**The Commonwealth of Massachusetts**

OFFICE OF THE GOVERNOR  
COMMONWEALTH OF MASSACHUSETTS  
· , MA  
(617) 725-4000

*April 16, 2014*

To the Honorable Senate and House of Representatives,

I am filing for your consideration a bill entitled “An Act Making Appropriations for the Fiscal Year 2014 to Provide for Supplementing Certain Existing Appropriations and for Certain Other Activities and Projects.”

The legislation I am filing includes supplemental funding requests of \$161.7 million to fund obligations.

The legislation includes \$20 million for opiate abuse treatment and prevention, consistent with my March 27th declaration of a public health emergency. It also includes \$1 million for corrections officer training at the Department of Corrections in response to concerns raised about the treatment of mentally ill inmates in state prisons.

In addition, the legislation includes funding for the following:

- \$50 million for the Group Insurance Commission, the insurance broker for the Commonwealth’s employees to fund higher than anticipated utilization costs
- \$34.1 million for private counsel compensation required by the Committee on Public Counsel Services
- \$27.6 million for reimbursements to school districts for charter school costs
- \$11.3 million for the operation of the Fernald Developmental Center

- \$10.4 million for services provided by the Department of Children and Families, which is experiencing increased demand for family supports
- \$6.1 million for family emergency shelter services. Even with the program reforms my Administration has implemented, the state continues to see historic levels of demand for emergency housing services. \$400,000 of this funding will support 400 new family congregate shelter beds in FY14 to further reduce the number of families living in motels.

Many of the above fiscal year 2014 items are quite time-sensitive. Some require supplemental funding before May 15th. Accordingly, I especially request their prompt enactment.

This legislation also includes some budget-related and other technical language changes, including the following:

- Addressing end-of-year cash flow at the Health Connector caused by the delay of 2014 unemployment insurance bills being issued and the continued operation of the Commonwealth Care program
- Extending the 2013 Boston Marathon Reserve to support security costs at this year's marathon and future marathons
- Allowing the Commonwealth to enter into power-purchase agreements with private developers, to bolster our renewable energy portfolio

Sufficient revenues are estimated to be available to finance these appropriations. I urge your prompt and favorable consideration of this bill.

Respectfully submitted,

Deval L. Patrick,  
*Governor*
