1 SECTION 1. Section 32 of Chapter 12 of the General Laws, as appearing in the 2008
2 General Edition, is hereby amended by adding the following sections at the end thereof:

3 (f): Any such community based juvenile justice program task force, operated by a

6 probation and court representatives, the department of social services, department of youth

(ii) be undertaken only with the stated goal of diverting the juvenile or accused youth from further court adjudicatory proceedings and/or from any custodial sentencing proceedings;

(iii) be undertaken only after the compilation of district-wide services directories, which shall be public records, to assure public access to information concerning the availability of and access to community-based rehabilitative services, including but not limited to after-school programs, residential treatment and other programs, mental health and substance abuse services, and specifically any and all community-based programs and services administered or operated by the office of the district attorney, whether by state or federal or other appropriation or granting mechanism.

(iv) be undertaken in order to prepare and implement an individualized service plan for the child or youth. Such service plan shall be in writing, and a copy shall be provided to the child or youth and/or his or her parent(s) or guardian(s) and to any attorney or representative duly authorized by the young person or parent or guardian. Such plan shall include specific information and direction concerning its implementation by the persons or offices responsible for providing services. 34 task force to allow the full presentation of evidence at a hearing on any motions to dismiss the
35 charges or suppress evidence as the result of any alleged violation of this section.
