The Commonwealth of Massachusetts

In the One Hundred and Eighty-Ninth General Court
(2015-2016)

An Act to promote sales tax fairness for main street retailers.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

1 SECTION 1: Section 1 of Chapter 64H of the General Laws, as so appearing, is hereby
2 amended by striking it out in its entirety and inserting in its place the following new section 1:

3 As used in this chapter and chapter 64I the following words shall have the following
4 meanings:

5 "Alcoholic Beverages" means beverages that are suitable for human consumption and
6 contain one-half of one percent or more of alcohol by volume.

7 "Bundled transaction" is the retail sale of two or more products, except real property and
8 services to real property, where (1) the products are otherwise distinct and identifiable, and (2)
9 the products are sold for one non-itemized price. A "bundled transaction" does not include the

sale of any products in which the "sales price" varies, or is negotiable, based on the selection by the purchaser of the products included in the transaction.

(A) "Distinct and identifiable products" does not include:

1. Packaging - such as containers, boxes, sacks, bags, and bottles or other materials such as wrapping, labels, tags, and instruction guides that accompany the "retail sale" of the products and are incidental or immaterial to the "retail sale" thereof. Examples of packaging that are incidental or immaterial include grocery sacks, shoeboxes, dry cleaning garment bags and express delivery envelopes and boxes.

2. A product provided free of charge with the required purchase of another product. A product is "provided free of charge" if the "sales price" of the product purchased does not vary depending on the inclusion of the product "provided free of charge."

3. Items included in the definition of "sales price" in G.L. c. 64H, § 1.

(B) The term "one non-itemized price" does not include a price that is separately identified by product on binding sales or other supporting sales-related documentation made available to the customer in paper or electronic form including, but not limited to an invoice, bill of sale, receipt, contract, service agreement, lease agreement, periodic notice of rates and services, rate card, or price list.

(C) A transaction that otherwise meets the definition of a "bundled transaction" as defined above, is not a "bundled transaction" if it is:

(1) The "retail sale" of tangible personal property and a service where the tangible personal property is essential to the use of the service, and is provided exclusively in connection with the service, and the true object of the transaction is the service; or

(2) The "retail sale" of services where one service is provided that is essential to the use or receipt of a second service and the first service is provided exclusively in connection with the second service and the true object of the transaction is the second service; or

(3) A transaction that includes taxable products and nontaxable products and the "purchase price" or "sales price" of the taxable products is de minimis.

(a) De minimis means the seller's "purchase price" or "sales price" of the taxable products is ten percent (10%) or less of the total "purchase price" or "sales price" of the bundled products.

(b) Sellers shall use either the "purchase price" or the "sales price" of the products to determine if the taxable products are de minimis. Sellers may not use a combination of the "purchase price" and "sales price" of the products to determine if the taxable products are de minimis.

(c) Sellers shall use the full term of a service contract to determine if the taxable products are de minimis; or

(4) The "retail sale" of exempt tangible personal property and taxable tangible personal property where:

(a) The transaction includes "food and food ingredients", "drugs", "durable medical equipment", "mobility enhancing equipment", "over-the-counter drugs", "prosthetic devices" as defined in G.L. c. 64H, § 1, or medical supplies; and

(b) Where the seller's "purchase price" or "sales price" of the taxable tangible personal property is fifty percent (50%) or less of the total "purchase price" or "sales price" of the bundled tangible personal property. Sellers may not use a combination of the "purchase price" and "sales price" of the tangible personal property when making the fifty percent (50%) determination for a transaction.

The term "delivery charges" does not include "delivery charges" for "direct mail."

If a shipment includes exempt property and taxable property, the seller should allocate the delivery charge by using:

A. A percentage based on the total sales prices of the taxable property compared to the total sales prices of all property in the shipment; or

B. A percentage based on the total weight of the taxable property compared to the total weight of all property in the shipment.

The seller must tax the percentage of the delivery charge allocated to the taxable property but does not have to tax the percentage allocated to the exempt property.

SECTION 1B. General Sourcing Rules.

(a) The provisions of this section apply regardless of the characterization of a product as tangible personal property, a digital good, or a service. The provisions of this section only apply to determine a seller's obligation to pay or collect and remit a sales or use tax with respect to the seller's retail sale of a product under this chapter and chapter sixty-four I. These provisions do not affect the obligation of a purchaser or lessee to remit tax on the use of the product to the taxing jurisdictions of that use. The provisions of this section also apply to watercraft, motor vehicles, trailers, and semi-trailers. The provisions of this section do not apply to (i) direct mail, (ii) telecommunications services, except prepaid calling services and prepaid wireless calling services, and (iii) ancillary services. So called wire sales by florists, that is orders taken by a florist in the commonwealth and filled by another florist in another state, are sourced to the business location of the florist in the commonwealth in accordance with (b)(1) of this section.

(b) The retail sale, excluding lease or rental, of a product shall be sourced as follows:

510 (1) When the product is received by the purchaser at a business location of the seller, the
511 sale is sourced to that business location.

512 (2) When the product is not received by the purchaser at a business location of the seller,
513 the sale is sourced to the location where receipt by the purchaser (or the purchaser's donee,
514 designated as such by the purchaser) occurs, including the location indicated by instructions for
515 delivery to the purchaser or donee, known to the seller.

516 (3) When paragraphs (1) and (2) of subsection (b) do not apply, the sale is sourced to the
517 location indicated by an address for the purchaser that is available from the business records of
518 the seller that are maintained in the ordinary course of the seller's business when use of this
519 address does not constitute bad faith.

520 (4) When paragraphs (1), (2) and (3) of subsection (b) do not apply, the sale is sourced to
521 the location indicated by an address for the purchaser obtained during the consummation of the
522 sale, including the address of a purchaser's payment instrument, if no other address is available,
523 when use of this address does not constitute bad faith.

524 (5) When none of the provisions of paragraphs (1), (2), (3) or (4) of subsection (b) apply,
525 including the circumstance in which the seller is without sufficient information to apply the
526 provisions of paragraphs (1), (2), (3) or (4) of subsection (b), then the location will be
527 determined by the address from which the tangible personal property was shipped, from which
528 the digital good or the computer software delivered electronically was first available for
529 transmission by the seller, or from which the service was provided (disregarding for these
530 purposes any location that merely provided the digital transfer of the product sold).

(c) The lease or rental of tangible personal property, other than the property identified in subsection (d) or (e) shall be sourced as follows:

(1) For a lease or rental that required recurring periodic payments, the first periodic payment is sourced the same as a retail sale in accordance with the provisions of subsection (b). Periodic payments made subsequent to the first payment are sourced to the primary property location for each period covered by the payment. The primary property location shall be as indicated by an address for the property provided by the lessee that is available to the lessor from its records maintained in the ordinary course of business, when use of this address does not constitute bad faith. The property location shall not be altered by intermittent use at different locations, such as use of business property that accompanies employees on business trips and service calls.

(2) For a lease or rental that does not require recurring periodic payments, the payment is sourced the same as a retail sale in accordance with the provisions of subsection (b).

(3) Subsection (c) does not affect the imposition or computation of sales or use tax on leases or rentals based on a lump sum or accelerated basis, or on the acquisition of property for lease.

(d) The lease or rental of motor vehicles, trailers or semi-trailers that do not qualify as transportation equipment, as defined in subsection (e), shall be sourced as follows:

(1) For a lease or rental that requires recurring payments, each periodic payment is sourced to the primary property location. The primary property location shall be as indicated by an address for the property provided by the lessee that is available to the lessor from its records

maintained in the ordinary course of business, when use of this address does not constitute bad faith. This location shall not be altered by intermittent use at different locations.

(2) For a lease or rental that does not require recurring periodic payments, the payment is sourced the same as a retail sale in accordance with the provisions of subsection (b).

(3) Subsection (d) does not affect the imposition or computation of sales or use tax on leases or rentals based on a lump sum or accelerated basis, or on the acquisition of property for lease.

(e) The retail sale, including lease or rental, of transportation equipment shall be sourced the same as a retail sale in accordance with the provisions of subsection (b), notwithstanding the exclusion of lease or rental in subsection (b). "Transportation equipment" means any of the following:

(1) locomotives and railcars that are utilized for the carriage of persons or property in interstate commerce;

(2) trucks and truck-tractors with a Gross Vehicle Weight Rating (GVWR) of 10,001 pounds or greater, trailers, semi-trailers, or passenger buses that are registered through the International Registration Plan and operated under authority of a carrier authorized and certificated by the United States Department of Transportation or other federal authority to engage in the carriage of persons or property in interstate commerce;

(3) aircraft that are operated by air carriers authorized and certificated by the U.S. Department of Transportation or another federal or foreign authority to engage in the carriage of persons or property in interstate or foreign commerce.

(4) containers designed for use on and component parts attached or secured on the items set forth in this subsection.

(f) For purposes of subsection (b), the terms “receive” and “receipt” mean: taking possession of tangible personal property, or making first use of services, or taking possession or making first use of digital goods, whichever comes first. The terms “receive” and “receipt” do not include possession by a shipping company on behalf of the purchaser.

SECTION 1C. Direct Mail Sourcing Rules.

(a) Notwithstanding section 1B, a purchaser of direct mail that is not a holder of a direct mail pay permit shall provide to the seller in conjunction with the purchase either a Direct Mail Form or information to show the jurisdiction to which the direct mail is delivered to recipients.

1. Upon receipt of the Direct Mail Form, the seller is relieved of all obligations to collect, pay, or remit the applicable tax and the purchaser is obligated to pay or remit the applicable tax on a direct pay basis. A Direct Mail Form shall remain in effect for all future sales of direct mail by the seller to the purchaser until it is revoked in writing.

2. Upon receipt of information from the purchaser showing the jurisdictions to which the direct mail is delivered to recipients, the seller shall collect the tax according to the delivery information provided by the purchaser. In the absence of bad faith, the seller is relieved of any further obligation to collect tax on any transaction where the seller has collected tax pursuant to the delivery information provided by the purchaser.

(b) If the purchaser of direct mail does not have a direct pay permit and does not provide the seller with either a Direct Mail Form or delivery information, as required by

subsection (a) of this section, the seller shall collect the tax according to section 1B, subsection (a) 5. Nothing in this paragraph shall limit the purchaser's obligation for sales or use tax to any state to which the direct mail is delivered.

(c) If a purchaser of direct mail provides the seller with documentation of direct pay authority, the purchaser shall not be required to provide a Direct Mail Form or delivery information

SECTION 1D. Telecommunications and Related Services Sourcing Rules.

(a) Except for the defined telecommunication services in subsection (c), the sale of telecommunications services sold on a call by call basis shall be sourced to (i) each level of taxing jurisdiction where the call originates and terminates in that jurisdiction or (ii) each level of taxing jurisdiction where the call either originates or terminates and in which the services address is also located.

2. A sale of post-paid calling service is sourced to the origination point of the telecommunications signal as first identified by either (i) the seller's telecommunications system, or (ii) information received by the seller from its service provider, where the system used to transport such signals is not that of the seller.

3. A sale of prepaid calling service or a sale of a prepaid wireless calling service is sourced in accordance with section 1B of this chapter. Provided however, in the case of a sale of prepaid wireless calling service, the rule provided in section 1B, subsection (b)(5) shall include as an option the location associated with the mobile telephone number.

3. If the location in section (O)(1) and subsection (O)(2) are not known, the service address means the location of the customer's place of primary use.

857 (2) the seller solicits purchasers to participate in the unlawful claim of an exemption,

858 or

859 (3) a seller physically located within the commonwealth accepts an exemption
860 certificate that claims an entity based exemption not contained in this chapter in a transaction
861 involving a product received by the purchaser at a business location of the seller.

862 (c) The certificate of exemption shall bear the name and address of the purchaser and
863 the purchaser's tax identification number or other identification number. If the certificate of

864 exemption is submitted in paper form by the purchaser, it shall bear the purchaser's signature.
865 The certificate shall be in such form as the commissioner may prescribe or that has been
866 approved by the Streamlined Sales Tax Governing Board.

867 (d) If a purchaser who gives a certificate of exemption indicating that the purchase
868 was for resale in the regular course of business makes any use of the service or property other
869 than retention, demonstration or display while holding it for sale in the regular course of
870 business, the use shall be deemed a retail sale by the purchaser as of the time the service or
871 property is first used by him, and the cost of the service or property to him shall be deemed the
872 gross receipts from such retail sale. If the sole use of the property other than retention,
873 demonstration or display in the regular course of business is the rental of the property while
874 holding it for sale, the purchaser may elect to include in its gross receipts the amount of the
875 rental charge rather than the cost of the property to him.

876 (e) If a purchaser who gives a certificate of exemption makes any use of the property
877 inconsistent with the exemption claimed on the certificate, the use shall be deemed a retail sale
878 by the purchaser as of the time the property is first so used and the cost of the property to the
879 purchaser shall be deemed the gross receipts from such retail sale.

880 (f) A seller may obtain a blanket exemption certificate from a purchaser with which
881 the seller has a recurring business relationship and will be relieved of liability as otherwise
882 provided in this section. For purposes of this section a recurring business relationship exists
883 when a period of no more than twelve months elapses between sales transactions.

884 (g) For purposes of this section, a certificate of exemption may be either in paper or
885 electronic format. The requirement of taking a certificate is satisfied if the seller otherwise

captures all required data elements of such a certificate in its books and records. The commissioner may promulgate rules and regulations determining which services shall be deemed purchased for resale under this section.

SECTION 10: Chapter 64H of the General Laws, as so appearing, is hereby is amended by adding after Section 8, the following new section 8A:

8A. Relief from Liability

A. The commissioner shall publish a taxability matrix in the form and manner prescribed by the Streamlined Sales Tax Governing Board, Inc. and shall relieve sellers and certified service providers from liability for having charged and collected the incorrect amount of sales or use tax resulting from the seller or certified service provider relying on erroneous data provided in the taxability matrix.

B. A purchaser is relieved from liability for having failed to pay the correct amount of sales or use tax in the following circumstances:

1. A purchaser's seller or CSP relied on erroneous data provided by the commissioner in the taxability matrix;

2. A purchaser holding a direct pay permit relied on erroneous data provided by the commissioner in the taxability matrix;

3. A purchaser relied on erroneous data provided by the commissioner in the taxability matrix.

For purposes of this section, erroneous data is limited to incorrect classification in the taxability matrix of defined products as taxable or exempt, included or excluded from sales price,

or included or excluded from a defined product. For purposes of this section, relief from liability includes liability for tax, interest and penalty.

C. Following certification to the Streamlined Sales Tax Governing Board that the commissioner has reviewed the taxability of the product categories contained in software used by a Certified Service Provider or a Certified Automated System, the Certified Service Provider or seller using the Certified Automated System is relieved from liability for not collecting sales or use taxes resulting from reliance on that certification. The relief from liability provided in this section shall not be available where the Certified Service Provider or seller using a Certified Automated System has incorrectly classified an item or transaction into a product category certified by the commissioner. In the case of such a misclassification, the Certified Service Provider or seller using a Certified Automated System shall be given 10 days to correct any such error, and following that 10 day period, will be liable for the failure to collect the correct amount of sales or use taxes.

In the case of a rescission of contract for the sale of a motor vehicle, the seller's

established handling fees may include a reasonable allowance for the purchaser's use of the vehicle.

SECTION 12: Section 33 of Chapter 64H of the General Laws, as so appearing, is hereby amended by striking the section in its entirety and replacing it with the following:

Section 33: Bad Debts. Any seller who has paid to the commissioner an excise under this chapter upon a sale for which credit is given to the purchaser and such account is later determined to be a bad debt may deduct the amount of the bad debt on the return for the period during which the bad debt is written off as uncollectable in the seller's books and records and is eligible to be deducted for federal income tax purposes, whether or not the seller is required to file a federal income tax return. For purposes of this section, (1) a seller entitled to a deduction does not include an assignee or factor of such seller and (2) bad debt shall have the same meaning as in 26 U.S.C. 166, but excluding financing charges or interest, sales or use taxes charged on the purchase price, uncollectable amounts on property that remain in the possession of the seller until the full purchase price is paid, expenses incurred in attempting to collect any debt, and repossessed property. If a seller takes a deduction for a bad debt as provided in this section and the debt is subsequently collected in whole or in part, the tax on the amount so collected must be paid and reported on the return filed for the period in which the collection is made. For purposes of reporting a payment received on a previously claimed bad debt, any payments made on a debt or account shall be applied first proportionately to the taxable sales price and tax and second to interest, service charges, and any other charges. If a bad debt exceeds the amount of taxable sales for the period during which the bad debt is written off, an application for abatement may be filed within the time limitations of G.L. c. 62C, § 37, provided however that notwithstanding any provisions of G.L. c. 62C, § 37 to the contrary, the three year

time limitation shall be measured from the due date of the return on which the bad debt could first be claimed. Where a seller has elected to utilize a Certified Service Provider, the Certified Service Provider may claim, on behalf of the seller any bad debt allowance provided by this section, provided that the Certified Service Provider credits or refunds the full amount of any bad debt allowance or refund to the seller. In situations where the books and records of the seller support an allocation of the bad debts among member states of the Streamlined Sales Tax Governing Board, such an allocation is permitted.

Such demand must contain sufficient information to allow the seller to determine the validity of the request.

(b) In connection with a customer's request for a return of overpaid sales taxes, a seller shall be presumed to have a reasonable business practice if in the collection of sales taxes the seller (i) uses either a provider or system, including a proprietary system, certified by the commonwealth or the Streamlined Sales Tax Governing Board; and (ii) has remitted to the commonwealth all taxes collected, less any deductions, credits, or collection allowances permitted under this chapter.

Where a certificate is not obtained within the foregoing time limit the seller is not relieved of its burden of proving that the sale was exempt or for resale and the seller must prove by other means, within one hundred twenty days subsequent to the date of notice from the commissioner, that the sale was not a retail sale subject to tax or produce a fully completed exemption certificate from the purchaser taken in good faith.
