To the Honorable Senate and House of Representatives,

As provided in Section 3 of Article LXIII of the Amendments to the Constitution, I am recommending for your consideration my fiscal year 2015 budget, entitled “An Act Making Appropriations for Fiscal Year 2015.”

I urge your prompt and favorable consideration of this proposal.

Respectfully submitted,

Deval L. Patrick,
Governor
An Act making appropriations for fiscal year 2015.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to which is immediately to make appropriations for the fiscal year beginning July 1, 2014, and to make certain changes in law, each of which is immediately necessary to carry out those appropriations or for other important public purposes, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

SECTION 1. To provide for the maintenance of the several departments, boards, commissions and institutions and other services, and for certain permanent improvements and to meet certain requirements of law, the sums set forth in sections 2, 2B, 2D, 2E and 3, for the purposes and subject to the conditions specified in sections 2, 2B, 2D, 2E and 3, are hereby appropriated from the General Fund unless specifically designated otherwise, subject to laws regulating the disbursement of public funds for the fiscal year ending June 30, 2015. All sums appropriated under this act, including supplemental and deficiency budgets, shall be expended in a manner reflecting and encouraging a policy of nondiscrimination and equal opportunity for members of minority groups, women and disabled persons. All officials and employees of an agency, board, department, commission or division receiving monies under this act shall take affirmative steps to ensure equality of opportunity in the internal affairs of state government, as well as in their relations with the public, including those persons and organizations doing business with the commonwealth. Each agency, board, department, commission or division, in spending appropriated sums and discharging its statutory responsibilities, shall adopt measures to ensure equal opportunity in the areas of hiring, promotion, demotion or transfer, recruitment, layoff or termination, rates of compensation, in-service or apprenticeship training programs and all terms and conditions of employment.
SECTION 1A. In accordance with Articles LXIII and CVII of the Amendments to the Constitution and section 6D of chapter 29 of the General Laws, it is hereby declared that the amounts of revenue set forth in this section by source for the respective funds of the commonwealth for the fiscal year ending June 30, 2015 are necessary and sufficient to provide the means to defray the appropriations and expenditures from such funds for this fiscal year as set forth and authorized in sections 2, 2B and 2E. The comptroller shall keep a distinct account of actual receipts from each such source by each such fund to furnish the executive office for administration and finance and the house and senate committees on ways and means with quarterly statements comparing such receipts with the projected receipts set forth in this section and to include a full statement comparing such actual and projected receipts in the annual report for this fiscal year pursuant to section 13 of chapter 7A of the General Laws. The quarterly and annual reports shall also include detailed statements of any other sources of revenue for the budgeted funds in addition to those specified in this section.

to four-year institutions, career preparation for entry into high demand occupational fields, developmental coursework and lifelong learning opportunities.

Community colleges have a special responsibility for workforce development and through partnerships with business and industry, provide job training, retraining, certification and skills improvement. In addition, they assume primary responsibility in the public system for offering developmental courses, programs and other educational services for individuals who seek to develop the skills needed to pursue college-level study or enter the workforce.

Rooted in their communities, the colleges serve as community leaders, identifying opportunities and solutions to community problems and contributing to the region's intellectual, cultural, and economic development. They collaborate with elementary and secondary education and work to ensure a smooth transition from secondary to post-secondary education. Through partnerships with baccalaureate institutions, they help to promote an efficient system of public higher education.

The community colleges offer an environment where the ideas and contributions of all students are respected. Academic and personal support services are provided to ensure that all students have an opportunity to achieve academic and career success.

Each college and university places a special emphasis on teaching and lifelong learning and promotes a campus life that fosters intellectual, social and ethical development. Committed to excellence in instruction and to providing responsive, innovative, and educational programs of high quality, they seek to develop each student's critical thinking, quantitative, technological, oral and written communication skills and practical appreciation of the arts, sciences, and humanities as they affect good citizenship and an improved quality of life. The state colleges and universities provide a campus environment where the ideas, values, perspectives and contributions of all students are respected.

Massachusetts state colleges and universities are strategically located to facilitate access to baccalaureate and master's degree programs for Commonwealth residents who meet their high standards for admission. In recognition of their responsibilities to Massachusetts taxpayers to manage their resources efficiently and to maintain tuition and fees at a level as low as possible, each college and university has a distinctive academic focus based upon its established strengths and regional and state needs. Each college and university is a leader and resource for the community and contributes to the region's cultural, environmental and economic development.

Worcester Sheriffs Department
The primary mission of the Worcester County Sheriff's Office is to provide for the care, custody and control of pre-trial and sentenced inmates in Worcester County, with a paramount focus on maintaining the safety of our staff and public safety in Worcester County.

Inmates sentenced to the House of Corrections will have the opportunity to participate in comprehensive rehabilitative programs, designed to reduce criminality, recidivism and return responsible productive citizens to our neighborhoods. Specifically, sentenced inmates will have the opportunity to access educational, vocational and substance abuse programming while incarcerated.

Furthermore, it shall be the mission of the Sheriff's Office to provide comprehensive reentry and reintegration services, offering community based supervised programming such as work release, community service, and COAP, in addition to partnering with local service providers to establish a continuum of care upon release.

Additionally, the Sheriff's Office will emphasize the importance of early prevention, targeting at risk youth and offering programs such as the "FACE 2 FACE" drug prevention seminar and the "Scared Straight" program.

This mission statement will be accomplished by exercising prudent management over facility resources; implementing policies, procedures and practices which are in compliance with applicable laws and maintaining accreditation by the National Commission on Correctional Healthcare and the American Correctional Association.

Appeals Court

Created in 1972, the Appeals Court is a court of general appellate jurisdiction. Most appeals from the several departments of the Trial Court are entered initially in the Appeals Court; some are then transferred to the Supreme Judicial Court, but a majority are decided by the Appeals Court. The Appeals Court also has jurisdiction over appeals from final decisions of three state agencies: the Appellate Tax Board, the Department of Industrial Accidents and the Commonwealth Employment Relations Board.

The target local share shall be calculated using the same methodology used in fiscal year 2014. Preliminary local contribution shall be the municipality's fiscal year 2014 minimum required local contribution, increased or decreased by the municipal revenue growth factor; provided, that if a municipality's preliminary local contribution as a percentage of its foundation budget is more than 2.5 percentage points lower than the target local share, the preliminary contribution shall be recalculated using the municipality's revenue growth factor plus 1 percentage point; and if a municipality's preliminary contribution as a percentage of its foundation budget is more than 7.5 percentage points lower than the target local share, the preliminary contribution shall be recalculated using the municipality's revenue growth factor plus 2 percentage points. Minimum required local contribution for fiscal year 2015 shall be, for any municipality with a fiscal year 2015 preliminary contribution greater than its fiscal year 2015 target contribution, the preliminary local contribution reduced by 50 per cent of the gap between the preliminary local contribution and the target local contribution.
