Senate, May 23, 2013, –Text of the Senate amendments to the House Bill making appropriations for the fiscal year 2014 for the maintenance of the departments, boards, commissions, institutions and certain activities of the Commonwealth, for interest, sinking fund and serial bond requirements and for certain permanent improvements (House, No. 3401).

The Commonwealth of Massachusetts

In the Year Two Thousand Thirteen

SECTION 1. To provide for the operations of the several departments, boards, commissions and institutions of the commonwealth and other services of the commonwealth, and for certain permanent improvements and to meet certain requirements of law, the sums set forth in sections 2, 2B, 2D, 2E and 3, for the several purposes and subject to the conditions specified in sections 2, 2B, 2D, 2E and 3, are hereby appropriated from the General Fund unless specifically designated otherwise, subject to the provisions of law regulating the disbursement of public funds and the approval thereof for the fiscal year ending June 30, 2014. All sums appropriated under this act, including supplemental and deficiency budgets, shall be expended in a manner reflecting and encouraging a policy of nondiscrimination and equal opportunity for members of minority groups, women and handicapped persons. All officials and employees of an agency, board, department, commission or division receiving monies under this act shall take affirmative steps to ensure equality of opportunity in the internal affairs of state government, as well as in their relations with the public, including those persons and organizations doing business with the commonwealth. Each agency, board, department, commission or division of the commonwealth, in spending appropriated sums and discharging its statutory responsibilities, shall adopt measures to ensure equal opportunity in the areas of hiring, promotion, demotion or transfer, recruitment, layoff or termination, rates of compensation, in-service or apprenticeship training programs and all terms and conditions of employment.

SECTION 1A. In accordance with Articles LXIII and CVII of the Articles of Amendment to the Constitution of the Commonwealth and section 6D of chapter 29 of the

General Laws, it is hereby declared that the amounts of revenue set forth in this section by source for the respective funds of the commonwealth for the fiscal year ending June 30, 2014 are necessary and sufficient to provide the means to defray the appropriations and expenditures from such funds for said fiscal year as set forth and authorized in sections 2, 2B and 2E. The comptroller shall keep a distinct account of actual receipts from each such source by each such fund to furnish the executive office for administration and finance and the house and senate committees on ways and means with quarterly statements comparing such receipts with the projected receipts set forth herein and to include a full statement comparing such actual and projected receipts in the annual report for said fiscal year pursuant to section 12 of chapter 7A of the General Laws. SECTION 3. Notwithstanding any general or special law to the contrary, for the fiscal year ending June 30, 2014 the distribution to cities and towns of the balance of the State Lottery Fund, as paid from the General Fund in accordance with clause (c) of the second paragraph of section 35 of chapter 10 of the General Laws, and additional funds from the General Fund shall be \$898,980,293 and shall be apportioned to the cities and towns in accordance with this section.

Notwithstanding section 2 of chapter 70 of the General Laws or any other general or special law to the contrary, except for section 12B of chapter 76 and section 89 of chapter 71 of the General Laws, for fiscal year 2014 the total amounts to be distributed and paid to each city and town from item 7061-0008 of section 2 shall be as set forth in the following lists. The specified amounts to be distributed from said item 7061-0008 of said section 2 shall be in full satisfaction of the amounts due under chapter 70 of the General Laws.

For fiscal year 2014, the foundation budget categories for each district shall be calculated in the same manner as in fiscal year 2013. The target local share shall be calculated using the same methodology used in fiscal year 2013. Preliminary local contribution shall be the municipality's fiscal year 2013 minimum required local contribution, increased or decreased by the municipal revenue growth factor; provided, that if a municipality's preliminary contribution as a percentage of its foundation budget is more than 5 percentage points lower than the target local share, the preliminary contribution shall be recalculated using the municipality's revenue growth factor plus 1 percentage point; and if a municipality's preliminary contribution as a percentage of its foundation budget is more than 10 percentage points lower than the target local share, the preliminary contribution shall be recalculated using the municipality's revenue growth factor plus 2 percentage points. Minimum required local contribution for fiscal year 2014 shall be, for any municipality with a fiscal year 2014 preliminary contribution greater than its fiscal year 2014 target contribution, the preliminary local contribution reduced by 15 per cent of the gap between the preliminary local contribution and the target local contribution. Required local contribution shall be allocated among the districts to which a municipality belongs in direct proportion to the foundation budgets for the municipality's pupils at each of those districts. For fiscal year 2014, "prior year aid" shall be fiscal year 2013 state-appropriated chapter 70 aid. For fiscal year 2014, the "foundation aid increment" shall be the difference between: (1) the positive difference between a district's foundation budget and its required district contribution; and (2) prior year aid. For fiscal year 2014, chapter 70 aid shall be: (i) for any district that: (A) has a target aid percentage greater than the sum of a district's prior year aid and foundation aid increment as a percentage of foundation budget; and (B) has a combined effort yield as a percentage of foundation budget of not more than 140 per cent; the sum of prior year aid and 25 per cent of the difference between the district's target aid amount and the sum of prior year aid and the district's foundation aid increment; (ii) for any district with a positive foundation aid increment not included in (i), the sum of the district's prior year aid plus the district's foundation aid increment; and (iii) for all other districts: the sum of foundation enrollment multiplied by 25 plus prior year aid. Combined effort yield as a percentage of foundation for districts shall be

determined by dividing the district's combined effort yield by the district's total foundation budget. Combined effort yield as a percentage of foundation for regional school districts shall be determined by allocating a member municipality's combined effort yield among the districts to which said municipality belongs in direct proportion to the foundation budgets for the municipality's pupils at each of those districts. No non-operating district shall receive chapter 70 aid in an amount greater than the district's foundation budget. If there is a conflict between the language of this section and the distribution listed below, the distribution below shall control.

Notwithstanding any general or special law to the contrary, for fiscal year ending June 30, 2014, the commissioner of elementary and secondary education shall begin a 4-year phase in of equal increments to include health care costs for retired teachers as part of net school spending, as defined in section 2 of chapter 70 of the General Laws, for any district in which such costs were not considered part of net school spending in the fiscal year ending June 30, 1994. For fiscal year 2014, 1 quarter of such cost shall be included in calculating fulfillment of net school spending requirements; provided further, that in districts currently in level IV or level V status under the commonwealth's accountability and assistance system, the commissioner may delay or limit the inclusion of such costs in calculating net school spending until such time as their status is lowered to level III or below at which time the commissioner shall begin, or resume, a 4-year phase in of the remaining costs; and provided further, that during the 4-year phase in period authorized under this section, the commissioner may waive penalties associated with deficiencies in net school spending requirements up to an amount that can be attributed to non-inclusion of health care costs for retired teachers if the commissioner approves a schedule submitted by the district to meet such requirements no later than at the end of the 4-year phase in period.

No payments to cities, towns or counties maintaining an agricultural school pursuant to this section shall be made after November 30 of the fiscal year until the commissioner of revenue certifies acceptance of the prior fiscal year's annual financial reports submitted pursuant to section 43 of chapter 44 of the General Laws. Advance payments shall be made for some or all of periodic local reimbursement or assistance programs to any city, town, regional school district or independent agricultural and technical school that demonstrates an emergency cash shortfall, as certified by the commissioner of revenue and approved by the secretary of the executive office for administration and finance, pursuant to guidelines established by the secretary.

735 reporting of the pass-through entity, except to the extent that a taxpayer member or indirect
736 owner makes a declaration of inconsistency with its original return.

737 (b) The commissioner shall establish by regulation unified audit procedures. The
738 commissioner may audit, in a unified proceeding, a pass-through entity 1 or more of whose
739 members or indirect owners are subject to tax under chapters 62 or 63; provided, however, that
740 nothing in this section shall limit the ability of the commissioner to audit or assess individual
741 members or indirect owners with respect to items derived from a pass-through entity or the
742 ability of the commissioner to inspect books and records of a pass-through entity outside of a
743 unified audit procedure. The determination of pass-through entity items shall be binding on all
744 members and indirect owners participating in the unified audit procedure. For purposes of this
745 section, "members and indirect owners participating in the unified audit procedure" shall mean
746 all members and indirect owners of a pass-through entity subject to audit in a unified proceeding
747 under this section, other than members and indirect owners that elect not to participate in the

unified audit procedure under subsection (e). The regulations shall establish the types of pass-through entities subject to unified audit proceedings which may include, but shall not be limited to, partnerships and S corporations. The regulations shall also require the pass-through entity to designate a tax matters partner who may represent all the members and indirect owners participating in the unified proceeding. The authority of the tax matters partner in a unified audit procedure shall include, but not be limited to, the following on behalf of members and indirect owners participating in the unified audit procedure: (i) receiving tax notices; (ii) representing members and indirect owners during the unified audit procedure and in administrative appeals with the commissioner; (iii) entering into settlement agreements with the commissioner under section 37C with regard to pass-through entity items; and (iv) filing petitions with the appellate tax board and pursuing any subsequent judicial appeal with respect to a determination of pass-through entity items by the commissioner. So far as practicable, the commissioner's regulations shall be modeled on federal rules.

(c)(1) A unified audit procedure shall begin when the commissioner so notifies the tax matters partner. Except as otherwise provided, the commissioner shall begin a unified audit procedure and issue a notice of determination of pass-through entity items within 3 years after the later of the date on which the entity's return for the taxable year was either filed or required to be filed, taking extensions into account. The 3-year period shall be extended to the extent the statute of limitations for audit or assessment is extended under subsection (d). It shall be the responsibility of the tax matters partner to inform members and indirect owners of the pendency of the unified audit procedure. Such notice shall be provided in the manner and to the extent required in the partnership or other agreement governing the pass-through entity and its members and indirect owners. The failure of the tax matters partner to provide notice shall not affect the validity of the unified audit procedure with respect to all members and indirect owners participating in the unified audit procedure. The determination of pass-through entity items after the commencement of a unified audit procedure shall be made exclusively under the unified audit process which, except as specified in this section, shall supersede the assessment and abatement process otherwise applicable under this chapter to members and indirect owners with respect to pass-through entity items. If, in the course of a unified audit procedure, it appears to the commissioner that the statement of pass-through entity items on the entity's return will result in a tax liability of members and indirect owners that is different from the correct amount, the commissioner shall give notice of proposed adjustments to the tax matters partner and other members specified in regulations issued by the commissioner. Within 30 days after the notice, the tax matters partner or other members specified in regulations issued by the commissioner may request a conference with regard to proposed adjustments of pass-through entity items. After unified audit administrative proceedings are concluded, the commissioner shall issue a notice of determination of pass-through entity items to the tax matters partner. The tax matters partner or other members specified in regulations issued by the commissioner may petition the appellate tax board for review of the determination of pass-through entity items within 60 days after the determination has been sent to the tax matters partner. The appellate tax board shall have jurisdiction to decide petitions under this section and its decision shall be a final decision of the board for the purpose of the right to a judicial appeal.

(2) If no petition is filed with the appellate tax board as provided in this subsection, the determination of pass-through entity items shall become a final determination the day after the last date on which the pass-through entity may appeal the determination of pass-through entity

items. If a timely petition is filed with the appellate tax board, the determination of pass-through entity items shall become a final determination on the later of: (i) the date of the appellate tax board decision or subsequent final judicial decision; or (ii) the day after the date on which the right to any further appeal expires. After a final determination of pass-through entity items is made, the commissioner shall assess or abate members and indirect owners in accordance with the final determination. The commissioner shall not be required to issue a notice of intent to assess prior to assessment.

(d)(1) Except as provided in this subsection, the statute of limitations for the assessment of tax of a member or indirect owner with respect to a pass-through entity item or an item affected by a pass-through entity item for a taxable year to which pass-through entity items relate shall not expire before the later of: (i) the assessment period, including subsections (d) or (h) of section 26, applicable to the taxpayer member or indirect owner for tax periods to which pass-through entity items relate; or (ii) 1 year after the date the determination of pass-through entity items becomes a final determination under paragraph (2) of subsection (c).

(2) Subsections (d) and (h) of section 26 shall apply to returns filed by a pass-through entity. In such cases, the commissioner may conduct a unified audit of pass-through entity items and reach final determination of those items during such extended time periods as are consistent with those described in said subsections (d) and (h) of said section 26.

(3) The tax matters partner or other person authorized by a pass-through entity may enter into a written agreement with the commissioner following the procedures under section 27 to extend the statute of limitations for the conduct of a unified audit procedure and determination of pass-through entity items.

(4) A member or indirect owner participating in the unified audit procedure may, within 6 months after an assessment or abatement made after a final determination of pass-through entity items in accordance with paragraph (2) of subsection (d), challenge the computation of tax as it applies to that taxpayer by filing an application for abatement under section 37; provided, however, that the application shall be limited to computational matters on the member's or indirect owner's return attributable to pass-through entity items and shall not contest the underlying determination of the pass-through entity items.

(e) Members or indirect owners of a pass-through entity may elect not to participate in a unified audit procedure by providing notice to the commissioner in such time and manner as the commissioner may require. Members or indirect owners who elect not to participate in the unified audit procedure shall follow the procedures under section 26 for pre-assessment conferences and procedures under section 37 for abatement requests and appeals with respect to determining and disputing tax related to pass-through entity items; provided, however, that the statute of limitations for assessment of tax to members or indirect owners who have elected not to participate in the unified audit procedure with respect to pass-through entity items and affected items derived from a pass-through entity that is subject to a unified audit procedure shall not expire in any event sooner than the end of 1 year after the date the determination of pass-through entity items becomes a final determination under paragraph (2) of subsection (c).

advisory council, the report shall include an analysis of cost savings generated by use of the commonwealth's vaccine purchasing discount.

The commissioner shall annually provide surcharge payors notice of the assessment amount for the fund year not later than March 1.
