The Commonwealth of Massachusetts

In the Year Two Thousand Thirteen

An Act relative to special education budgets.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. Recognizing that school districts and municipalities are unable to
2 adequately plan an education budget because of the volatility of special education costs, and in
3 an effort to help school districts and municipalities with their growing concern regarding
4 extraordinary and unanticipated special education cost, the Commonwealth will devise an
5 insurance policy for municipalities in school districts which will allow them to be reimbursed for
6 special education costs that exceed 25% of the dollar amount obtained by the formula below:

7 The average special education expenditures for the commonwealth over the last three
8 years, divided by the average number of public school students in the commonwealth over the
9 last three years, multiplied by the number of students in a particular school district or
10 municipality.
