benefits within a given policy.

(f) Written notice of the availability of such coverage provided by this section shall be delivered to the policyholder or beneficiary of such policy, contract, arrangement or plan prior to inception or renewal of such policy and annually thereafter.

(g) An insurer providing coverage under this section and any participating entity through which the insurer offers health services shall not:

(1) Deny to a covered person eligibility, or continued eligibility, to enroll or to renew coverage under the terms of the policy or vary

the terms of the policy for the purpose or with the effect of avoiding compliance with this section;

(2) Provide incentives (monetary or otherwise) to encourage a covered person to accept less than the minimum protections

available under this section;

(3) Penalize in any way or reduce or limit the compensation of a health care practitioner for recommending or providing care to a

covered person in accordance with this section;

(4) Provide incentives (monetary or otherwise) to a health care practitioner relating to the services provided pursuant to this

section intended to induce or have the effect of inducing such practitioner to provide care to a covered person in a manner

inconsistent with this section; or

(5) Restrict coverage for any portion of a period within a hospital length of stay required under this section in a manner that is

inconsistent with the coverage provided for any preceding portion of such stay.

(h) This Act shall take effect on the first of January next succeeding the date on which it shall have become a law, and shall apply to all insurance policies, plans, arrangements, and contracts issued, renewed, extended, modified, altered or amended on or after such date.

(i) This section shall not apply to, nor include, the following, or any combination thereof:

(1) Coverage for accidental death or dismemberment;

(2) Coverage for short-term travel;

109                   (3) Coverage providing wages or payments in lieu of wages for any period during  
110   which the employee is absent from work on  
111                   account of sickness or injury;

112                   (4) A Medicare supplemental policy, as defined in Section 1852(g)(1) of the Social  
113   Security Act, or any other similar coverage under  
114                   state or federal government plans;

115                   (5) Coverage issued as a supplement to liability insurance;

116                   (6) Worker's compensation or similar insurance;

117                   (7) Automobile medical-payment insurance; and

118                   (8) A long-term policy, including a nursing home fixed indemnity policy, unless the  
119   division determines that such a policy provides

120                   sufficiently comprehensive coverage of a benefit so that it should be treated as a  
121   health insurance plan under Section (a) of

122                   this Act.
