HOUSE No. 476

By Mr. Sánchez of Boston, a petition (accompanied by bill, House, No. 476) of Jeffrey Sánchez and others relative to funding for improvements to early education child care facilities. Education.

The Commonwealth of Massachusetts

In the Year Two Thousand Thirteen

An Act relative to early education and out of school time capital fund.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1. (a) Traditional community development investments create affordable
2 housing, workforce development and an array of services for low income residents of the
3 Commonwealth. It is in the interest of the Commonwealth to expand the community
4 development infrastructure to include facilities for early childhood education and out-of-school
5 time programs. An investment with a focus on the safety, health and education of young
6 children is crucial to development of human capital, an essential component of effective
7 community development.

8 Without child care, parents cannot work. Without high quality child care, disadvantaged
9 children cannot thrive because deprivation and stress in early childhood interfere with healthy
10 development and learning. Children need high quality education in physical environments that
11 support their wellbeing, and a well-designed, suitably equipped facility is a key element in
12 program quality. Creating space for high quality education and care is critical to the
13 Commonwealth’s ability to expand those interventions that reduce the achievement gap, decrease
14 the need for special education, improve health outcomes, and lead to better lives, lower crime,
15 and reduced social costs.

16 As used in this chapter the following words shall unless the context clearly requires
17 otherwise, have the following meanings:

18 “Department” is defined as the Department of Housing and Community Development.

19 “EEC” is defined as the Department of Early Education and Care.

20 “Eligible Project” is defined as the acquisition design, construction, repair, renovation,
21 rehab, or other capital improvement or deferred maintenance of an eligible facility.

24 There is a demonstrated need for the project

25 The project benefits low income children and the community it serves

26 There is a financial need for the loan or grant

27 There is local support

29 leased, or otherwise used by 1 or more Eligible Organization(s) and licensed by EEC. At least
30 25% of the slots in the facility shall serve low income families who are eligible for public
31 subsidy. Leased facilities shall have a lease term that is consistent with the scale of the capital
32 investment.

33 Municipally owned buildings are eligible provided that there is dedicated single purpose
34 space for licensed early education or out of school time programs.

39 eligible project.

41 an eligible project.

44 fund for the purpose of making grants or loans for the development of Eligible Facilities for
45 licensed early care and education and out of school time programs; provided, that the grant or
