—————

An Act relative to establishing a commission to study ER copayments.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1           SECTION 1. There shall be a special commission to be referred to as the MassHealth  
2 Cost Control Commission to investigate the use of co-payments for MassHealth members with  
3 the goal of encouraging the most cost effective use of health care resource. The investigation  
4 shall include, but not be limited to, the study of savings that would result from charging a small  
5 co-payment for the use of emergency care in non-emergency situations, in order to discourage  
6 the inappropriate use of health care resources. Inappropriate use of health care resources may be  
7 defined as an instance in which an individual seeks care in an emergency room department but  
8 whose medical needs do not warrant in-patient medical care.

9           The commission shall investigate possible cost-savings for the MassHealth program and  
10 any positive and negative deterrent effects a co-payment will have on MassHealth members, in  
11 encouraging members to use primary care rather than emergency care in non-emergency  
12 situations.

13           The MassHealth Cost Control Commission shall consist of 9 members. 1 member who  
14 shall be a representative of a major hospital within the commonwealth, appointed by the  
15 Governor; 1 member who shall be an advocate for MassHealth members, appointed by the  
16 director of Medicaid; 1 member who shall be an expert in national health care policy, appointed

17 by the Governor; 1 member who shall be a representative of MassHealth, appointed by the  
18 director of Medicaid; 1 member who shall be a taxpayer's advocate, appointed by the Governor;  
19 1 member of the senate, appointed by the senate president; 1 member, appointed by the senate  
20 minority leader; 1 member of the house of representatives, appointed by the speaker of the  
21 house; and 1 member, appointed by the house minority leader.

22           The Commission shall submit its report and findings, along with any draft of legislation,  
23 to the house and senate committees on ways and means, the joint committee on health care  
24 financing, and the clerks of the house of representatives and the senate within 90 days of the  
25 passage of this act.
