(1) The department and division may each enter into a contract with a third-party vendor for the purposes of developing a system by which to verify the income, asset, and identity eligibility of applicants to prevent fraud, misrepresentation, and inadequate documentation when determining an applicant's eligibility for assistance prior to the distribution of benefits and during eligibility redeterminations and reviews, as prescribed in this section. The department and division may also contract with a vendor to provide information to facilitate reviews of recipient eligibility conducted by the department or the division.

19 (2) If the department or division enters into a contract with a third-party vendor for the 20 purposes of carrying out this section, the vendor shall be required by contract to establish 21 annualized savings realized from implementation of the verification system and savings shall 22 exceed the total yearly cost to the state for implementing the verification system. 23 (c) Prior to awarding or continuing assistance, the department and division shall, to the 24 extent such data bases are available to the department and division, match the social security 25 number of each respective applicant and recipient of assistance from the department or division 26 against the following: 27 (1) unearned income information maintained by the Internal Revenue Service; 28 (2) employer quarterly reports of income and unemployment insurance payment 29 information maintained by the Department of Labor and Workforce Development; 30 (3) earned income information maintained by the Social Security Administration; 31 (4) immigration status information maintained by the U.S. Citizenship and Immigration 32 Services; 33 (5) death register information maintained by the Social Security Administration; 34 (6) prisoner information maintained by the Social Security Administration; 35 (7) public housing and Section 8 Housing Assistance payment information maintained by the Department of Housing and Urban Development; 36 37 (8) national fleeing felon information maintained by the Federal Bureau of Investigation; 38 (9) wage reporting and similar information maintained by states contiguous to this State; 39 (10) beneficiary records and earnings information maintained by the Social Security 40 Administration in its Beneficiary and Earnings Data Exchange (BENDEX) database; 41 (11) earnings and pension information maintained by the Social Security Administration 42 in its Beneficiary Earnings Exchange Record System (BEERS) database; 43 (12) employment information maintained by the Department of Labor and Workforce 44 Development; 45 (13) employment information maintained by the U.S. Department of Health and Human 46 Services in its National Directory of New Hires database; 47 (14) supplemental Security Income information maintained by the Social Security 48 Administration in its SSI State Data Exchange (SDX) database;

61 62	(20) a database of all persons who currently hold a license, permit, or certificate from a State agency the cost of which exceeds \$1,000.
63 64 65	(d) Prior to awarding or continuing assistance, the department and division shall match the social security number of each respective applicant and recipient of assistance from the department or division, whichever applies, against, at minimum, the following public records:

(e) If a discrepancy results between an applicant or recipient's social security number and one or more of the databases or information tools listed under paragraph (c) and (d), the department and division shall review the respective applicant or recipient's case using the following procedures:

- (1) if the information discovered does not result in the department or division finding the applicant or recipient ineligible for assistance under this section, the department or division shall take no further action;
- (2) if the information discovered under paragraph (c) and (d) results in the department or division finding the applicant or recipient ineligible for assistance under this section, the applicant or recipient shall be given an opportunity to explain the discrepancy; provided, however, that self-declarations by applicants or recipients shall not be accepted as verification of categorical and financial eligibility during eligibility evaluations and reevaluations. The department and division, whichever applies, shall provide written notice to said applicant or recipient, which shall describe in sufficient detail the circumstances of the discrepancy, the manner in which the applicant or recipient may respond, and the consequences of failing to take action. The applicant or recipient shall have 10 business days to respond in an attempt to resolve the discrepancy. The explanation provided by the recipient or applicant shall be given in writing. After receiving the explanation, the department or division, whichever applies, may request additional documentation if it determines that there is a substantial risk of fraud;
- (3) If the applicant or recipient does not respond to the notice, the department or division, whichever applies, shall deny assistance for failure to cooperate, in which case the department or division shall provide notice of intent to discontinue assistance. Eligibility for assistance shall not be reestablished until the significant discrepancy has been resolved.
- (4) If an applicant or recipient responds to the notice and disagrees with the findings of the match between his or her social security number and one or more databases or information tools listed under this section, the department or division, whichever applies, shall reinvestigate the matter. If the department or division finds that there has been an error, the department or division shall take immediate action to correct it and no further action shall be taken. Written notice of the respective department or division's action shall be given to the applicant or recipient.
- (5) If the applicant or recipient agrees with the findings of the match between the applicant's or recipient's social security number and one or more databases or information tools listed under this chapter, the department or the division, whichever applies, shall determine the effect on the applicant or recipient's case and take appropriate action. Written notice of the department or division's action shall be given to the applicant or recipient. In no case shall the

(f) The department and division shall each promulgate rules and regulations necessary for the purposes of carrying out this act. SECTION 2. Nothing in this act shall preclude the department or division from continuing to conduct additional eligibility verification processes, not detailed in this act, that are currently in practice. SECTION 3. Section 1 and 2 shall be effective 6 months following the passage of this act. SECTION 4. Six months following the implementation of section 1 and 2, and annually thereafter, the department and the division shall each file with the clerks of the house and senate, a report detailing the effectiveness and general findings of each respective computerized income, asset, and identity eligibility verification system, as well as which databases or information tools listed under paragraph (c) and (d) were accessed by the system during eligibility determinations
