1 Resolved, SECTION 1. Notwithstanding any general or special law to the contrary, there
2 shall be a study commission to look at adding arts to STEM (science, technology, engineering,
3 and mathematics) related programs and changing STEM to STEAM (science, technology,
4 engineering, arts and mathematics). The commission shall consist of 9 members: 3 members
5 appointed by the governor, provided that 1 shall be an individual working as an artist and 1 shall
6 be affiliated with a regional arts council; secretary of education or designee; 2 persons appointed
7 by the president of the senate; 2 persons appointed by the speaker of the house of representatives;
8 and the executive director of the Massachusetts Cultural Council or her designee.

9 Said commission shall study and report on any necessary policy initiatives, regulatory or

11 feasibility of adding the arts in STEM related programs; (c) investigate the barriers to adding arts
12 (A) to STEM; and (d) develop guidelines to implementing fair and adequate appropriations for
13 the arts in Massachusetts. The commission shall identify funding sources available to fairly fund
14 arts in STEM related programs.

15 The commission shall submit its findings and recommendations, together with drafts of
16 legislation necessary to carry those recommendations into effect by filing the same with the
17 clerks of the house of representatives and senate, the house and senate committees on ways and
18 means, and the joint committee on tourism, arts and cultural development not later than January
19 1, 2014.
