20 preventative measures, the identification of physical, social and emotional needs of the client.

21 Section 260. Nothing in sections 259 through 277 inclusive, shall limit or regulate the
22 practice of a licensed physician, certified nurse-midwife, or licensed basic or advanced
23 emergency medical technician. The practice of midwifery shall not constitute the practice of
24 medicine, certified nurse-midwifery, or emergency medical care to the extent that a midwife
25 advises, attends, or assists a woman during pregnancy, labor, natural childbirth, or the
26 postpartum period.

27 Section 261. (a) The board of registration in medicine shall form a committee on
28 midwifery. Committee members shall be appointed as follows: 8 members shall be appointed by

43 eligible for appointment after a lapse of 1 or more years.

45 misconduct or malfeasance or misfeasance in office after being given a written statement of the
46 charges against him and sufficient opportunity to be heard thereon. Upon the death or removal
47 for cause of a member of the committee, the governor shall fill the vacancy for the remainder of
48 that member’s term.

49 (d) The committee shall meet not less than 4 times per calendar year. At its first meeting
50 and annually thereafter, the committee shall elect from among its members a chairperson, a vice-
51 chairperson and a secretary who shall each serve for 1 year and until a successor is appointed and
52 qualified. Committee members shall serve without compensation but shall be reimbursed for
53 actual and reasonable expenses incurred in the performance of their duties.

61 of all persons registered and licensed by it, which shall be available for public inspection. The
62 register shall contain the name of every living registrant, the registrant's last known place of
63 business and last known place of residence, and the date and number of the registrant's
64 registration and certificate as a licensed midwife. The committee shall make an annual report
65 containing a full and complete account of all its official acts during the preceding year, including
66 a statement of the condition of midwifery in the commonwealth.

67 Section 264. The committee shall:

- 68 (1) examine applicants and issue licenses to those applicants it finds qualified;
- 69 (2) adopt regulations establishing licensing and licensing renewal requirements;
- 70 (3) issue permits to apprentice midwives;
- 71 (4) investigate complaints against persons licensed under this chapter;
- 72 (5) hold hearings and order the disciplinary sanction of a person who violates this
73 chapter or a regulation of the committee;
- 74 (6) approve education and apprentice training that meet the requirements of this chapter

At the time of filing the application, an applicant shall pay to the board a fee which shall be set by the secretary of administration and finance.

Section 266. (a) The committee may adopt an exam for applicants for licensure, and may conduct up to two examinations in each calendar year. The committee may establish examination and testing procedures to enable it to determine the competency of persons applying for licensure as a midwife.

(b) An applicant who has failed the examination shall not retake the examination for a period of 6 months. An applicant who has failed the examination more than 1 time may not retake the examination unless the applicant has participated in or successfully completed further education and training programs as prescribed by the committee.

The information obtained thereby may be used by the committee to determine the applicant's eligibility for licensing under this chapter. Receipt of criminal history record information by a private entity is prohibited. If the committee determines that such information has a direct bearing on the applicant's ability to serve as a midwife, such information may serve as a basis for the denial of the application;

(6) meet minimum educational requirements which shall include studying midwifery; basic sciences; female reproductive anatomy and physiology; behavioral sciences; childbirth education; community care; obstetrical pharmacology; epidemiology; gynecology; family

127 alternative birth settings or both. The Department of Public Health shall assist the committee in
128 facilitating access to hospital training for approved midwifery programs.

129 Section 268. The committee shall annually administer an examination designed to
130 measure the qualifications necessary in order to safely utilize the pharmaceutical agents provided
131 for in section 275. Such examination shall be open upon application to any midwife licensed
132 under the provisions of this chapter and to any person who meets the qualifications for
133 examination under section 267; provided, however, that each applicant shall furnish to the
134 committee satisfactory evidence of the completion of a qualifying course of study relating to the

Section 271. (a) The committee may, after a hearing pursuant to chapter 30A, revoke, suspend, or cancel the license of a midwife, or reprimand or censure a midwife if it finds upon proof satisfactory to the committee that such midwife:

(1) fraudulently procured licensure as a midwife;

(2) violated any provision of law relating to the practice of medicine or midwifery, or any rule or regulation adopted thereunder ;

(3) acted with gross misconduct in the practice of midwifery or of practicing midwifery fraudulently, or beyond its authorized scope, or with gross incompetence, or with gross negligence on a particular occasion or negligence on repeated occasions;

(7) has been convicted of a criminal offense which reasonably calls into question the ability to practice midwifery;

(8) violated any rule or regulation of the committee;

(9) acted in a manner which is professionally unethical according to ethical standards of the profession of midwifery; or

(10) violated any provision of sections 260 to 278.

(b) No person filing a complaint or reporting information pursuant to this section or assisting the committee or board at its request in any manner in discharging its duties and functions shall be liable in any cause of action arising out of receiving such information or assistance, providing the person making the complaint or reporting or providing such information or assistance does so in good faith and without malice.

Section 272. When accepting a client for care, a midwife shall obtain the client's informed consent, which shall be evidenced by a written statement in a form prescribed by the committee and signed by both the midwife and the client. The form shall certify that full disclosure has been made and acknowledged by the client as to each of the following items, with the client's acknowledgement evidenced by a separate signature adjacent to each item in addition to the client's signature and the date at the end of the form:

(1) the name, address, telephone number, and license number of the licensed midwife;

(2) a description of the midwife's education, training, and experience in midwifery;

Section 273. A midwife shall prepare, in a form prescribed by the committee, a written plan for the appropriate delivery of emergency care. The plan shall address the following:

(1) consultation with other health care providers;

(2) emergency transfer; and

(3) access to neonatal intensive care units and obstetrical units or other patient care areas.

Section 274. (a) The midwife shall only accept and provide care to those women who are expected to have a normal pregnancy, labor, and delivery.

(b) A midwife shall provide an initial and ongoing screening to ensure that each client receives safe and appropriate care. As part of the initial screening to determine whether any contraindications are present, the midwife shall take a detailed health history as defined by the committee.

(c) The midwife must be able at all times to recognize the warning signs of abnormal or potentially abnormal conditions necessitating referral to a physician. If a midwife determines at any time during the course of the pregnancy that a woman's condition may preclude attendance by the midwife, the client shall be referred to an appropriate licensed health care provider.

(d) As part of the initial screening and ongoing screening, a midwife may order and interpret clinical tests for the client as required by the committee. The midwife shall include these results in the client's record.

(e) If the client is delivering at home, the midwife shall ensure that the home is safe and hygienic and meets standards set forth by the committee.

(f) A midwife shall not perform any operative or surgical procedures except for episiotomy or suture repair of episiotomy or first or second degree perineal lacerations.

No health care facility licensed under chapter 111, providing medical treatment to a

woman or infant due to an emergency arising during the delivery or birth as a consequence of the care received by a midwife licensed under chapter 112, shall be held liable for any civil damages as a result of such medical care or treatment resulting from the attempt to render such emergency care.

The committee may petition in any court of competent jurisdiction for an injunction against any person practicing midwifery or any branch thereof without a license. Such injunction may be issued without proof of damage sustained by any person.

Such injunction shall not relieve such person from criminal prosecution for practicing without a license.

(b) Nothing in this section shall be construed to prevent or restrict the practice, service or activities of (1) any person licensed in the commonwealth from engaging in activities within the scope of practice of the profession or occupation for which such person is licensed, provided that such person does not represent to the public, directly or indirectly, that such person is licensed under sections 260 to 277, inclusive, and that such person does not use any name, title or designation indicating that such person is licensed under said sections 260 to 277, inclusive; (2) any person employed as a midwife by the federal government or an agency thereof if that person provides midwifery services solely under the direction and control of the organization by which such person is employed.

SECTION 2. The committee shall adopt rules and regulations pursuant to section 264 of chapter 112 within 180 days after the effective date of this act. Within 180 days after the committee adopts the rules and regulations pursuant to said section 264 of said chapter 112, the committee may commence the issuing of licenses.

SECTION 3. Nothing in this act shall preclude any person who was practicing midwifery before the effective date of this act from practicing midwifery in the commonwealth until the committee establishes procedures for the licensure of midwives pursuant to sections 259 to 278, inclusive, of chapter 112.

SECTION 4. The committee of midwifery, established pursuant to section 261 of chapter 112, shall establish regulations for the licensure of individuals practicing midwifery prior to the date on which the committee commences issuing licenses, provided that the individuals shall have 2 years from the date on which the committee commences issuing licenses to provide proof of passage of a licensing examination recognized by the committee and proof of completion of any continuing education requirements necessary for re-licensure.
