

HOUSE No. 1719

The Commonwealth of Massachusetts

PRESENTED BY:

Gloria L. Fox and Carlo Basile

To the Honorable Senate and House of Representatives of the Commonwealth of Massachusetts in General Court assembled:

The undersigned legislators and/or citizens respectfully petition for the adoption of the accompanying bill:

An Act relative to investment in employment programs that save our youth.

PETITION OF:

HOUSE No. 1719

By Representatives Fox of Boston and Basile of Boston, a petition (accompanied by bill, House, No. 1719) of Gloria L. Fox and others relative to investments in programs supporting youth employment. Labor and Workforce Development.

[SIMILAR MATTER FILED IN PREVIOUS SESSION
SEE HOUSE, NO. 2871 OF 2011-2012.]

The Commonwealth of Massachusetts

In the Year Two Thousand Thirteen

An Act relative to investment in employment programs that save our youth.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Chapter 23H of the General Laws is hereby amended by inserting after
2 Section 11 the following:-

3 Section 12. Notwithstanding any general or special law to the contrary, it shall be the
4 policy of the Commonwealth to invest in low-income, disadvantaged youth with high-impact
5 programs that mitigate violence in inner-city neighborhoods and provide education and job skills
6 in school that promote long-term economic success.

7 The Department of Workforce Development shall coordinate with Action for Boston
8 Community Development, Inc. (ABCD) on a year-round, at-risk youth employment and career
9 exploration program. The program focuses on providing low-income, disadvantaged youth with
10 a jump start in building the skills, credentials and attitudes they will need to succeed in school
11 and at work. It offers exposure to a variety of career paths; skills training; academic remediation
12 and support; case management; mentoring; links to ongoing education and employment
13 opportunities, and monitoring.

14 1) Participants will be enrolled in one of a range of career exploration tracks—which
15 provide real-world experience and training in industries as diverse as biotechnology, construction

16 trades, hospitality, health services, computer technologies, financial services, early education and
17 care.

18
19 Career tracks will provide meaningful, in-depth training as well as a chance to learn
20 about job opportunities. For example, the Construction Pre-Apprenticeship, offered in
21 conjunction with the Boston Building Trades Training Directors Association, provides up to 175
22 hours of training in building trade skills, exploring all aspects of the construction industry.
23 Career exploration incorporates hands-on training through individual and group activities, tools
24 and equipment orientation, and field trips to worksites.

25
26 2) Participants receive individual and group mentoring from experienced professionals in
27 the targeted industry areas.

28
29 3) The academic skills and credentials needed in each career field are used to provide a
30 context for individual academic assessment and remediation. For students in high school,
31 emphasis will be placed on MCAS tutoring as well as completing course requirements. Out-of-
32 school youth will be placed in a GED program or other educational alternatives, including
33 diploma granting alternative education programs.

34
35 4) All participants will receive support services through a case management model
36 which offers assessment, development of an individual service plan, information/referral
37 services, and ongoing counseling.
