1 SECTION 1. (a) For the purposes of this act, the following terms shall have the following  
2 meaning:

3 "division," the division of medical assistance, established under section 2 of chapter  
4 118E of the General Laws.

5 (b) The division shall establish a computerized income, asset, and identity eligibility  
6 verification system in order to verify eligibility, eliminate the duplication of assistance, and deter  
7 fraud within assistance programs administered by the division.

8 (1) The division may enter into a contract with a third-party vendor for the purposes of  
9 developing a system by which to verify the income, asset, and identity eligibility of applicants to  
10 prevent fraud, misrepresentation, and inadequate documentation when determining an  
11 applicant's eligibility for assistance prior to the distribution of benefits and during eligibility  
12 redeterminations and reviews, as prescribed in this section. The division may also contract with a  
13 vendor to provide information to facilitate reviews of recipient eligibility conducted by the  
14 division.

15 (2) If the division enters into a contract with a third-party vendor for the purposes of  
16 carrying out this section, the vendor shall be required by contract to establish annualized savings  
17 realized from implementation of the verification system and savings shall exceed the total yearly  
18 cost to the state for implementing the verification system.

- 19 (c) Prior to awarding or continuing assistance, the division shall, to the extent such data  
20 bases are available to the division, match the social security number of each applicant and

49 Families;

50 (17) utility payments information maintained by the Department of Housing and  
51 Community Development under the Low Income Home Energy Assistance Program;

52 (18) emergency utility payment information maintained by local cities and towns  
53 or councils on aging;

54 (19) a database which is substantially similar to or a successor of a database established  
55 in this section; and

56 (20) a database of all persons who currently hold a license, permit, or certificate from a  
57 State agency the cost of which exceeds \$1,000.

58 (d) Prior to awarding or continuing assistance, the division shall match the social  
59 security number of each applicant and recipient of assistance from the division against, at  
60 minimum, the following public records:

61 (1) a nationwide public records data source of physical asset ownership such as real  
62 property, automobiles, watercraft, aircraft and luxury vehicles;

74 this section.

75 (e) If a discrepancy results between an applicant or recipient's social security number and  
76 one or more of the databases or information tools listed under paragraph (c) and (d), the division  
77 shall review the applicant or recipient's case using the following procedures:

78 (1) if the information discovered does not result in the division finding the applicant or  
79 recipient ineligible for assistance under this section, the division shall take no further action;

80 (2) if the information discovered under paragraph (c) and (d) results in the division  
81 finding the applicant or recipient ineligible for assistance under this section, the applicant or  
82 recipient shall be given an opportunity to explain the discrepancy; provided, however, that self-  
83 declarations by applicants or recipients shall not be accepted as verification of categorical and  
84 financial eligibility during eligibility evaluations and reevaluations. The division shall provide  
85 written notice to said applicant or recipient, which shall describe in sufficient detail the  
86 circumstances of the discrepancy, the manner in which the applicant or recipient may respond,  
87 and the consequences of failing to take action. The applicant or recipient shall have 10 business  
88 days to respond in an attempt to resolve the discrepancy. The explanation provided by the  
89 recipient or applicant shall be given in writing. After receiving the explanation, the division,  
90 whichever applies, may request additional documentation if it determines that there is a  
91 substantial risk of fraud;

92 (3) If the applicant or recipient does not respond to the notice, the division shall deny  
93 assistance for failure to cooperate, in which case the division shall provide notice of intent to  
94 discontinue assistance. Eligibility for assistance shall not be reestablished until the significant  
95 discrepancy has been resolved.

96 (4) If an applicant or recipient responds to the notice and disagrees with the findings of  
97 the match between his or her social security number and one or more databases or information  
98 tools listed under this section, the division shall reinvestigate the matter. If the division finds that  
99 there has been an error, the division shall take immediate action to correct it and no further action  
100 shall be taken. If, after an investigation, the division determines that there is no error, the division  
101 shall determine the effect on the applicant or recipient's case and take appropriate action. Written  
102 notice of the division's action shall be given to the applicant or recipient.

103 (5) If the applicant or recipient agrees with the findings of the match between the  
104 applicant's or recipient's social security number and one or more databases or information tools  
105 listed under this chapter, the division shall determine the effect on the applicant or recipient's  
106 case and take appropriate action. Written notice of the division's action shall be given to the  
107 applicant or recipient. In no case shall the division discontinue assistance as a result of a match  
108 between the applicant's or recipient's social security number and one more databases or  
109 information tools listed under this chapter until the applicant or recipient has been given notice  
110 of the discrepancy and the opportunity to respond.

111 (f) The division shall promulgate all rules and regulations necessary for the purposes of  
112 carrying out this act.

113 SECTION 2. Nothing in this act shall preclude the division from continuing to conduct  
114 additional eligibility verification processes, not detailed in this act, that are currently in practice.

115 SECTION 3. Section 1 and 2 shall be effective 6 months following the passage of this  
116 act.

117 SECTION 4. Six months following the implementation of section 1 and 2, and annually  
118 thereafter, the division shall file with the clerks of the house and senate, a report detailing the  
119 effectiveness and general findings of the computerized income, asset, and identity eligibility  
120 verification system, as well as which databases or information tools listed under paragraph (c)  
121 and (d) were accessed by the system during eligibility determinations and redeterminations.
