An Act relative to the maintenance of private roads, beaches and amenities in municipalities..

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1 Be it enacted by the Senate and House of Representatives in General Court assembled,  
2 and by the authority of the same, as follows:

3 SECTION 1: Chapter 84 of the General Laws shall be amended in section 12 by deleting  
4 the words, “private way or bridge” in the first line and replacing them with the words, “private  
5 way, bridge or other common amenity”.

6 SECTION 2: Chapter 84 of the General Laws shall be amended in section 12 by inserting  
7 at the beginning of said section the following:

8 For the purposes of sections 12 through 14 of this chapter, the following terms shall have  
9 the following meanings:

10 “Common amenity” shall mean private parks, buildings, recreational facilities, beaches  
11 and the like intended for the use by property owners in a private subdivision or area;

12 “Proprietor” as used in this chapter shall mean the “owner” of land abutting a private  
13 road and who has the right to use the private road to access his property;

14 “Rightful occupant” shall mean any person other than a proprietor with a lawful right to  
15 use a private road, bridge or other private amenity by easement, grant or implication.

16 “Private Road” shall mean a way, whether paved or unpaved, intended primarily for the  
17 use of vehicles and shall include any and all appurtenances to such roads or ways, bridges

18 and common amenities including but not limited to roadway rights of way, drainage, abutments,  
19 slopes, ramps and approaches and which are not maintained by a city or town.

20 “Servitude or Equitable servitude” for the purposes of section 12 to 14 of this chapter is  
21 an obligation of a proprietor or rightful occupant, whether such obligation is actual or implied, to  
22 participate financially or otherwise in the maintenance of private roads, bridges or other common  
23 amenities in a private subdivision.

24 SECTION 3: Said chapter 84 shall be further amended by adding after section 12, the  
25 following new section:

26 Section 12A: Notwithstanding any general or special law to the contrary, an obligation  
27 imposed by a recorded document or otherwise for property owners or occupants to be  
28 responsible for or to contribute financially or otherwise to the maintenance of roads, bridges,  
29 beaches or other common amenities within a private subdivision shall be deemed to have created  
30 an equitable servitude and not a condition or restriction.

31 An equitable servitude is created when real property is conveyed intending to create a  
32 servitude, or if the requirements of a servitude by necessity are met. The creation of a private  
33 road, bridge, other structure, or common amenities such as parks and beaches requiring  
34 maintenance within a private development shall be deemed to create a servitude for the  
35 maintenance of the private road, bridge, structure, or common amenities. Such servitudes and  
36 servitudes by necessity shall continue as long as the need for maintenance continues or as long as  
37 the road, bridge, structure or amenity remains private.

38 SECTION 4: Chapter 84 shall be further amended by adding after section 12A, the  
39 following new section:

40 Section 12B: a. Notwithstanding any law or special law to the contrary, the obligation of  
41 any person or entity, whose property abuts any private road or roads and bridges, and who has  
42 the right to access private roads, bridges, related beaches or other common amenities, or whose  
43 property does not abut such private roads, bridges, beaches and other common amenities but who  
44 has the use of such private roads, bridges, beaches, or other common amenities by grant or  
45 implication, to maintain or contribute to the maintenance of such roads, bridges, beaches or other  
46 common amenities shall continue as long as the privilege, right to use or benefit continues and as  
47 long as the road or roads, bridges and common amenities remain private regardless of whether  
48 any recorded covenants, conditions and restrictions affecting such subdivision, roads, bridges,  
49 beaches or other common amenities have expired.

50 b. The process for contribution, collection and maintenance of private roads bridges and  
51 other common amenities shall be as stated in any recorded document, relating thereto  
52 notwithstanding the fact that any conditions or restrictions imposed by said document have  
53 expired by the language of the document or by operation of law unless such process is amended

54 by majority vote of owners and occupants having such rights and obligations. Votes to amend  
55 the provisions for collection of funds, increase or decrease in assessments and maintenance of  
56 roads, bridges, beaches and other common amenities shall be as stated in the recorded document.

57 If there is no provision in such document for increasing or decreasing amounts to be paid  
58 in such document or there was no such document previously recorded, the proprietors and  
59 rightful occupants may call a meeting pursuant pursuant to the terms of the recorded document as  
60 properly amended, or if no such document was previously recorded, then pursuant to sections 12,  
61 13 and 14 of this chapter to determine those issues.

62 c. If no document has been recorded describing the process for determining such  
63 maintenance and contributions, proprietors and rightful occupants subject to a servitude shall  
64 have the power to create an association of property owners. Such an association may be created  
65 by using the provisions of sections 12, 13 and 14 of this chapter. Once an association has been  
66 created, all owners and rightful occupants subject to the servitude shall automatically become  
67 association members. The association shall establish and follow a formal process, described  
68 below, to determine by-laws, maintenance fees and other obligations. No proprietor or rightful  
69 occupant shall be required to pay any membership fee as a requirement to belonging to the  
70 association. Maintenance fees as determined by the association shall not be deemed to be  
71 membership fees.

72 The association shall have a board of directors consisting of three, five, or seven  
73 members. The directors shall be proprietors subject to a servitude, and shall be elected by  
74 majority vote of the proprietors and rightful occupants subject to the servitude. The directors  
75 shall serve a term to be determined by a meeting of proprietors and rightful occupants. The  
76 directors shall hold a general meeting at least once per year, wherein proprietors and rightful  
77 occupants belonging to the association may be heard. The directors shall reach decisions on by-  
78 laws of the association, maintenance, maintenance fees and other powers through a majority vote  
79 and such determinations shall be approved or disapproved by a majority of proprietors and  
80 rightful occupants at a meeting called for that purpose. Directors may call additional meetings as  
81 they deem necessary or at the request of three or more proprietors and rightful occupants. Notice  
82 of all meetings shall be mailed by first class mail, postage prepaid, or otherwise delivered to all  
83 reasonably known proprietors and rightful occupants at least fourteen days before the meeting.  
84 If the directors fail or refuse to call a meeting when required or when petitioned to do so by three  
85 or more proprietors and rightful occupants, proprietors and rightful occupants may convene such  
86 a meeting pursuant to section 12 of this chapter. Once an association has been created, any  
87 meeting of the proprietors and rightful occupants shall be governed by the by-laws and rules  
88 established by the association. No duly called meeting of the proprietors and rightful occupants  
89 shall be deemed invalid if reasonable efforts were made to notify all proprietors and rightful  
90 occupants who were reasonably known at the time the meeting notices were mailed or delivered.

91 An association shall have the power to do anything reasonably necessary to manage the  
92 roadways, bridges or other common amenities and administer the servitudes. Such powers shall

93 include the power to raise funds necessary to carry out the functions of the association, and the  
94 power to enforce rules and regulations. In addition to seeking court enforcement, the association  
95 may adopt reasonable rules and procedures to encourage compliance and deter violations,  
96 including the imposition of fines, penalties, late fees, and the withdrawal of privileges to use  
97 common recreational and social facilities. The association shall have the power to make  
98 substantial alterations, improvements, and additions to the common property. Funds may be  
99 raised by levying assessments against the individually owned property, and by charging fees for  
100 services or for the use the roads and common amenities by rightful occupants. Such fees must be  
101 reasonably related to the costs of the operation and maintenance of the roads, bridges and other  
102 amenities. An association shall have the power to manage, acquire, and improve common  
103 property. An association shall have the power to sue and be sued. Associations shall have the  
104 duty to act fairly towards its members and allow all members to participate in decisions. Actions  
105 to collect maintenance and other fees may be taken in the District Court in the district where the  
106 property subject to the servitude lies.

107           SECTION 5. This act shall take effect upon its passage.
