878 private funding or private sector participation the applicant anticipates in support of the proposal.

879 In reviewing the grant applications, the commission shall consider, among other factors:

882 affiliation of the particular provider to a health care delivery system and the capacity of the
883 system to provide financial support for the acute hospital; (ii) the anticipated return on

895 the commission.

896 (g) Funding for all approved interoperable health information technology projects
897 for qualified acute hospitals shall be prioritized from any available funds in the fund before any

899 (h) As a condition of an award, the commission may require a qualified hospital
900 to agree to an independent financial and operational audit to recommend steps to increase

902 (i) The commission shall develop guidelines for an annual review of the progress
903 being made by each grantee. Each grantee shall participate in any evaluation or accountability
