An Act relative to amusement devices.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1 Chapter 140 of the General Laws as so appearing in the 2010 Official Edition is hereby  
2 amended by striking out section 205A and inserting in place thereof the following section:-

3 Section 205A. Operation of Amusement Devices

4 a) Amusement Device Defined:

5 "Amusement Device" shall mean a fixed or portable mechanical device similar to, but not  
6 limited to ferris wheels, carousels, inclined railways or similar devices including inflatable, as  
7 well as amusement devices as defined by the American Society for Testing and Materials  
8 (ASTM). Go karts, concession go kart and other mechanical devices that are confined to one  
9 path of travel shall be considered an amusement device per path of travel for purposes of this  
10 section. This section shall not apply to recreational tramways as defined by section 71I of  
11 chapter 143, coin operated amusement rides or devices, skill games or playground equipment.;  
12 provided however that the commissioner of public safety, hereinafter called the commissioner,  
13 shall have the discretion to further define an amusement device operated under this section.

14 (b) License; Insurance Requirement; fees:

15 (1) For the purposes of this section the commissioner shall adopt rules and  
16 regulations establishing standards for the design, construction, inspection and operation of

17 amusement devices for the safety of the public and criteria and procedures for the issuance,  
18 denial, renewal, suspension and revocation of a license and permit for the operation of  
19 amusement devices; provided, however, that a final adjudication that there has been a violation  
20 of federal law, state law or any other rule adopted by the department, shall be cause for the  
21 denial, suspension or revocation of any license issued under this section. The operation of  
22 amusement devices in violation of the regulations or without a valid license and permit shall be  
23 considered a punishable violation for the purposes of this section.

24 (2) No person shall individually or through an agent operate or cause to be  
25 operated an amusement device unless such person has obtained a license and permit from the  
26 commissioner.

27 (3) The commissioner, upon receipt of proof that a person has obtained liability  
28 insurance as required by this section and upon certification that an amusement device has met the  
29 standards established by the commissioner, may issue a license and permit for the operation of  
30 the amusement devices.

31 (4) A person who possesses a Massachusetts certificate of competency to inspect  
32 amusement devices, issued under section 62 of chapter 146, and who has furnished to the  
33 commissioner proof of liability insurance for an amount of at least \$1,000,000 for general  
34 liability, shall provide to the commissioner an inspection report and a certificate of liability.

35 (5) The fee for a license under this section shall be determined annually by said  
36 commissioner of administration and finance under section 3B of chapter 7 for the filing thereof.  
37 All licenses issued pursuant to this section shall expire annually on a date determined by the  
38 Commissioner or on the date that the insurance certificate is no longer valid, which ever occurs  
39 sooner, unless revoked for cause, and shall be valid throughout the commonwealth.

40 (c) Itinerary:

41 An owner shall be required to provide proper notice as further determined by the  
42 commissioner as to the location and dates that the amusement device will be operated in the  
43 Commonwealth.

44 (d) Injury:

45 If an injury requiring medical treatment has occurred on such an amusement device,  
46 reasonably due to a defect or malfunction in the amusement device, or if the amusement device  
47 constitutes a hazard to life, limb, or property, as determined by the commissioner or his designee,  
48 the amusement device shall be closed immediately and, within 1 hour, the owner shall notify the  
49 commissioner or his designee in writing upon a form approved by the commissioner. The  
50 amusement device shall remain closed until all necessary repairs have been completed to the  
51 satisfaction of the commissioner or his designee. All such injuries shall be investigated by the

52 Department of Public Safety in coordination with the Massachusetts State Police. Failure to  
53 follow this provision shall constitute the operation of an unsafe ride and shall be punishable by a  
54 fine not to exceed \$5,000.00 or by imprisonment for not more than one year, or both. The  
55 licensee shall pay to the commissioner a fee as determined under section 3B of chapter 7 for each  
56 hour or fraction thereof spent by each inspector while engaged in an investigation.

57 (e) Identification of Amusement Device:

58 All amusement devices shall bear identification as determined by the commissioner.

59 (f) Inspection:

60 All persons authorized by this section to conduct inspections and not employed by the  
61 Department of Public Safety, shall be certified by the Department of Public Safety. An owner of  
62 an amusement device shall maintain and preserve a log of all regular maintenance schedules,  
63 service and repair reports, periodic inspections performed and any accident or injury which may  
64 have occurred on an amusement device which shall be made available upon request to the  
65 Department of Public Safety.

66 (g) Owner Responsibilities:

67 (1) Owners shall maintain permanent and extensive training and inspection  
68 policies relative to routine and emergency procedures. All locations which have 35 or more  
69 amusement devices on the premises shall employ full-time emergency medical personnel and  
70 maintain ambulance serves within the park. All owners shall have at least 1 individual on staff  
71 that is certified by the commissioner as qualified to oversee the operation, maintenance and  
72 inspection of amusement devices provided however that no minor shall operate an amusement  
73 device. The owner shall furnish to the commissioner proof that all mechanical and large  
74 inflatable amusement devices are covered for an amount of at least \$2,000,000 for combined  
75 single limit bodily injury and property damage and at least \$1,000,000 for small inflatable  
76 devices and which meet the rules and regulations as established by the commissioner. If the  
77 insurance contract expires or is cancelled, notice shall be furnished by the insurance carrier to the  
78 commissioner prior to the termination and the amusement device shall be closed until insurance  
79 is obtained and a new license issued. Operational programs and policies relative to the training,  
80 inspection, maintenance and safety of amusement devices shall be subject to review and  
81 modification by the commissioner or his designee. Proof of coverage shall include, but not be  
82 limited to, proof of liability insurance issued by an insurance company approved to do business  
83 within the commonwealth, or a bond security or other type of indemnity against liability  
84 providing substantially equivalent coverage.

85 (h) Penalty for Violation:

86           Whoever violates this section shall, for each such violation, be punished by a fine of not  
87 more than \$5,000 or by imprisonment for not more than 1 year or both.

88           (i) Retained Revenue account; Fees; Fines

89           The Department of Public Safety may collect and expend an amount not to exceed  
90 \$50,0000 for the purpose of enforcement, training, and education of state inspectors; provided,  
91 that the department may charge fees for licensing, investigation, training, and overtime for  
92 inspections at the owner's request, and collect fines for violations of this section; and further  
93 provided that for the purposes of accommodating discrepancies between the receipt of retained  
94 revenues and related expenditures, the department may incur expense and the comptroller may  
95 certify for payment amounts not to exceed the lower of this authorization or the most recent  
96 revenue estimate as reported in the state accounting system.

97           SECTION 2. Section 60 of chapter 146 of the General Laws, as appearing in the 2006  
98 Official Edition, is hereby amended by striking out, after the word "boilers" in line 2, the words  
99 "or an inspector of amusement devices."

100           SECTION 3. Section 60 of chapter 146 of the General Laws, as so appearing, is hereby  
101 amended by inserting after the word "administration," in line 5, the following sentence:-The  
102 application of a person desiring to act as an inspector of amusement devices shall be  
103 accompanied by a fee, the amount of which shall be determined annually by the commissioner of  
104 administration.
