(c ) For each article of food sold from a vending machine that does not permit a purchaser to examine the Nutrition Facts Panel, as provided for in federal law before purchasing the article, or does not otherwise provide visible nutrition information at the point of purchase, a vendor or non-RSA vendor shall provide a sign in close proximity to each article of food or the selection button that includes a clear and conspicuous statement disclosing the number of calories contained in the article. This subsection requires that calorie information is posted for each food item, as packaged. Vendors and non-RSA vendors shall also align product labeling in conformity with federal law, as amended from time to time for vending machines.

(d) (1) Until such time as either a non-RSA vendor or a vendor meets the requirements of clause (v) of paragraphs (3) and (4), a vending machine for beverages shall comply with the following product placement: (i) water, including carbonated water without added caloric sweetener, shall be stocked in at least 2 slots or selection buttons per machine and shall be placed at eye level, in the highest selling position or promoted on the most prominent selection button; and (ii) beverages with added caloric sweeteners shall be placed farthest from eye level, or in the lowest selling position.

(2) Until such time as either a non-RSA vendor or a vendor meets the requirements of paragraphs (3) and (4), a vending machine for foods shall comply with the following product placement: (1) fruit, nuts, seeds or whole grain as a first ingredient food shall be placed at eye level, in the highest selling position or in the most prominent selection button; and (2) foods not meeting the nutritional standard in paragraph (2) of subsection (b) shall be placed farthest from eye level, or in the lowest selling position.

(3) A non-RSA vendor may meet the requirements in subsection (b) by: (i) offering 20 per cent of the food or beverages in a vending machine that meet nutritional standards by January 1, 2017; (ii) offering 40 per cent of the food or beverages required to meet nutritional standards by January 1, 2018; (iii) offering 60 per cent of the food or beverages required to meet nutritional standards by January 1, 2019; (iv) offering 80 per cent of the food or beverages required to meet nutritional standards by January 1, 2020; and (v) offering 100 per cent of the food or beverages required to meet accepted nutritional standards by January 1, 2021 and thereafter.

(4) A vendor licensed by the state licensing agency pursuant to sections 133A to 133F, inclusive, of chapter 6 may meet the requirements in subsection (b) by: (i) offering 10 per cent of the food or beverages in a vending machine that meet nutritional standards by January 1, 2017; (ii) offering 30 per cent of the food or beverages required to meet nutritional standards by January 1, 2018; (iii) offering 50 per cent of the food or beverages required to meet nutritional standards by January 1, 2019; (iv) offering 70 per cent of the food or beverages required to meet nutritional standards by January 1, 2020; and (v) offering 100 per cent of the food or beverages required to meet accepted nutritional standards by January 1, 2022 and thereafter.

(d) Five years after enactment of this act and every 5 years thereafter, the department shall review, and if necessary, revise and update the nutritional standards set forth subsections (b) and (c) to reflect advancements in nutrition science, dietary data, and new product availability.

(e) To assist in the implementation of the nutritional standards set forth in this section, the department shall designate an appropriate position within the department to disseminate information and train staff on the nutritional standards to ensure compliance. The designated

position shall monitor compliance and report back to the department every year on the status of implementation. The annual report shall include: an assessment of compliance with the nutritional standards; a list of successes, challenges, and barriers experienced in implementation; and recommendations for improvement of the nutritional standards and compliance.

(g) The department shall take the following actions:

(1) contact current vendors and non-RSA vendors and request that they transition to food and beverage items that comply with the nutritional standards within 6 months of enactment;

(2) require future procurement or vending contracts to include a provision stipulating that all food and beverage items will meet the nutritional standards; and

(3) make the final decision as to whether products to be vended meet the nutritional standards.

(4) Any vendor or non-RSA vendor who is found to be in noncompliance shall be subject to termination of contract within any state facility or on state property.

(i) Nothing in this section shall be construed to require a state agency, institute, property, administrator, or manager to place vending machines on government property.
