52 transportation assistance. The commissioner shall enter into a memorandum of understanding
53 with the community colleges to ensure coordinators execute the duties of this paragraph. Each
54 community college shall have at least 1 on-campus coordinator.

55 SECTION 5. Chapter 29 of the General Laws is hereby amended by inserting after
56 section 2KKKK the following section:-

57 2LLLL. (a) There is hereby established and set up on the books of the commonwealth a
58 separate fund to be known as the TAFDC Career Pathways Trust Fund, hereinafter referred to as
59 the fund, to which shall be credited any appropriations, bond proceeds or other monies
60 authorized by the general court and specifically designated to be credited thereto. Middlesex
61 Community College, hereinafter referred to as the college, shall hold the fund in an account or
62 accounts separate from other funds or accounts; provided, however, that the fund shall be
63 administered by the Massachusetts Community Colleges Executive Office. Appropriations
64 unexpended at the end of the fiscal year shall remain in the fund.

65 (b) The fund shall be used to provide and fund employment opportunities for students
66 enrolled full time in a certificate or two-year associate's degree program at any community
67 college who receive cash assistance under transitional aid to families with dependent children.

68 (c) Funds shall be expended to reimburse or pay students receiving cash assistance under
69 transitional aid to families with dependent children and enrolled full time in a certificate or two-
70 year associate's degree program at any community college, provided students may continue to
71 qualify for reimbursement or payment for up to 3 months after the student's cash assistance
72 under transitional aid to families with dependent children expires if the student is still
73 matriculated.

74 (d) Funds expended shall, to the greatest extent feasible, be for jobs at an off-campus
75 community service placement as defined in subsection (f), at the college the student attends, or
76 that provide career development opportunities.

77 (e) The share from funds distributed shall not exceed 80 percent of the total compensation
78 paid to students, with the exception of off-campus community service placements as defined in
79 subsection (f). Employers shall pay the costs of any employee benefits including all payments
80 due as an employer's contribution under the state workman's compensation laws, federal Social
81 Security laws, and other applicable laws. The federal work-study program shall not be used to
82 provide the employer's share of student compensation.

83 (f) An off-campus community service placement shall include direct service planning,
84 career development or applied research that is designed to improve the quality of life for
85 residents of the community served, particularly low-income residents, in such fields as health
86 care, child care, education, literacy training, welfare, social services, public safety, crime
87 prevention and control, transportation, recreation, housing and neighborhood improvement, rural
88 development, and community improvement. Placements shall be identified by the college
89 through formal or informal consultation with local nonprofit, governmental, and community-
90 based organizations.

91 The placement shall not be at an organization for whom a substantial portion of its
92 mission is political activities, including but not limited to electing candidates, influencing ballot
93 questions, and raising money for political campaigns.

94 (g) Students shall be paid the rate of pay as compared to entry-level salaries and wages
95 provided other employees engaged in similar work, provided total applicant resources shall be

96 considered to ensure to the maximum extent feasible that students may remain qualified for other
97 federal and state public assistance programs. The office may make reasonable adjustments to
98 salaries and wages to maximize a student's participation in other federal and state public
99 assistance programs.

100 (h) Funds shall not be expended under the program to compensate students for hours
101 worked in excess of an average of 20 hours per week over the period of enrollment or 40 hours
102 per week during vacation period. A student shall not be concurrently employed in the same
103 position by the fund and the federal work-study program and exceed the 20 hours per week
104 average.

105 (i) Students may receive academic credit for work experience gained through fund jobs.

106 (j) Students who fail to remain on target to graduate or earn a certificate in the regular
107 duration of a full-time student may no longer be eligible for monies from the fund, subject to the
108 discretion of the commissioner.

109 (k) Monies received from the Massachusetts TAFDC Career Pathways Trust Fund
110 established in Section 2LLLL of chapter 29 of the General Laws shall not count against a
111 recipient's income, assets, or any other eligibility standard in qualifying for cash assistance
112 benefits.

113 (l) The college and the board of higher education, hereinafter referred to as the board,
114 shall enter a memorandum of understanding to ensure that funds are properly expended and
115 disbursed. The college shall enter into agreements with employers, community colleges, the
116 department of transitional assistance, and others for the operation of the fund. These agreements

117 shall include such provisions as the office may deem necessary or appropriate to carry out the
118 purposes of this section. These agreements shall be made available to the board upon request.
