The Commonwealth of Massachusetts

In the Year Two Thousand Thirteen

An Act to standardize the regulation of skilled nursing facilities.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1: The Department of Public Health shall amend the Licensure Procedure and
2 Suitability Requirements for Long-Term Care Facilities in Massachusetts regulations (105 CMR
3 153). Such amendment shall establish a formal and open public hearing process that would
4 precede approval of and allow for public input on any application for a license, notice of intent
5 for transfer of ownership or notice of intent to sell or close any skilled nursing facility whether
6 for-profit or non-profit.

7 SECTION 2: The Department of Public Health, the Center for Health Information &
8 Analysis, the Office of Elder Affairs, the Office of Medicaid and the Office of the Attorney
9 General shall work together with all interested stakeholders to review and develop policy
10 recommendations for improvements to the licensing of long term care facilities in the
11 Commonwealth (105 CMR 150; 105 CMR 153), regulations concerning standard payments and
12 cost reporting by nursing facilities (114.2 CMR 600) and the requirements for the provision of
13 nursing-facility services under MassHealth (130 CMR 456). Such recommendations shall
14 include proposed amendments to these regulations to:

15 a) Provide more transparent, timely and complete public access to information
16 concerning skilled nursing facility licensing, reimbursement and quality care standards; and

17 b) Improve the regulation and public reporting of information concerning transfers
18 of licenses for, new ownership of, and the closure of skilled nursing facility licenses; and

19 c) Otherwise enhance the regulation of skilled nursing facilities in the
20 Commonwealth.
