SECTION 5. Said chapter 138 is hereby amended after Section 15F by inserting the following additional section:-

Section 15G. Notwithstanding any other provision of chapter 138, in any city or town wherein the granting of licenses to sell beer is authorized under this chapter, the local licensing authority may issue to an applicant authorized to operate a farmer-brewery under section 19C or in any other state a special license for the sale of beer produced by or for the licensee in sealed bottles for off-premise consumption at an indoor or outdoor agricultural event, provided that such producer does not exceed six million barrels of malt beverages. All sales of beer shall be conducted by an agent, representative, or solicitor of the licensee to customers who are at least 21 years of age. A licensee under this section may provide, without charge, samples of beer to prospective customers at an indoor or outdoor agricultural event. All samples of beer shall be served by an agent, representative, or solicitor of the licensee to individuals who are at least 21 years of age and all samples shall be consumed in the presence of such agent, representative, or solicitor of the licensee; provided, however, that no sample shall exceed one (1) ounce of beer and no more than 5 samples shall be served to an individual prospective customer. For the purposes of this section, the term “agricultural event” shall be limited to those events certified by the department of agricultural resources as set forth in this section.

An applicant for a special license under this section shall first submit a plan to the department of agricultural resources that shall demonstrate that the event is an agricultural event.

32 The plan shall include a description of the event, the date, time and location of the event, a copy  
33 of the operational guidelines or rules for the event, written approval that the prospective licensee  
34 has been approved as a vendor at the event, including the name and contact information of the  
35 on-site manager, and a plan depicting the premises and the specific location where the license  
36 will be exercised.

37         Upon review of the plan, the department may certify that the event is an agricultural  
38 event; provided, however, that in making that determination the department shall consider the  
39 following factors: (i) operation as a farmers' market or agricultural fair approved or inspected by  
40 the department; (ii) frequency and regularity of the event, including dates, times and locations;  
41 (iii) number of vendors; (iv) terms of vendor agreements; (v) presence of an on-site manager;

44 or produced within the market area; (ix) types of shows or exhibits, including those which are  
45 described in clause (f) of the first paragraph of section 2 of chapter 128; and (xi) sponsorship or  
46 operation by an agricultural or horticultural society organized under the laws of the  
47 commonwealth, or by a local grange organization and/or association whose primary purpose is  
48 the promotion of agriculture and its allied industries. The department of agricultural resources  
49 may promulgate rules and regulations necessary for the operation, oversight, approval, and  
50 inspection of agricultural events under this section.

51         An applicant for a license under this section shall file with the local licensing authority  
52 along with its application proof of certification from the department of agricultural resources that  
53 the event is an agricultural event. A special license under this section shall designate the specific  
54 premises, and dates and times covered. A special license may be granted for an indoor or outdoor

agricultural event which takes place on multiple dates and/or times during a single calendar year but no special license shall be granted for an agricultural event that will not take place within 1 calendar year. The special license shall be displayed conspicuously by the licensee at the licensed premises. A copy of a special license granted by the local licensing authority shall be submitted by the authority to the commission at least 7 days prior to the date the agricultural event is first scheduled to begin. The local licensing authority may charge a fee for each special license granted, but such fee shall not exceed fifty \$50. A special license granted under this section shall be nontransferable to any other person, corporation, or organization and shall be clearly marked nontransferable on its face.

The commission may promulgate rules and regulations it deems appropriate to effectuate the purposes of this section.

There shall be established an advisory committee to consist of 12 members, 1 of whom shall be a representative of the Massachusetts Brewers Guild; 1 of whom shall be a representative of the Massachusetts Alcoholic Beverages Control Commission; 1 of whom shall be the commissioner of the department of agricultural resources, or a designee, who shall serve as chair of the advisory committee; 2 of whom shall be the chairs of the joint committee on environment, natural resources and agricultural, or their designees; 2 of whom shall be the chairs of the joint committee on economic development and emerging technologies, or their designees; 1 of whom shall be a representative of the Massachusetts Farm Bureau Federation; 1 of whom shall be a representative of the Federation of Massachusetts Farmers Markets; and 3 of whom shall be representatives of licensed farmer-breweries under section 19C of said chapter 138. development of the state's domestic farms as well as the production and use of locally grown ingredients for beer. This shall result in the recommendation of regulatory or legislative changes, which may include but not be limited to standard requirements or goals for farmer-breweries related to the growth of locally grown ingredients and the amount of barrel production. The advisory committee shall also conduct a comprehensive review and evaluation of the production of and ingredients used by existing farm-breweries throughout the Commonwealth.
