In the Year Two Thousand Eleven  
\_\_\_\_\_

An Act to promote increased rates of employment.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1                   SECTION 1. Notwithstanding any general or special law, rule, or regulation to  
2 the contrary, the Department of Labor and Workforce Development shall:

3                   1)       Conduct a review and analysis of the contribution to the unemployment  
4 trust fund established pursuant to Chapter 151A of the General Laws by employers having  
5 various numbers of employees, and determine the relative financial burdens imposed upon them  
6 according to those numbers. In addition, said review and analysis shall evaluate, to the extent  
7 possible, any adverse impacts upon marginal rates of employment caused by the levels of  
8 assessment currently employed by Section 14 of said chapter.

9                   2)       Review and analyze the rate schedule contained in said chapter to  
10 determine its continued viability and sustainability as a means of assessing employer  
11 contributions to the unemployment trust contained in said chapter.

12                  3)       Based upon said reviews and analyses, develop recommendations for:

13                   a. A rate schedule for employer contributions which is sustainable and avoids  
14 the imposition of undue or avoidable hardships upon employers and levels of employment in the  
15 Commonwealth, and maximizes the ability for employers to compete nationally and  
16 internationally.

17                   b. Modifications to the assessments charged against employers with fewer than  
18 100 employees so as to increase the available resources available for job creation and to increase  
19 rates of employment in the Commonwealth.

20                   In carrying out the provisions of this act, the department shall conduct not less  
21 than three public hearings in geographically diverse regions of the Commonwealth, and shall  
22 consult with individuals and organizations representing employers, organized labor, not-  
23 unionized employees, and academic institutions with expertise in economics and  
24 competitiveness.

25                   The department shall report the findings and recommendations developed  
26 hereunder to the clerks of the House and Senate not later than nine months following the passage  
27 of this act.
